A COMPLICATED CASE.—Harry Ricardo, of Meaford, Ont., testifies that he suffered from rheumatic gout and chronic trouble of the stomach and liver, which Burdock Blood Bitters effectually cured, after all other tried remedies had failed.

THE REV. GEO. H. THAYER, of Bourbon, Ind., says: Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE."

Get your Roller Flour from W. W. Trimble.

Mrs. W. W. Trimble returned home from an extended trip to Manitoulin Island on Monday last.

Mr. Jenkins, of the Durham *Chronicle*, was in town last Friday and gave us a friendly call.

Subscribers in arrears would tickle us very gently under the chin by paying up now. Please tickle us! We won't get mad!!

LOOK HERE!—Good Family Flour, made from choice selected Spring and Fall wheat, delivered anywhere in town, or at Flesherton Station, for $2.00 per bag. WM. BRADLEY.

W. W. TRIMBLE.

The remarkably large number of visitors, who have honored Flesherton by their presence this summer, seems to point unmistakably to the fact that this is destined to be a favorite summer resort; and, indeed, whether for health or pleasure, what other place in Grey furnishes greater attractions? We know of none to equal it in either respect.

One of the chief features of the forthcoming East Grey Exhibition—to be held here on Thursday and Friday, 23rd and 24th days of September—will be the "speeding in the ring," on both days of show, and for which very liberal prizes will be awarded. Full information in regard to this and other important attractions and additions will be found in the Prize Lists just issued.

A GROWING EVIL.—Scrofula, or king's evil, as an enlargement of the glands of the neck is termed, may be called a growing evil in more than one sense. Mrs. Henry Dobbs, of Berridale, was cured of enlarged glands of the neck and sore throat by the internal and external use of Hagyard's Yellow Oil.

Our attention has been drawn to the fact, that sawdust is allowed to get into the creek at Little Mills, which is contrary to law. We know it will be only necessary to draw the proprietor's attention to the fact, as he is doubtless unaware of the existence of such a law in Canada. The law is a very severe one, and all sawyers will do well to guard against any violation of the same.

Flesherton has some well cultivated gardens within her borders, amongst which we might mention Mr. Thos. Leitch's and Rev. W. Ayer's. In the former we noticed the most heavily laden and best cultivated red currant bushes we have ever seen; vegetables also excellent. In the latter is to be found the largest tomatoes and earliest potatoes to be found in this section at the present time.

The East Grey Agricultural Society's annual Prize Lists are now in the hands of the courteous and popular Secretary-Treasurer, Mr. S. Damude, for distribution, and are fuller and more complete than ever. Entries to be made on or before the 20th September, as the days of this very popular county fall exhibition are on Thursday and Friday, September 23rd and 24th. The enterprise and public spirit shown by the officers of this society are highly commendable.

Mr. W. A. Brown, the well-known Markdale watchmaker and jeweller, was in town on Monday, and one of the results of his visit will be seen in his handsomely illustrated new advertisement at the head of our "Tit-Bits" column. Mr. Brown has worked up a fine business in Markdale and surrounding district, and his introduction of the excellent and reliable Hampden timekeepers will tend to increase and extend his business. He still gives personal supervision to all watch and other repairs.

Mr. Wolfe, the Veterinary Surgeon, tells us that an epizootic is now prevalent among horses in this section, but so far he has managed to save all the animals he has attended, although some were very bad. The disease attacks the animal in the shape of dullness and soreness of the eyes, followed by diarrhoea, and stiffness of the limbs. The disease although contageous, seems more to start from a common source, and if neglected is often fatal.—*Grey Review.*

The garden party held Friday evening week before last, on the grounds of A. G. Hunter, Esq., Dundalk, in honor of Mr. Hall, late editor and proprietor of the Dundalk *Herald*, was a most enjoyable affair. During the evening an interesting address was read, after which Mr. Hall was presented with a handsome gold-headed cane, a gift from the citizens of Dundalk. The recipent made a suitable reply. Amongst the visitors from a distance were Mr. Joseph Blackburn and Miss Ella Ayers, of Flesherton.

The examination papers at the late examinations for teachers are severely criticized in the press. The one on Algebra especially, is condemmed as the work of a "crank" who seems to think it smart to prepare catch questions, which cannot be correctly answered by the average student. The paper on grammar was also far too abstrue for ordinary scholars. It is very discouraging to pupils who have diligently studied the various subjects and who are thoroughly familiar with them, to fail in securing a certificate owing to the efforts of some nin-con-coop to show off his smartness.—*Orangeville Advertiser.*

Mr. Andrew Beatty's garden party, last Friday evening, was attended by a large number of people from Markdale and quite a sprinkling from Flesherton. The evening was delightfully pleasant, and all present seemed to enjoy themselves well, although in a less boisterous manner than is usual on such occasions. Markdale and Flesherton Brass Bands enlivened proceedings considerably. Mr. and Mrs. Beatty did everything necessary to make their guests feel at home. The refreshments were simply splendid. The grand and spacious house and well laid out grounds are admirably adapted for such parties as was assembled there on the night in question.

Meaford Road.

From our own Correspondent,

Last week's rains have greatly improved the crops.

Mrs. Wm. Hutchinson is away on a visit to her friends in the old settlements.

Mr. T. Gilbert is making great improvements in the appearance of his house. He is going to roughcast it and put on a new roof.

Mr. W. Buchanan, jr., is erecting some very substantial stone fences.

Mr. John Holley has got a new buggy.

Mr. Adam Hislop has a field of fall wheat that is almost ripe.

Hay making is now the order of the day, and dry weather much wished for. The crop is generally light.

A painful accident happened to Mr. G. L. Ryan, of Minto township, on last Thursday evening. His team became frightened at the bell on Kilgour's foundry and started to run. He got them pretty well under control, but when the G. T. R. track the whistle of an engine started them again and they became unmanageable. Mr. Ryan was thrown out and lay insensible for some time. The horses were stopped near home and a search made for the owner, who was found on the road side suffering from a compound fracture of the knee, and other internal injuries. Medical aid was summoned, and the unfortunate man is doing as well as could be expected.—*Mt. Forest Confederate.*

Married.

ARNOTT—JEFFERSON.—At the Markdale House, on the 12th July, by Rev. A. Wilson, Mr. Andrew Arnott to Miss Charlotte Ann Jefferson, all of Euphrasia.

IRVING—WHITE.—At the residence of the bride's father, by Rev. A. Wilson, on the 14th inst., Mr. Andrew S. Irving to Miss Janet, second daughter of Mr. John Whyte.

Saw Mill Burned.

We are sorry to learn that the fine steam saw mill of Neilson Bros., at Proton Station, was totally destroyed by fire yesterday morning. The building was first noticed to be on fire about three o'clock. No particulars as to insurance.

Cheese.

Dundalk, Egerton, and Shelburne factories sold a car load of cheese and shipped on Tuesday at 8 cents per pound. Mr. R. Cornette was the buyer for A. A. Ayer & Co., of Montreal, per shipment to England. Mr. Cornette shipped a car from Arthur of 55 boxes, a few days ago, also for A. A. Ayer & Co.

Bound for England.

Mr. Wm. Wilson, of this place, left for England on Tuesday morning, where he will visit his brothers and sisters, whom he has not seen for thirty years. He will be absent until about the 1st of October. We wish him *bon voyage* and a pleasant time during his stay in the land of his forefathers.

Order of the White Cross.

The White Cross Degree was instituted in connection with Fountain Council No. 146, R. T. of T. on the evening of Tuesday, 13th inst., the Degree is very popular and is calculated to aid in a large measure the Social Purity movement in this Dominion. Bro. J. Gordon, Presiding Templar; Bro. Wm. Barnhouse, Secretary. Fountain Council is steadily increasing in numbers and influence. Five initiations last meeting.

An Upset.

As Mr. G. H. Spencer, of Little Mills, was driving with a horse an buggy between Flesherton and the Station, on Monday afternoon last, the horse shied at a large stone by the roadside, upsetting the buggy and turning it completely over. Mr. Spencer was thrown to the ground with considerable violence, but strange to say escaped with a few slight bruises. We are told that the buggy and horse also escaped damage or injury in an equally remarkable manner.

Horse Killed.

While Mr. Wm. Greenwood was running a mower on his farm on the 2nd con., Glenelg, on Monday last, the tongue slipped through the neckyoke ring, and allowed the knife of the machine to run against the horses hind legs, almost severing them, before the machine could be stopped. The horse, a good one and valued at about $100, had to be killed. Mr. Greenwood's loss is considerable, as the animal was one of a good team.—*Grey Review.*

For Vancouver.

It was feared by some that when the all-rail route to Manitoba was opened it would seriously interfere with the traffic coming this way; but the route by the C. P. R. boats continues and will always be the favorite with passengers, while they are also doing a good freight business this season. Even from Montreal, goods come this way. The first consignment of goods for the Pacific terminus to go by the boats was from Montreal, and went by the *Athabasca* yesterday.—*Owen Sound Times.*

Drowning Accident.

A sad accident which happened at Walter's Falls on Monday last cast a gloom over the 12th of July celebration in that village. It appears that a young man about sixteen years of age, named William Norton, son of Wm. Norton, Esq., went bathing in the mill pond with some other boys, and when the procession had just started the other boys ran up with the news that young Norton had been drowned. The intelligence of this sad affair at once put a stop to the celebration, and much sympathy is felt for his parents, who are widely known in Holland and adjacent townships.—*Owen Sound Times.*

At Last, At Last!

JAS. G. RUSSELL,

The **Noted Jewelry Man**, of Flesherton, has just received an immense stock of Watches, Clocks, Jewelry, Spectacles, &c., which he is selling at Genuine Bargains. Just imagine a Fine Solid Silver Swiss Watch for $8.25 (net cash), warranted two years; a real Waltham or Elgin Watch from $10.50 up, warranted from 2½ years to 5 years. Spectacles from 20c. a pair to $2—the famous B. Laurance the best in the world. They never tire the eye; buy no other. And if you want your Watches or Clocks Repaired properly, Russell is the man to go to, as he supervises all repairs himself.

JAS. G. RUSSELL,

THE "BOSS" WATCHMAKER.

Military.

Mr. E. E. Williams of this town, formerly Lieutenant of No. 4, 31st battalion has been gazetted as Captain of No. 8 company, 31st battalion with headquarters at Orangeville, which goes into camp in September. We heartily congratulate Mr. Williams on his appointment and believe he will do credit to the position. It is quite possible for a poor, honest man to be a gentleman and we have good reason to assert that he is both.—*Durham Chronicle.*

Rush of Work.

The ADVANCE had no less than three pamphlets to complete before the end of the present month, viz., East Grey Prize List, Artemesia Voters' List, and Osprey Voters' List. The first is in the hands of the Secretary of the society, the second will be finished to-morrow or next day, and the third will be ready by the end of next week. Besides this a large amount of other job printing has been and is being promptly attended to; and, besides, the regular weekly editions of THE ADVANCE require special attention. Our facilities are such, however, that we can attend to all the work with which we may be favored in the most satisfactory manner.

A Capital Appointment.

W. H. Ryan Esq. of Pike Lake has been appointed police magistrate for South Grey. The appointment is an unexceptional one. Mr. Ryan's long experience and ability specially qualify him for the position. There is only one drawback and that is him living at the extreme south of the riding. This might easily be avoided by removing to Durham where together with his duties and other office work, he would find ample scope for an extensive business. Neither would it be necessary for him to resign the treasuryship of the township of Normanby for he could get to Ayton just as quickly as from his present home. We respectfully beg Mr. Ryan's very "serious consideration" of the matter. He would make a citizen Durham might be proud of, and ultimately it might prove an advantageous change for him.—*Durham Chronicle.*

Drowned in a Cistern.

Mr. and Mrs. Geo. Disney, of Hanover, were spending Sunday last at Mrs. Disney's father's (Mr. Seeling) in Carrick, and had their children with them. The family were taking their dinner and the children were seated at the table with them. Adam finished his dinner and got down from the table and began playing around, the family taking no notice of his whereabouts. In a short time he was missed and search was made for him when, to the horror of the whole family, the little fellow was found in the cistern and was dead. He had only been missed a short time and his transition from life to death was indeed very sudden. The family were overpowered with grief at the loss of their fine little boy who was about three years old. The funeral took place on Tuesday afternoon and was largely attended. The family have the sympathy of the community in their sudden bereavement.—*Hanover Post.*

Attempted Incendiary at Priceville.

One day last week another dastardly attempt was made to fire Thos. Atkinson's fine new hotel stable. It appears a quantity of coal oil was poured into a box stall through a ventilator, and then a bunch of matches fired and thrown in. Fortunately the fire was discovered in time and extinguished. There must certainly be some very bad fire bugs around the country, as this is not the first attempt made on the property of Mr. Atkinson, and several other fires have taken place, in and around Priceville, with strong suspicions of incendiaryism, besides those mentioned in Durham and other places. Why these fires are started seems a mystery, as the owners of the properties attacked are generally good citizens, without enemies who have any excuse whatever for taking such vindictive ways of spiting any person. We are much pleased to know that Mr. A's stable escaped, as it is a credit to its owner and the village of Priceville.—*Grey Review.*

From Kansas.

We had a pleasant call yesterday from Mr. Joseph H. Strain, of Atchinson city, Kansas, U. S., who came home last week on a visit to his parents. Mr. Strain is doing well in the States—in fact he wouldn't be a Fleshertonian if he didn't: they always "git thar." From Mr. S. we also learned that our former townsman, Mr. Robt. Davis, is cashier and book-keeper in a large retail and wholesale establishment in the same city; Mr. Alf. Melloy, now of the same place, finds pretty steady employment; Mr. Wm. Hooper and his son Richard are about to move some 300 miles west of Atchison. Mr. Strain returns this week.
