LITTLE CHIT-CHAT.

Valentine Muggins Indulges in a Little Free and easy Gossip.

(I).—Well, sir, it is hot, and no mistake! I refer to the weather, of course—and not to the political mountebanks who are busily engaged heating cauldron of public opinion so that somebody shall get a scorching—not themselves, you may be sure. Well, now that I have fanned myself, let's talk about matters generally. Take, for instance, the political situation in South Grey. Was there ever such a muddle—well, perhaps there was; when Messrs. Lauder, Rorke, and Myles, individually and separately, and at the same time, sought to secure the representation of East Grey in the Ontario parliament. But even that was scarcely a parallel case. Here we have Dr. Jamison, nominee of the Liberal Conservative party, Dr. Landerkin, M. P., the chosen one of the Reform party, and Mr. A. H. N. Jenkins, the nominee of—of—(did some one shout "rats!")—of—the, well say of the people. Mr. Jenkins is said to have been a life-long Conservative; but I'll be "kerflustrakated" if it wouldn't take a Philadelphia lawyer to determine what are his politics at this moment. At Irish Lake, he was a rabid Home Ruler, and therefore of decidedly Liberal leanings; at Flesherton he was a dyed-in-the-wool, red hot Tory; in the *Chronicle* he is a "little of everything." Dr. Jamison was a strong Reformer at one time; since then, having become converted from the error of his ways, the Dr. has been a consistent and zealous Conservative. Dr. Landerkin is a Reformer of the first water. Should all three gentlemen run, the present member would almost assuredly be re-elected.

(II).—East Grey is likely to produce a large and very interesting crop of political aspirants for the representation of that constituency in the Local House at Toronto. The Thornbury *Standard* mentions a few names. But the best men are rarely ever chosen, or stand any chance of being chosen in East Grey; the everlasting party hack, who knows how to pull the wires best is the man every time. Real ability counts for little so far as party conventions are concerned; if an ignoramus knows how to pull the wires and pack the convention, he is the man who will be *elected* to uphold the banner of the *free*, (!!) and independent electors. Fortunately East Grey has *always* selected intelligent if inactice men but you can't most generally always tell what may happen in the future.

(III).—But what substitute have we offered for party conventions? with all the evils in connection with the present system of selecting candidates for the respective Houses of Parliament—and there are evils—it does not seem that any better substitute has ever been offered. True, ideas which have originated in the brains of visionary fanatics, have been brought forward; but when subjected to test, they have been proven impracticable, as might have been expected. With a healthier moral feeling pervading the masses will come a better state of things as regards political conventions and everything else affecting the public weal directly or indirectly "Time works wonders."

(IV).—"Who steals my purse steals trash;.....But he that filches from me my good name, robs me of that which not enriches him, and makes me poor indeed," is a forcible quotation; but the man who assesses A's & B's property higher than it should be, gets into a hornet's nest with a vengeance, and endangers his "good name" very seriously. The assessment question will bear a great deal of overhauling, and if the Assessor's lot in the past has not been a happy one, I predict that it will be ten times less so in the near future. A "cloud no bigger than a man's hand" is already discernable, and the time when it will develop into a moral hurricane is nearer at hand than most people imagine. There must be some definite basis for assessment of rural and village property, and it will be the duty of the assessor of the future to "hew to the line, let the chips fall where they may."

Faithfully Yours,
VALENTINE MUGGINS.

Notice.

Wiarton, June 28, 1886.

We the undersigned having noticed some gross misrepresentations in one of the local papers respecting a case of Small Pox which appeared in Wiarton, beg leave to make the following statement: In the early part of the month, a young man by the name of Clark, affected with Small Pox, was shipped from a neighboring town to our village. Shortly after his arrival the local Board of Health was apprised of the nature of the disease by the attending Physician. The affected man died a few days after his arrival. Every possible precaution was taken, both before and after his death, to prevent the spread of the malady, and so thoroughly were those precautions carried out, that we have not had another case in our village, and as the time for the development of the disease has more than lapsed, we are warranted in officially stating that the village is entirely free from it, and there is not to our knowledge any case or cases of Small Pox either in our village or within a radius of twenty miles.

T. D. Galloway, Secretary Board of Health; C. V. Parke, Chairman Board of Health; R. M. Fisher, Medical Health Officer.

DANGEROUS FITS are often caused by worms. Freeman's Worm Powders destroy Worms.

Maxwell.

From our own Correspondent,

(Following was received too late for last week's paper.—Ed.)

A disgraceful scene was enacted here on Sunday evening. A party of young men—mostly from Singhampton, and very much the worse of liquor—drove up to the hotel just as people were going home from church, and made the place hideous with their oaths and slang. A former resident of our village was also noticed among the crowd, and many regrets were expressed on seeing him in such company and at such a time. If scenes like this again occur the names of all parties will be given to the public. But we hope they may take warning.

Mr. Richard Heron has returned from conference. Rev. Mr. Arkells is about to be removed to Little Current, which is rather a surprise and very much against the wishes of his congregations. An effort is being made to retain him.

Mr. Thos. Gamey raised his new barn last week, when the boys had the usual strife on such occasions. But everything went pleasantly. The frame is a good one and reflects much credit to the workman, Mr. McGruther.

The People's Servants.

From the Durham Chronicle.

The people of this country are supposed to control their own public affairs. We elect our representatives to parliament, to the legislature, and the municipal councils, who are responsible to the voters for the way in which they fulfil the functions entrust to them, But there is a large class of public officials who, though they have most important duties, are not in any way responsible to the people. The positions of sheriff, registrar, license commisioner and inspector, county crown attorney, surrogate clerk, bailiff &c., are filled by nomination. The people have no voice whatever in saying who shall serve them in these capacities. These officers are part of the patronage of the local government, and the appointments are made on the ground of party services, not of fitness for the position. The taxpayers who pay their salaries have no control over their actions and cannot remove them, even though they may be utterly incompetent to fill the office, or be guilty of disgraceful conduct.

All the positions ought to be filled by popular election. If men were chosen by the people for a limited term the result would be that a better class of office-holders would be elected. The desire to the approval of those having power to replace them at the close of their term would make them attentive to the duties of their position, and civil and obliging in their intercourse with the public. Rotation in office would prevent the formation af an official caste, independent of and thinking themselves above those who support them. The people ought to insist upon the right of choosing their own servants.

Institution for the Deaf and Dumb, Belleville.

To the Editor of the Advance.

Kindly allow me to say to your readers that the Institution for the Deaf and Dumb at Belleville, is open to the deaf children of the Province, and every deaf mute child in Ontario, whether the parents are poor or rich, may share in the many advantages the Institution affords, such as tuition, board, care, etc.

There are many parents of such children who do not know of this place, and persons who will inform them of what the Province has so generously provided for their children will confer a lasting obligation.

Uneducated, a deaf mute child has no knowledge of language; is isolated, as it were, from the rest of mankind; is irresponsible and in many cases dangerous to the community; life is a blank without a ray of hope to illuminate the future. With an education such as may be had here, all this is changed and the mute is enabled to take his or her place as respectable members of society and law abiding citizens and learn of the glorious life beyond. Over 700 mute children have been entered upon our books and the large majority of them spread over the Province bear testimony to the good work already accomplished. We have a full staff of capable, devoted teachers in the literary and industrial departments. We are doing all we can for those afflicted in this way and we are anxious to do whatever work of this kind there is to do. There will be room for all who can come in September next, and in the meantime it will give me pleasure to supply application papers and necessary information to any one who may apply.

Yours faithfully,
R. MATHISON,
Superintendent.

Belleville, July 1st, 1886.

A FAIR PROPOSITION.—There could be no offer more fair than that of the proprietors of Hagyard's Yellow Oil, who have long offered to refund every cent expended for that remedy, if it fails to give satisfaction on fair trial.

A GROWING EVIL.—Scrofula, or king's evil, as an enlargement of the glands of the neck is termed, may be called a growing evil in more than one sense. Mrs. Henry Dobbs, of Berridale, was cured of enlarged glands of the neck and sore throat by the internal and external use of Hagyard's Yellow Oil.

HIGH PRAISE.—Mrs. John Neelands, writing from the Methodist Parsonage, Adelaide Ont., says: "I have used Hagyard's Pectoral Balsam in our family for years. For heavy colds, sore throats and distressing coughs no other medicine so soon relieves."

A COMPLICATED CASE.—Harry Ricardo, of Meaford, Ont., testifies that he suffered from rheumatic gout and chronic trouble of the stomach and liver, which Burdock Blood Bitters effectually cured, after all other tried remedies had failed.

SHILOH'S CURE will immediately relieve Croup, Whooping Cough, and Bronchitis. For sale at Medical Hall, Flesherton.

In an Unclean State.

To the Editor of The Advance.

Dear Sir,—I am not a man of order, strictly speaking; but I do admire cleanliness. My attention was drawn to the deplorable condition of the Methodist Church grounds last Sabbath. With the heaps of rubbish around the Church, and also the large amount of cow droppings in and around the shed, it might be that with care, gentleman could evade having their clothes soiled, but not so with ladies, as their dresses come in contact with the wheels of the vehicles when getting in and out.

Now, sir, I would just say to our Church Fathers, who has the Church and grounds in charge? They should make a visit to the grounds of the English Church in Markdale, and take note thereof, as "cleanliness is next to Godliness."

Thanking you, Mr. Editor, for your valuable space, I remain,

Ever Yours,
A METHODIST.

Flesherton, June 28th, 1886.

QUININE AND CHILLS.—Quinine is the popular remedy for chill fever, but it does not always cure. Esquire Pelton, of Grass Lake, Michigan, took in all 600 grains of quinine for chronic chills and malarial fever. After that and various other remedies had failed, five bottles of Burdock Blood Bitters cured him.

THE LAST YEAR, 1886.—After the above year is ended there need be no person suffering from Rheumatism, Neuralgia, Toothache, Headache, Lumbago, or any acute pain, if they only purchase a bottle of Fluid Lightning, as it cures instantly. Pain cannot stay where it is used. The name is Fluid Lightning. Sold by the Druggist.

MCGREGOR & PARKE'S CARBOLIC CERATE.—Have you and old Sore, Cut, Burn, Bruise, Corn, Bunion, Salt Rheum, Pimple, Blotches, Rough Hands or Face? If so, there is but one cure, namely, McGregor & Parke's Carboli Cerate. If you but try it, it will convince you. It costs but 25c. at the Drug Store.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhœa, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "MRS. WINSLOW'S SOOTHING SYRUP," and take no other kind.

MCGREGOR'S SPEEDY CURE.—When we say McGregor's Speedy Cure is the only perfect cure for Dyspepsia, Liver Complaints, Indigestion, and Impure Blood, we are telling plain facts, of which hundreds upon hundreds can testify who have been restored to perfect health by its use. We would therefore advise you strongly if you are a subject of any of the above troubles to give McGregor's Speedy Cure a trial and be convinced. It is sold in 50c. and $1.00 bottles at the Drug Store.

MINERAL POISON.—Nothing but pure extracts from plants and roots are used in preparing McGregor's Lung Compound, the modern and now popular remedy for Colds, Coughs, Bronchitis, Croup, Asthma, and all affections of the throat, lungs and chest. All mineral poisons and dangerous substances are avoided, which renders it safe for children or adults. Sold at 50c. at $1.00 per bottle at the Drug Store.

LADIES ONLY.—The complexion is often rendered unsightly by Pimples, Liver Spots, and Yellowness. These it is well known are caused from an inactive Liver and bad blood. Dr. Chase's Liver Cure purifies the blood and whole system. See Recipe Book for toilet recipes, hints and suggestions on how to preserve the complexion. Sold by the Druggist

MARVELOUS.—One dose of Dr. Chase's Liver Cure will cure Sick Headache, Dizziness, and Sour Stomach. 1 to 2 bottles are warranted to cure Liver Complaint, Indigestion and Biliousness. Sold by the Druggist.
