THE WESTERN FAIR
London, Sept. 7th to 16th 1899.

The directors of this ever progressive institution find themselves facing their annual difficulty, that of providing sufficient accommodation for exhibitors and visitors at the great Live Stock and Agricultural Show of Western Canada, but now as in the past they are equal to the occasion, having plenty of money and hard earned experience. An extensive addition is in course of construction to the Machinery Hall, nearly doubling its capacity.

The Agricultural, Horticultural and Dairy Buildings have been moved and reset, so as to form one immense exhibition hall, and one hundred and fifty feet of an addition has been built thereto.

Also a new permanent public office building over one hundred and fifty feet long is being erected at the King Street entrance, for Express, Telephone, Telegraph, Barber Shop, Parcel Room and Press Offices, and to crown all two large open stands, 340 feet by 40 feet—up to date in every particular for the comfort of the public—with additional refreshment booths and dining halls underneath.

The Queen's Park, Fair Grounds, have been greatly beautified by the above alterations and additions.

The prizes offered have been increased by a little over $1,500.00, one thousand of this amount going to the Live Stock Classes.

The Prize List book itself is greatly improved, being very much condensed in size, but containing more information, put up in better form than any other we have yet seen. The entry forms are most complete and labor saving, a separate form being provided or each department, the exhibitors having only to make a mark or cross opposite the section they may wish to enter in, all details and necessary information being fully set forth on each, and depriving even the most procrastinating individual from any excuse of lack of time, as any entry paper can be filled out in less than two minutes.

The special attractions are being arranged for, and it is safe to say that only the very best will be engaged, and plenty of them.

A new Secretary, Mr. Jno. A. Nelles, has been appointed to fill the position vacated by Mr. Brown, after ten years of service, and as the adage goes, new brooms sweep clean," great things may be looked forward to. We wish the incoming officer every success.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption Sold at any drug store. Regular size 50 cents and $1 00. Guaranteed to cure or price refunded.

Eugenia

From Our Own Correspondent

A special sermon will be preached to the Orangemen in the Presbyterian church on next Sunday afternoon at the usual service hour.

Mrs. Carr has gone for an extended visit to friends at Kincardine and other places.

Rev. Mr Little of Chatsworth preached a very able sermon to a large congregation in the Presbyterian church on Sunday afternoon.

Mr. Robert Williams has his handsome new house almost finished. He met with a severe loss in having his household goods burned in the fire which consumed his brother's house, and on which he had no insurance.

Dominion Day at Eugenia was celebrated by picnics from various places. The garden party given by the Ladies' Aid was a success, the proceeds amounting to forty dollars, which will be appropriated towards putting a fence around the church grounds. The game of baseball played between the Dundalk and Eugenia teams resulted in a victory for the Eugenia boys. The greatest harmony prevailed throughout the day.

Mr. and Mrs. W. H. Fenwick and family of Toronto were welcome visitors at Mr. Fenwick's parental home during the past week. Mr. John and Miss Ethel also visited the parental home for Dominion Day.

Miss Mary Sloan of Chesley was a welcome visitor with friends here the past week.

What to Do with a Boy.

A conversation was held a short time ago between husband and wife concerning the future welfare of their only son. The mother was for giving him a profession, but the father thought the professions were crowded, and suggested starting the boy in mercantile life.

The father's reason for being opposed to his son entering professional life, was that he had a brother, who was very clever, had nothing to show for his years of labor but a mere living and a good, big account on the debit side—the money spent in educating himself.

The father, although not having the education himself of his brother, had some years ago engaged with the Bradley Garretson Co., Limited, of Brantford, Ont., first as canvassing agent, being promoted from time to time until now he was in the very front rank with this company and making lots of money. He has also seen a lot of the world having been sent to Australia, South Africa, England and the United States. It was therefore not to be wondered that he was opposed to his son taking up a profession, and as the son in question had a hking for money and travel, it was finally decided that he ought to follow in the footsteps of his father and enlist with this old reliable Publishing House, especially as he had just received a good salaried offer from them.

Brave Men Fall.

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner., Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cts. At any Drug store. Every bottle guaranteed.

Percy Williams, Owen Sound, fell into the river and was drowned.

On Monday night burglars visited Tara and made a raid on the G. T. R. station. The safe was blown open and the building was badly shattered by the explosion. The sum secured was nil.

Worse Than War.

Hundreds are killed in war, but hundreds of thousands are killed by consumption. There would be no deaths at all caused by this terrible disease if people could be made to understand that Shiloh's Cough and Consumptive Cure is a sure remedy if taken in the early stages. 25 cts., 50 cts. and $1.00 a bottle. Druggist will refund the money if a cure is not effected.

A PROMINENT VANCOUVERITE.

Permanently Cured of Asthma, Clarke's Kola Compound Cures.

Mr. F. J. Painton, the well-known proprietor of Painton's Music Store, Vancouver, B. C., writes: "I have been a great sufferer from asthma in its worst form for over four years, very often having had to sit up nearly all night. I had consulted physicians both in England and Canada without obtaining any permanent relief and tried many remedies with the same result. A friend who had been cured by Dr. Clarke's Kola Compound advised me to try it. And three bottles have entirely cured me. It is now nearly two years since my recovery, and asthma has not troubled me since. I feel very grateful to Dr. Clarke for introducing this wonderful remedy, suffering as I was, and do not know of a single case where the required number of bottles have been taken that it has failed to cure. See that you get Clarke's. Free sample bottle sent to any person. Mention this paper. Address The Griffiths & Macpherson Co., 121 Church street, Toronto, or Vancouver, B. C., sole Canadian agents.
