FLESHERTON:

THURSDAY, SEPT. 9, 1886.

PROHIBITION STRAIGHT.

Temperance sentiment has gained a strong foothold in the Dominion of Canada of late years. And the sentiment is growing still, and likely to continue doing so, until something more definite and satisfactory is placed upon the statute books of this country than the improperly worked local option laws which have hitherto been, and are now in force. Everybody knows that many municipal by-laws and equally as many Dominion and Provincial enactments, are either inoperative through want of the proper machinery to enforce them, or because of the apathy and indifference of the people in whose interests they are made. Want of *Machinery* often implies simply a want of funds. And while Provincial and Dominion Governments are wrangling as to who shall or who shall not foot the "leetle" bills in connection with the enforcement of what we may almost call dead letter laws, it behoves the people to assert themselves in a manner not to be misunderstood by any politician—no matter how wary or astute a hypocrite he may be. But how shall this be accomplished?

On Tuesday last the Royal Templars of Temperance of East Grey held their District Council in the Town Hall, Flesherton. After transacting their own especial business, the doors of the hall were thrown open and large and influential delegations from the Womens Christian Temperance Union, and Sons of Temperance Division, in this town, were admitted and introduced to the members of the council. It was, of course understood that the question of *Prohibition* and that of the enforcement of *Law and Order* were to be the vital topics of the hour, as they are of the day, and of this dominion. And such proved to be the case. Almost as soon as the delegates were seated, Mr. Carey Treadgold arose to his feet and read an essay in which these great, these burning questions, were embodied. While many of the statements in the essay were superfluous, perhaps, it yet contained all the material necessary upon which to base the spirited discussion and prompt and decisive action which followed. Mr. Treadgold struck the key note, and the music rolled on with very little intermission for two hours. There was variety of opinion as regarded minor details, but there was decided unity of action upon the fundamental principles. So much so, that a resolution was passed, in which all present pledged themselves to support any *straight* prohibition candidate who might be put in the field. Not only this, but a strong "Law and Order" committee was organized; for information in relation to details of which see report elsewhere in this issue of THE ADVANCE.

Now, we imagine we can see in this the dawn of a new era in Temperance work—an era of prompt and decisive action; an era of wordy agitation, but more emphatically an era of *practical work*. We can almost fancy we see the roots of the great evil being severed and the evil itself come tottering to earth never to rise again! Politics of *secondary* importance, *Temperance* paramount, with *total prohibition*—as a fitting climax—a possible result. So we interpreted the action taken on Tuesday afternoon.

But there is work to be done, and *now* is the time to do it. In the first place all the Temperance societies in Grey should be promptly notified of the action taken, so as to secure, if possible, the hearty co-operation and united action of every Temperance man, who puts home and country before party politics and the "flesh-pots of Egypt." While other minor organization are moving heaven and earth almost to secure legislation for themselves, why should the great Temperance Party of this country stand with folded arms and allow opportunity after opportunity to pass by without raising the banner, "For God, for Home, and for Country," in the interests of a great and worthy cause?

Now's the day and nows the hour
See the front of battle lower,
See approach KING ALCOHOL's power,
Chains and slavery!

Work, WORK, WORK! and God defend the right!

INCORRECT.

The Thornbury *Standard* reiterates the statement in last week's issue, that Mr. Thos. Kells has been making a personal canvass throughout the riding, with a view, as alleged, to secure his selection as a candidate in the Liberal Conservative interests for the Ontario Legislature. We are in a position to contradict the statement, and have much pleasure in doing so. But what gain could such a canvas be to Mr. Kells when the representatives or delegates to the Convention are yet to be appointed?

ANOTHER CANDIDATE.

We are informed on credible authority that Mr. J. Baldwin Hands, of Toronto, partner of the late A. W. Lauder M. P. for East Grey, intends offering himself as a candidate for parliamentary honors to represent that constituency in the local House, at the next election.

MAGISTRATES.

While many other places are grumbling because of incapable, partial, or unpopular magistrates, we are proud of the fact that Flesherton has a bench of J. P's in which none of the undesirable qualities enumerated are to be found. It is only when we read accounts of the blundering incapacity of magistrates in other localities that we begin to properly appreciate our own bench, which is second to none other in this or any other county in the Province. We have yet to hear of a single instance where the decisions of Squires Armstrong and Richardson have been appealed against. Of course the latter gentleman has not long performed the magisterial duties, but during the short time he has sat on the bench he has shown himself eminently qualified for the position. As for Squire Armstrong, the senior J. P., his reputation for firmness, decision of character, penetration, and general clear-headedness, is widely known, and properly appreciated by the law-abiding classes. The importance of such an excellent bench of magistrates is apparent to all lovers of law and order, and we earnestly hope that Squires Armstrong and Richardson may long be spared to fulfil the functions of their office.

EAST GREY.

The Exhibition to be Held Here This Month.

Thursday and Friday, Sept. 23rd & 24th, instant, are close at hand. On those days the popular East Grey Agricultural Society will hold their annual exhibition on their grounds in Flesherton. There can be no doubt but that—weather permitting—there will be the largest gathering of exhibitors and visitors here that Flesherton has probably ever seen within its borders at one time. No other exhibitions of importance will be held in the County upon the days named.

The prize list has been revised in many important particulars. Besides, the programme has been so arranged this year, that there will be equally attractive features for visitors both both days of show. The first and second days program is announced on the large colored posters as follows:—

Sept. 23.—Judging will commence at 2 o'clock p.m of Carriages, General Purpose, Roadster, Draught, and Saddle Horses, and all articles exhibited in the Agricultural Hall, together with two exhibitions of speeding in ring.

Sept. 24.—Final judging of all horses exhibited the first day, and judging of Brood Mares and Colts, Cattle, Sheep, Swine and Poultry. Grand review of all Prize Animals in the ring at 3 o'clock—exhibition of speeding in the ring, closing with President's address from the grand stand.

It would not be out of place to again remind exhibitors that all entries must be made before show days.

No pains will be spared by the energetic committee to please and entertain visitors each day of show. It may further be stated that in offering special attractions at this exhibition the Society is solely influenced by the laudable desire to place the East Grey annual Exhibition in the foremost ranks of the county shows North of Toronto. In order to do this, new features must be introduced from time to time. And this the Society has been doing gradually as funds would permit. The finances have been economically managed from the beginning, and every dollar paid out for improvements, etc., has been expended in the most judicious manner. The directorate has shown an amount of energy and push in their operations, which should command the substantial support of the public, and we believe they will get it.

LIVE NEWS ITEMS

Gathered from Simcoe, Grey, Bruce, and Dufferin Newspapers.

The Wiarton *Echo* was terribly surprised at seeing so many Canadian thistles growing in the township of Keppel recently without hindrance on the part of the law officers. There are several thistles in Artemesia even, but it doesn't surprise us a bit.

John Dean, of Michigan, champion standing long jumper of the world, had a jumping contest with John Turner, of Wiarton, recently, and only beat the latter 3¾ inches. The jumps measured 13 ft. 5¾ in. and 13 ft. 2½ in. respectively.

The spicy, racy, original, wide-awake, progressive Meaford *Mirror*, has been enlarged to a 48 column paper.

The Thornbury *Standard* says that Dr. Christoe preached recently from the words, "There is death in the pot," and that the next Sunday the Dr. felt tickled to know his sermon had some effect, as "people cleaned out their cesspools." The inference is really as wide of the truth as it is ridiculous. Intemperance was the subject of his discourse.

Ex-Mayor Adam Dudgeon, Esq., of Collingwood, died on Friday of week before last, at the age of 62 years. He was elected Mayor of Collingwood five times in succession.

Steps are being taken to organize a Canadian Order of Foresters lodge in Orangeville.

The Fergus lacrosse club was defeated by the Lornes of Mt. Forest on Thursday last.

Ten new justices of the Peace were lately appointed for the county of Dufferin by the Ontario Government.

Hon. Thos. White, Minister of the Interior, will meet his friends at a big gathering to be held at Dufferin lake about the 17th inst.

Water is so *scarce* in Orangeville that forty persons get their supply of that necessary article from Lennox's well. So says the *Post*. And the Scott Act is in force there, too!

Orangeville has two chimney sweeps.

A Walkerton bill poster was fined $1 and costs, in all $6, for posting bills on premises without permission.

A Walkerton man recently found a pair of hand-cuffs, and for the novelty of the thing clasped one of the cuffs on his arm, where it remained until the owner, a constable, turned up and released him from the inconvenient encumbrance.

George Adlam, jr., of Bentinck, has joined the North-West Mounted Police force.

The Durham *Chronicle* establishment has been removed to the old office, opposite Cochrane's foundry. The Hanover *Post* gives currency to a rumor that the plant of the *Chronicle* has been purchased by Mr Jenkins father-in-law.

A certain Wm. Anderson has threatened to give the Durham *Chronicle* man a "licking." There are lots of such cattle in this world, who threaten to "lick" editors because the latter have the audacity to tell the truth!

Grey fall assizes will take place in the court house, Owen Sound, commencing Oct. 4th.

A most diabolical effort was made to blow up a temperance hall in Arthur village recently, while the lodge was in session inside.

A week ago last Sunday evening the barn of Mr. John Hill, Balaclava, was struck by lightning and totally consumed, with its contents, says the Owen Sound *Times*.

Mr. James Butchart, of Owen Sound—an old pioneer—died last week aged 81 years. He resided in Owen Sound from 1845 until his death.

A Good Year for Bad Fridays.

The *St. James Gazette* says that 1886 began on Friday, will end on Friday, and contains fifty-three Fridays. Four months in the year have five Fridays. Five changes of the moon occur on Friday, and both the longest and shortest days occur on Friday. This might indeed be termed a Friday year.

A Terrible Accident.

The people of Brampton were startled on Saturday forenoon last by the spread of the news that Mr. Andrew Crawford, of Campbell's Cross, had met with the sad accident of having his leg (between the ancle and the knee) cut off by the Grand Trunk mail train going west.

Mr. Crawford and his daughter were at the station on their way to go to Toronto. This train was on the middle track. He was about getting on and looked back for his daughter, who was on the platform. He was beckoning her to come on board, and did not observe the up train coming in, the cow-catcher of which hit him on the side and threw him over, and as it had not stopped his leg got under the tender wheel, which cut it off, as stated, leaving it hanging by its sinews. He was at once lifted up by the bystanders and carefully taken to the Queen's hotel, where his leg was amputated a little below the knee by Drs. Robinson and Heggie, Jr., assisted by Drs. Dumble and Mullin, and appeared up to Sunday to be doing as well as could be expected. He was evidently internally hurt as well, as he passed a good deal of blood. On Sunday afternoon he gradually became worse, and died at two o'clock on Monday morning. His remains were taken to Campbell's Cross burying ground. He farmed for a number of years on Lot 27, 1st con. east and west, Chinguacousy, and for the past two or three years had retired from farming and lived at Campbell's Cross. He was 62 years of age, and leaves a family of four sons and three daughters.—*Brampton Times.*

[Deceased was a first cousin of Mrs. John Duncan, Artemesia.—Ed.]
