C. A. Zavitz, Agricultural College, Guelph, March 19th, 1900. Guelph, Ont.

Katherine Kenny, aged 68 years, died at the gaol here on Thursday morning. As required by statue an inquest was held by Coroner Dr. A. Cameron last night, Mr. A. M. Anderson bieng foreman of the jury. The verdict arrived at after hearing the evidence of Governor Miller and acting gaol surgeon Dr. Lang was that deceased died from old age and natural causes. She had been committed on Oct. 6th, 1897, from Durham, on a charge of insanity, and had been sick nearly constantly since. The evidence of the governor was that nurses could seldom be obtained for gaol patients for the sum fixed by the county council as remuneration for this service, and as a consequence the poor woman did not have a nurse except at intervals, though she was in need of constant attendance.—Advertiser.

Coated

Look at your tongue. Is it coated?

Then you have a bad taste in your mouth every morning. Your appetite is poor, and food distresses you. You have frequent headaches and are often dizzy. Your stomach is weak and your bowels are always constipated.

There's an old and reliable cure:

Don't take a cathartic dose and then stop. Better take a laxative dose each night, just enough to cause one good free movement the day following.

You feel better the very next day. Your appetite returns, your dyspepsia is cured, your headaches pass away, your tongue clears up, your liver acts well, and your bowels no longer give you trouble.

Price, 25 cents. All druggists.
