THE ADVANCE.
(Published every Thursday morning.)
A. R. Fawcett, — Editor.

Tit-Bits.

Consisting of Local and Other Interesting Items gathered by The Advance Reporters.

—Squire Armstrong and wife were visiting friends in Toronto and Hamilton last week.

—An order of the White Cross—in connection with our Flesherton Council of Royal Templars of Temperance—is to be organized shortly.

—Flesherton cheese factory recommenced operations for the season on Monday last, 17th inst. Dundalk factory opened same day.

—The Boyles family attend all the concerts going, and do not forget to drop in on their neighbors for tea occasionally.

—Mr. F. T. Carr left for Toronto last Saturday evening, with the possibility of continuing his journey westward as far as the Pacific slopes.

—We regret most sincerely to learn that our esteemed citizen, Mr. Wm. Colquett, is suffering from a severe attack of inflamation of the lungs.

—Court of Revision, Township of Artemesia, will be held in the Town Hall, Flesherton, at 10 o'clock a. m. on Monday, June 7th.

—We have been obliged to leave over "Markdale Items," "Feversham Items," and other matter, which came to hand too late for insertion in current issue.

—Court of Revision, Township of Osprey, will be held in the Orange Hall, Maxwell, on Friday, May 28th, at 10 o'clock in the forenoon. See notice in "New Advertisement" column.

—Mrs. Dr. Carbert left for Toronto on Wednesday evening of last week. Her husband, Dr. Carbert, will shortly commence the practice of his profession in the city of Grand Rapids, Mich., U. S.

—Mr. Geo. Glassford and his energetic assistants have made a most excellent job in the cutting on Collingwood street. The job was performed within a remarkably short space of time.

Attention is directed to the advertisement in another column of Mr. Donald McKenzie's pedigreed Durham Bull, "Dauntless." This is a very fine animal, and stock raisers will do well to see him before placing their cows elsewhere.

—The Shelburne *Free Press* says it has been informed that "the fall wheat in the surrounding townships was badly damaged by the late rains." Also, that on the high ground a good deal of the wheat was killed by frost.

—The thorough-bred Durham Bull, "Gray Champion," will stand this season for service on Lot 142, Artemesia. Charge, $1.00; a reduction to any one sending over four cows. RODGER LEVER, proprietor.

—I cannot buy Watches, Clocks, or 18k. rings any less than other Jewelers, but I honestly advertise to sell closer, and the public can prove this by calling to see my fine stock and get prices. W. A. Brown, Jeweler, Markdale, Ont.

—Angus Plewes, eldest son of Mr. J. S. Plewes, of the Shelburne Roller Mills, died in Toronto on the 7th inst., aged 16 years. The remains were brought by train to Shelburne and interred in the cemetery there. The funeral was very largely attended.

—Mr. E. Vanzant, our famous marble man, has secured the contract for erecting the monument to the memory of the late Squire Kerr, of Euphrasia. The monument is to be of solid granite, over 20 feet in height, and will cost $1000.

—The members of Flesherton Lodge, A. O. U. W., No 142, were entertained in a most pleasing manner last Monday evening by Mr. Wm. Irwin, Principal of the Flesherton Public Schools, and his good lady. Of course our genial friend, Rev. Mr. Ayers, was there. The refreshments were par excellent.

—Phoebe and Norman attended a recent practice of Queen Esther. When asked how or why they came, Phoebe promptly replied, "By special request." Spring and other kinds of poetry are often published by the long-suffering editor "by special request," but that doesn't render it any the more palatable or agreeable to the public.

—Peter Negonijijig was on Thursday last married to Veronique Tehkummah. The numerous friends of both parties have ever since been showering congratulations on the couple.—Manitoulin Expositor. Shake Peter, and give our regards to Mrs. Peter Veronique Tehkummah Negonijijig— and may you dance many ji-jigs together.—*Collingwood Enterprise.*

—Mr. Dougal Currie, an old resident of this section, and a pioneer settler of Collingwood Township, departed this life on Friday morning of last week. Mr. Currie was well known to most people in this part of the country, and his quiet gentlemanly demeanor, and his many sterling qualities of head and heart earned for him the respect and friendship of the public. He was not a very old man, and his death is deeply regretted.—*Collingwood Enterprise.*

—We are pleased to observe that our young friend, Mr. Will Wright, passed his primary examinations at the Toronto School of Medicine with flying colors—his name appeared well up in the list of successful students, in last weeks daily papers. Mr. Wright is gaining practical information, in connection with his study of the noble science, with Dr. Christoe, until the summer term, when he will again resume his connection with the School of medicine.

—"The Farmer's Friend," the property of Messrs H. & A. Kennedy, Artemesia, is an excellent General Purpose Stallion. "Farmer's Friend" was awarded 1st prize at East Grey Spring Show, held in Flesherton this year, also first prize at the Maxwell Spring Show. "Farmer's Glory," "Imported England's Glory," "Hard Fortune," "Matchum," and other equally famous horses are ancestors of Messrs. Kennedy's "Farmer's Friend," who is likely to make a big season.

—A second party of 500 boys (ages 8 to 16), is expected to leave Dr. Barnardo's Training Homes, London and Worcestershire, England, early in June, and will arrive in Peterborough towards the end of the month. ☞ Applications for these boys will be dealt with in the order in which they are sent in and completed, and should be made early so that all arrangements may be made to forward them on arrival. All communications to be sent to Mr. Edward Duff, Superintendent, Dr. Barnardo's Distributing Home, Peterborough, Ont.

The New License Act.

The new license Act which comes into force on May 1st contains some new and striking provisions. A light in a bar-room during prohibited hours shall, under the Act, be deemed prima facie evidence of the sale of liquor; also any proprietor allowing persons to frequent his bar-room during prohibited hours shall be deemed guilty of an infringement of the act. Persons, not inmates of the house, found in bar-rooms are liable to a fine of not more than $10, or less than $2 for each offence. It also becomes a punishable offence for a dealer to dispose of liquor to any person who sells illegally. Any holder of a beer and light wine license convicted of selling shall be disqualified from holding a license for the succeding year. Any municipal council has a right to pass a by-law prohibiting shopkeepers who hold licenses from selling anything else but liquor.

Markdale.

To the Editor of The Advance.

Dear Sir,—In the last issue of the Markdale *Standard* appeared an item referring to the accident which happened to Alfred Moffatt on Good Friday. Any person reading the item (which is misleading) would naturally think that Johnston Wilson was wholly to blame, and that he had fired the gun with the intention of disabling Alf. Now, any Editor with a grain of common sense, would have taken the trouble to enquire into the facts of the case from both sides before inserting such an article. It was very easy to get the other side of this unfortunate affair, but it appears the Editor had no desire to get Wilson's statement. On the other hand we find Alfred Moffatt was himself to blame, simply because he requested and even *urged* Wilson to fire the gun, saying there was no danger.

Of course every person feels sorry for poor Alf. in his misfortune, but he has lost his eye through an accident, and not with intention, as the *Standard* would lead us to believe.

Thanking you, Mr. Editor, for above space, Yours, &c.,

TRUTH.

Around Town.

Improvements, Sanitary Matters, Local Chit-Chat, &c.

Mr. Brooks has his new house completed and moved therein a short time ago.

Corporal Hales is talking of building an edifice. The Corporal means business, too.

Mr. W. J. Bellamy has commenced the erection of his new residence on Toronto street, near his office.

Mr. W. W. Trimble will likely build on his lot near the Methodist parsonage this year. It is a fine site and ought to be improved.

Mr. Wm. Smith will erect a residence on the lot in rear of the Methodist church.

Mrs. McMullen's new brick house on Collingwood street is under way.

Mr. Fred. Ryder has commenced operations on his new brick house on Elizabeth street.

Messrs. Moore & Whitten have got the contract for building the new Baptist church, and have commenced operations, Mr. Jas. G. Brooks being busily engaged at present on the foundation.

The plans, &c. for the new school-house are to hand. The proposed edifice will be heated by hot air. It will be divided into three school-rooms, each with a seating capacity sufficient for 80 pupils, or in all 240, and will contain all the latest modern improvements.

The sanitary condition of our town has materially improved, and in comparison with former years, is "away out of sight," to use a homely phrase.

Sproule's shed is to be entirely closed to the public in future. Mr. Glassford and his men excavated the ground covered by the shed to a considerable depth last week, and it will likely be used for shops.

Two Markdale bakers canvassed the town from end to end last Saturday, in a spirited endeavor to secure a "share of the public patronage." Queer thing if Flesherton isn't competent to manufacture its own bread without importing outsiders.

We have repeatedly drawn attention to the obstruction of our public streets and thoroughfares by piles of wood, &c. We now demand the removal of such.

The *Victoria* B. B. C. is going to play a game in Dundalk, with the B. B. C. of that place, on the Queens Birthday.

The Flesherton Public Schools, under the careful and efficient management of Principal Irwin and Miss Hopkins, are in a very healthy state—from an educational standpoint, of course.

Mr. W. H. Elder is making some very desirable improvements in connection with his lawn and grounds.

A spirited debate came off at the regular meeting of the Flesherton Sons of Temperance held last week. The subject, "Resolved, that country life is preferable to city life," povoked a very healthy and edifying discussion, in which some of the lady members took an active part. The affirmative side was awarded the victory.

Fountain Council of Royal Templars of Temperance has now a membership of about 40, and still growing.

Mr. R. Trimble, superintendant of sidewalks, now divides honors with Mr. Will. Richardson, in this important position of our Town Parliament.

At the adjourned meeting of the Quarterly Board of the Methodist church, held in the basement of the church last Friday evening, the minister's salary was fully met. The finances of the church are in a healthy condition, showing a marked increase, in several departments, as compared with last year.

At the adjourned meeting of the Quarterly Board, the following motion was put and carried without one dissenting voice:—"Moved by A. R. Fawcett, seconded by S. Good, that the Board takes this opportunity to express its hearty approval of the faithful manner in which Rev. Mr. Ayers has discharged his duties as Superintendent of the Flesherton circuit during the conference year closing, and unanimously requests the Stationing Committee to continue him in the same position during the incoming year."

Our Brass Band is coming to the front—in fact its bound to get there if a most painstaking and efficient bandmaster count for anything. Citizens! support home institutions like these liberally and ungrudgingly. It pays.

The practice of Queen Esther comes on apace, but tlose taking part in it must remember that time is precious, and be in their places promptly at the appointed hour, 8 o'clock.

"Queen Esther."

The oratorio of "Queen Esther" will be given in the Drill Shed, Flesherton, on the evening of Dominion Day. It now remains for those taking part to attend the practices regularly and punctually at 8 o'clock sharp each night, seeing that the date of the concert has been definitely settled. The oratorio, if carried out according to Musical Director Munro's idea, will be the grandest musical event which has ever taken place in this district, and it is to be hoped that all will unite in rendering Mr. Munro every assistance in bringing about a "consummation so devoutly to be wished for."

31st, Grey, Batt. Rifle Association

Advance Programme of the first annual match, to be held in Owen Sound, commencing Thursday, May 27, at 9 a.m.

Regimental Match.—Range, 200, 400, & 500 yards; five shots, at each entrance fee.

Team Prizes.—To be competed for by five previously named officers and men from any company. First prize, Cleland Challenge Cup (value $75) and $15; 2nd prize $10; 3rd prize $7.50.

Individual Prizes.—First prize, Ontario R. A. Silver Medal and $5; 2nd prize by Dr. Sproule, M. P. East Grey, $5; three prizes of $4; four prizes of $3; five prizes of $2; six prizes of $1; total $50.

Extra Series Matches.—Prize list not yet complete. It contains a number of useful and valuable articles, including several pieces of value. Winners to choose their prizes according to their scores.

Consolation Race.—To be shot for by members who have not won a prize in the other matches.

RULES AND REGULATIONS.

Membership.—Any one who has been a member of the 31st Batt. for one month before matches is eligible for membership.

Annual Fee,—One dollar for officers & 50 cents for N.C.O. and men.

Rifle.—All shooting must be done with regimental rifles.

Position.—Standing at 200 yards; any, with head to the target, at 400 & 500 yds.

Sighting Shots.—Two each range; price 5 cents each

Uniform.—Competitors must appear in uniform.

Note.—Officers commanding companies should forward at once to the Secretary the names of N.C.O. and men who wish to join the R.A.W., with their membership fee. It is to be hoped that a vigorous effort will be made to induce as many as possible to attend.

J. P. TELFORD, Lt. Col.,
President.
J. B. McLEAN, Lieut.,
Sec.-Treas.

Reply to Dr. Christoe.

To the Editor of the Advance.

Sir,—Regarding Dr. Christoe's version of "Facts and Figures," as appeared in last week's ADVANCE, in which he solicits investigation, I might say in the first place, the Dr. should have taken the precaution to look up some of his statements with more care—some of which are as far from the truth as either the Scotch piper or Fair Play.

Dr. Christoe says Station part of section's assessment is $29,000 and a small fraction. Now, last year's assessment, by Mr. Bellamy's figures was $30,700, which deducing $1,000 therefrom (as the Dr. says it has fallen since last year) would leave a much larger fraction than the Dr. would make it appear.

The Dr. takes upon himself the unwarrantable authority of stating that there is no immediate prospect of increase of assessment at Station, which is a base untruth, as there is one new and handsome dwelling almost completed and prospects of a few more going up this summer. Will these escape the Assessor? The Dr. can count on all buildings erected or going to be erected in Flesherton, but for Station, keep it down by all means and give it nothing we can keep from it, seems to be the feelings of Dr. and almost all the leading men of Flesherton.

Now, as regards $130 sinking fund on $3,500, I would think $175 nearer the mark. The Dr. counts $250 for Teacher at the Station and only counts $200 for third Teacher at Flesherton, so it is evident he likes to count low on the expenses in Flesherton school and raise them all he possibly can on Station part of section in the eyes of the public. He also counts $50 expenses where a much less sum would be adequate. He also says we cannot build school at the Station less than $1,000, but we find the amount mentioned in former article would be sufficient to supply school at Station.

The Dr. says our average cannot be out of the teens. The Dr. seems to know more about the number of children around Station than we who live here, but we at Station feel confident that we could average nearer 30 than the teens, and he is so considerate to allow us, or count for us $20 Government and Municipal appropriations, which would be about $1.00 a pupil for say 20 pupils, yet he counts $180 for Flesherton school, and surely the average attendance could not amount to 180, and therefore some of the pupils must average more than $1 each. Why not give as fair an amt. according to average for Station School. The Dr. puts all the advantages of Union before your readers, but does not want to put the many advantages to be derived by Station people and surrounding neighborhood in having school at Station before the public.

The Dr. also seems to think the deprivation of the young from school is a small affair compared with the high grade of education taught in Flesherton school, of which these young children can derive no benefit, not being able to get there. As a general rule farmers children, as soon as they reach the age of being of any use around farm, have got to stay at home & work, and thus if they miss their education in their youth, they have to go thro' the world without, a fact of which the Dr. is not entirely ignorant. The Dr. states emphatically, that a section of $29,000 cannot support a school, while he as emphatically stated stated at one of school meetings in Flesherton, that any less than a $12,000 assessment could not support a school. Now he has his standard assessment $50,000.

Now, I don't think it of any interest to him to try and deprive the young of Station and surrounding locality of their education.

Mr. Wm Rutledge, sr., in the presence of two reliable witnesses, says the Dr. told him his school taxes would amount to $30 a year for 20 years, which looks absurd on the face of it, and when shown in plain figures the amount it would be on him yearly, he said he would not believe all at the Station when the Dr. said so it must be true. So much for this statement, if true, and surely a Methodist don't lie. I pity the man who cannot govern his actions by the dictates of his own conscience & think & act for himself.

Now, the Dr. need not get angry about Fair Play styling him would-be-M. P. P., as it is the common report that he would run next election, around here and even so far as Durham.

FAIR PLAY.

LEITCHS
Tailoring Establishment
FLESHERTON!
Is the place to get your Suits made in future.

Death of Mr. Colquett.

Just as we go to press we learn with profound regret and sorrow of the death of Mr. Wm. H. Colquett, at his residence, Flesherton, this (Thursday) morning at 2 o'clock.

Sports and Pastimes.

BASE BALL.

The *Victoria's* have accepted the invitation to play in Dundalk on the 24th of May, on condition that the Dundalk team play a return match in Flesherton on Dominion Day.

[Later.—The boys are not going to Dundalk after all. It seems their acceptance (on conditions) came to hand too late—other arrangements having been made in the meanwhile.—Ed.]

LACROSSE.

It is not likely that the *Pioneers* will go to Meaford on the 24th, it being so inconvenient to reach that town from Flesherton. They will possibly try to arrange a match in Markdale.

CRICKET.

A junior Cricket team has been organized in Flesherton, with Frank Sullivan as President; Frank VanDusen, Vice-President; Wesley Armstrong, Captain; Fred. Ayers, Secretary; and Robert Keefer, Treasurer.

A Good Offer.

Mr. James T. Wilson, owner of "Young Climax," desires us to inform the public, that any person using "Climax" this season and raising stock therefrom which will be awarded 1st prize at East Grey exhibition, fall of 1887, in the Roadster or Carriage class, can have the service of "Young Climax" free the following season, 1888; stock taking 2nd prize at same exhibition, same time, can have "Climax's" service for $6.00.

24th in Maxwell.

As will be seen by posters just issued from this office, Her Majesty's Birthday is to be celebrated in the loyal village of Maxwell in a fitting manner, by a series of athletic games and sports, such as running races, jumping, quoit pitching, throwing hammer, putting shoulder stone, &c. See the bills for particulars.

Sure Cure for the Blues.

The ADVANCE from now until Jan 1st, 1887, 60 cents.

ONE DOLLAR AGAINST FIVE HUNDRED.—Isaac Brown, of Bothwell Ont., was afflicted with chronic humor in the blood. He says one dollar bottle of Burdock Blood Bitters was worth more than $500.00 paid for other medicines. It is a reliable blood purifier.

Munro's Corner.

This space in the ADVANCE will be specially reserved for D. S. Munro's advertisements from time to time, where he will inform the public of the immense bargains he is offering.

As the Wool season approaches, he will be prepared with a full stock of goods suitable for the season, at prices that are right.

His stock of Boots & Shoes is freshly sorted up and ev'ry-body can get booted.

He has had a great BOOM in Millinery so far this season and the rush still continues.

He is offering special value in Tea, nothing to beat it ever offered at the same prices since the world began.

Full stock of Laces, Embroideries, Hose in all sizes and prices, Mens fine Underwear, lovely Dress Goods, &c, &c., &c.

D.S. MUNRO.
