Sermon to Freemasons.

Rev. Mr. D'Argent delivered his sermon to the Freemasons of Prince Arthur Lodge in the Presbyterian church here last Sunday afternoon. There was a very large congregation. Almost precisely at the appointed hour, the brethren filed into the church and took seats, specially reserved for them, near the front. Each of the gentlemen wore a very pretty bouquet of flowers, and on the table before the pulpit were placed two handsome vases containing a choice and beautiful collection of flowers. Rev. A. Wilson, the genial and highly esteemed pastor of the church, and his amiable wife, were amongst those who occupied the pews. Rev. Mr. D'Argent read the 13th chapter of first Corinthians, and took his text from the last verse of the same chapter, viz., "And now abideth faith, hope, charity, these three; but the greatest of these is charity." The definitions of the words "faith, hope, charity." and their application to Freemasonry, formed the theme of the Rev. gentleman's eloquent discourse, and proved to be eminently practical and intensely interesting and instructive. A Freemason, who lived up to the principles of his order, could not be an atheist or sceptic; but must necessarily be a devout and zealous Christian. Freemasonary had proved to be one of the chief handmaids to Christianity. Within the catacombs at Rome, in Spain, and elsewhere, had been fostered and nurtured by it the germs of that glorious Christianity which had since spread with such amazing rapidity throughout the world.

Rev. Mr. D'Argent is a very fluent and able speaker, giving solid reasons for every assertion he makes; and appeals with equal force to the heads and hearts of his hearers. So that, while one is instructed and edified by his sound and logical reasoning, they also carry away an impression not easily got rid of. As the Rev. gentleman is also a member of the fraternity, to whom he the more especially addressed his remarks, it will be seen that he was in a position to speak intelligently and forcibly. We hope he will favor us with a visit again at some period in the near future.

From our own Correspondent,

Times are exciting in town: women quarreling about wearing apparel and young ones fighting in berry patches and calling each other pet names.

One of W. H. Campaigne's cows had a horn broken off, and it took all the professional skill of Campaigne, Tempest, Rob Paul, and Spencer to stop the bleeding. It took four hours.

Mr. R. T. McGirr is out on the warpath again as a drover, buying lambs, sheep, hogs, and cattle, and is open for a horse deal at same time.

Miss Julia Perigoe is home from Collingwood for a couple of weeks.

W. J. McGirr is trying to get up a fishing party to camp along the Rocky Saugeen. I think it is not fish altogether Mr. W. S. is after, but what his true object is deponent sayeth not.

Ex-Rev. Hall has been in the county of York the past week and disposed of his horse, "Charley," for the sum of $140. So report has it.

There was a magnificent time at S. A. barracks on 12th inst., a grand jubilee and comic concert.

The beaming countenance of ever welcome Harry Bull, jr., is frequently seen in town.

Mr. Geo. Alister and A. J. Conron are making it hot for poultsy thieves, having killed four within a week.

The grist mill is running steady now. Mr. C. has discharged all hands and is at the helm himself, and it is an established fact, that he can suit the ladies with flour as can no one else.

Maxwell.

From our own Correspondent,

You complained last week at not receiving items from any of your correspondents. Well, probably it was on account of the glorious twelfth of July taking up the former part of the week, and your correspondents may have felt somewhat indisposed. Well, there was no celebration here—our Orangemen celebrated the anniversary at Badgeros.

Hugh Campbell, of Singhampton, and W. Robins, of Badgeros, were summoned by License Inspector Campbell to appear before Thos. Gamey and M. Richardson, J. P's, on a charge of having intoxicating liquor for sale at Badgeros on the 12th of July. Robins plead guilty to the charge and was fined $20 and costs. Campbell made a very flimsy excuse but stuck to it and was fined $25 and costs. They will likely be more careful in future.

The refreshing rains of the last week have raised new hopes in the minds of the farmers, as crops were suffering for want of rain. Haying is pretty well commenced but the crop is below the average.

Rev. S. Arkells started for his new mission at Little Current last week.

One of our Merchant Princes is acting very strange at times and experts say he will soon be ready for the asylum.

A FAIR PROPOSITION.—There could be no offer more fair than that of the proprietors of Hagyard's Yellow Oil, who have long offered to refund every cent expended for that remedy, if it fails to give satisfaction on fair trial.

HIGH PRAISE.—Mrs. John Neelands, writing from the Methodist Parsonage, Adelaide Ont., says: "I have used Hagyard's Pectoral Balsam in our family for years. For heavy colds, sore throats and distressing coughs no other medicine so soon relieves."

An Innovation.

To the Editor of The Advance.

Your neatly got up Prize List of the East Grey Agricultural Society has a new departure in the shape of Horse Racing announcement in it!

People many of them, are surprised and shocked at it. Who authorized the people's money for such a purpose?

Was the money subscribed by private citizens towards the ground intended to establish grounds for horse racing?

Does horse racing promote the morals of the people?

Does it promote the interest of the farmers generally?

Should anything be countenanced by agricultural societies whereby a large portion of the public conscience is shocked?

Can Christian members and supporters remain as such and encourage such acknowledged sources of immorality and wrong?

For whose particular benefit is this doubtful encroachment?

When these questions are answered, something more is at hand.

CITIZEN.

Inistioge.

From our own Correspondent.

Haying is in full bloom here now.

The Methodist church here is now completed and will be opened for service next Sabbath. The Rev. Mr. Cornish, of Markdale, will preach at 10:30, the Rev. W. Ayers at 2:30 and the Rev. Mr. Murphy at 6.30. Monday evening following there will be a grand tea meeting.

Mr. J. Little, of Owen Sound, is visiting friends in this vicinity.

Councillor Pickell has been repairing some of the bad roads here in grand style.

Mr. Ludlow, of Orangeville, is visiting friends here now.

The picnic held here in connection with the Sabbath Schools was a grand success.

There were about eight hundred people present and a very enjoyable time was present.

Mr. W. Watson raised the frame of a large barn last week.

Mr. T. Hutchinson is putting a stone foundation under his barn, as is also Mr James Robinson.

Mr. T. Brown, sr., has been repairing and painting his house, which gives it a very neat appearance.

The garden party at Mr. G. Moore's last Monday, came off in grand style.

Colonial Exhibition Notes.

The number of visitors to the Exhibition for the week ending 3rd July, was 184,858; making a total since the opening, of 1,482,959.

Cardinal Manning recently visited the Canada Section, and under the guidance of the Hon. G. Ouimet devoted much attention to the educational exhibits from Quebec. Mr. Ouimet explained fully the progress of education in the Province.

Dominion Day was also marked by a visit from the Princess Beatrice, accompanied by her husband, Prince Henry of Battenberg, and Sir Philip Cunliffe Owen. The Princess spent a considerable time in the Canadian Section, and evinced much interest in the game and fur exhibits, purchasing several of the latter from the collection of Messrs. Renfrew of Quebec.

The Game Trophy has recently undergone some new arrangement. The inside of the trophy is now hung with some fine heads contributed by the Geological Survey of Canada and individual exhibitors, while the walls are hung with excellent india-ink sketches of Rocky Mountain scenery by Mr. Lewis, of Winnipeg. Another interesting addition to the trophy is a pair of moccasins, formerly the property of the late Sir John Franklin, the celebrated Arctic explorer. They seem in a remarkable state of preservation.

Dominion Day was very appropriately celebrated in the Canadian Section on the first of the month. In the Central Gallery and Education and Machinery Courts flowers and foliage had been tastefully arranged by exhibitors, and gave a fresh and pleasing appearance. Round the bust of the Marquis of Lorne and the photographs of Sir John Macdonald and Sir Charles Tupper appreciative hands hands had also placed floral wreaths, bearing, as did other decorations, a neat card with the inscription:—"The Day we celebrate—Dominion Day, 1866—Canadian Court, Colonial Exhibition, July 1st, 1866."

In further reference to the proposed fruit shipments in the autumn, it may be interesting to note the excellent suggestion that, for the purposes of the Exhibition, prize fruits should be obtained from the leading provincial and local fairs and exhibitions held throughout Canada in the early autumn. Such a collection promptly forwarded and shown, as is suggested, in the Hall of the Royal Horticultural Society adjoining the Canadian Court could not but have a most attractive appearance. The question of the transmission of fruit to Europe in cold storage chambers is, we believe, believe, being brought to the attention of the Minister of Agriculture by the Canadian Executive Commissioner.

But the week has been one of conferences, too. On Wednesday Professor Fream dealt with Colonial Forestry. He again urged the importance of a national school of forestry, and pointed out that so far as Canada is concerned everything seemed ripe for the establishment of a department of forest conservancy under the Dominion Government. On Thursday and Friday the Imperial Federation League held a conference of considerable importance. Sir Alexander Galt treated the question from one colonial point of view, and Mr. J. G. Colmer dealt with immigration. On Saturday Dr. Selwyn delivered an address upon the mineral resources of Canada before a conference of the Geologists' Association.

ALL WELL PLEASED.—The children like Dr. Low's Pleasant Worm Syrup and parents rejoice over its virtues.

Stone Flour.

First-class Stone Flour just received and on hand at Mrs. Thompson's, and selling cheap and fast.

Strayed.

Came to the premises of Mr. David Smith, lot 32, concession 10, Artemesia, about last of June, a white pig. Any person proving property and paying expenses can have the same at any time.

DECLARED INCURABLE.—E. C. McGovern, of Syracuse, N. Y., who is a well-known resident of that place, was declared incurable by his physician, the disease being a complication of kidney and liver complaint. In two days he found relief in Burdock Blood Bitters, and in one month he entirely recovered.

DANGEROUS FITS are often caused by worms. Freeman's Worm Powders destroy worms.

FOR NETTLE RASH, Summer Heat, Eruptions and general toilet purposes, use Low's sulphur Soap.

QUININE AND CHILLS.—Quinine is the popular remedy for chill fever, but it does not always cure. Esquire Pelton, of Grass Lake, Michigan, took in all 600 grains of quinine for chronic chills and malarial fever. After that and various other remedies had failed, five bottles of Burdock Blood Bitters cured him.

THE LAST YEAR, 1886.—After the above year is ended there need be no person suffering from Rheumatism, Neuralgia, Toothache, Headache, Lumbago, or any acute pain, if they only purchase a bottle of Fluid Lightning, as it cures instantly. Pain cannot stay where it is used. The name is Fluid Lightning. Sold by the Druggist.

MCGREGOR & PARKE'S CARBOLIC CERATE.—Have you and old Sore, Cut, Burn, Bruise, Corn, Bunion, Salt Rheum, Pimple, Blotches, Rough Hands or Face? If so, there is but one cure, namely, McGregor & Parke's Carbol Cerate. If you but try it, it will convince you. It costs but 25c. at the Drug Store.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhœa, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "MRS. WINSLOW'S SOOTHING SYRUP," and take no other kind.

MCGREGOR'S SPEEDY CURE.—When we say McGregor's Speedy Cure is the only perfect cure for Dyspepsia, Liver Complaints, Indigestion, and Impure Blood, we are telling plain facts, of which hundreds upon hundreds can testify who have been restored to perfect health by its use. We would therefore advise you strongly if you are a subject of any of the above troubles to give McGregor's Speedy Cure a trial and be convinced. It is sold in 50c. and $1.00 bottles at the Drug Store.

MINERAL POISON.—Nothing but pure extracts from plants and roots are used in preparing McGregor's Lung Compound, the modern and now popular remedy for Colds, Coughs, Bronchitis, Croup, Asthma, and all affections of the throat, lungs and chest. All mineral poisons and dangerous substances are avoided, which renders it safe for children or adults. Sold at 50c. at $1.00 per bottle at the Drug Store.

MARVELOUS.—One dose of Dr. Chase's Liver Cure will cure Sick Headache, Dizziness, and Sour Stomach. 1 to 2 bottles are warranted to cure Liver Complaint, Indigestion and Biliousness. Sold by the Druggist.
