The Great Fair of the West

The Western Fair of this year, beginning on the 6th of September, and continuing till the 15th, will be without a doubt far ahead of its predecessors.

Many changes are being made to the buildings and grounds, which will be much appreciated by the patrons of this truly great agricultural show.

It is difficult now-a-days to find a great deal of novelty, but the Special Attraction Committee of the Western Fair Board have certainly done so. In addition to a full corpse of competent artists in their various lines, the pyrotechnical display will be on a scale never before attempted. The main effort will be a representation of an armored train leaving Mafeking during the siege, wherein Col. Baden-Powell gained undying glory, its attack, and the repulse of the Boers, with the guns that formed the battery at Kimberley. Another patriotic feature will be gorgeous gyrating wheels wherein will be displayed the national colors of England, Ireland and Scotland, also the "Curtain of Kimberley gems." This promises to be the best pyrotecnical display ever given in Canada, and special train arrangements have been made so that all visitors to the fair may remain for the evening.

But this is not all by any means. The artists who give the performance during the intermission in the trials of speed include Cadieux, a slack wire performer, whose feats have made him famous the world over. The "Rozines" have a veritable novelty now being performed in the principal vaudeville theatres. They carry special scenery. The act consists of marvellous, daring and difficult acrobatic feats on a bounding billiard table, and one of the greatest as well as the most amusing comedy acts now before the public. The "Rexos" are skatorial artists, eclipsing all others who have ever appeared on roller skates, while no one can see "Picard and Bowen" on the horizontal bar without laughing at their funny antics, and at the same time admiring their physical skill and gracefulness.

A decided novelty will be presented by T. Harry Belknap, who is a lightning artist in modelling from clay and drawing in smoke and sand. This performance is not only original but educative and pleasing withal. All who have heard Sousa's band will recollect Bessie Gilbert, the cornet virtuoso. This young lady will appear every afternoon and evening during the fair. The Carl Dammann family of acrobats (five in number) who have a world-wide reputation, will positively appear this year. Two other families have also been engaged. The Dillworth family, comprising eight persons, who are exceptionally expert ground and lofty tumblers, and the Wernitz family of six, doing a mid-air act that is hair-raising in its features. The Rossi Bros. with their "Mysterious Sweetheart" are very funny at the same time proving themselves expert acrobats. The sweetheart will prove a surprise to all who have never seen the act. But perhaps the most novel feature of all will be Marryat's Greyhounds, who do chariot racing with boy jockeys and give a very fine performance.

The celebrated Prof. Hutchison and Miss Retta Danzell, the queen of the clouds, will do a double parachute drop from one balloon each afternoon. Taken all in all the special attractions for the Western Fair of 1900 have never been excelled, and it would be very difficult to engage a stronger aggregation than will appear.

From Our Own Correspondent

The Minnonites have again removed their tabernicle from here. During their stay they attracted large crowds to their meetings and it is to be hoped much fruit will result from the seed sown by this band of earnest christian workers. While their service was in progress a week ago Sunday some depraved miscreant threw a fire-cracker among the worshipers. Such exhibitions are of rare occurance in our midst, our young men knowing how to behave themselves and reverence divine worship. We have no doubt but the party is now heartily ashamed of his conduct and believe that the like will not occur again.

Miss Priscilla McKee of Owen Sound is the guest of relatives here.

Mr. Geo. McNally of Toronto, has been here visiting friends.

Rev. Mr. Ward, Flesherton, was a welcome caller last week.

Mr. and Mrs. Jamieson, Mrs. Geo and Mr. John Beecroft visited Thornbury recently.

Chief McTavish called around last week looking after the interests of the township.

Mr John Corrigan had his large frame barn raised on Monday without any accident. Mr. John Whitten is the contractor.

Mr. J. W. Lyons' sister of Toronto is visiting with him at present.

Mr. A. McDuff of Dumdalk called on Saturday.

Miss Tillie Taylor, who was very ill in Toronto some time ago, is now home at her mother's and her friends rejoice to see her so much improved in health.

Wm. Abbot, a resident of Thornbury, was drowned last week while bathing at the Mink islands, near Parry Sound.

The town of Orangeville has been presented by the Dominion government with two large cannon, relics of the 1812 war, which will be mounted in front of the Dufferin county buildings.

Nature was particularly generous to a pig born last week on Mr. Dunn's farm near Nicolston. The animal had eight legs, four ears, and two complete bodies from the shoulders back. The strange freak lived for only a short time. Mr. Dunn has preserved it in a jar of alcohol —Alliston Herald.

The following brief and truthful funeral sermon was delivered recently by a Kansas preacher: "A word to you all. Post mortem praises are in the air. People kiss their dead who never stoop to kiss their living; they hover over open caskets in hysteric sobs, but fail to throw their arms around their loved ones who are fighting the stern battles of life. A word of cheer to the struggling soul in life is worth more than all the roses of christendom piling high over casket covers. The dead can't smell flowers but the living can; scatter them broadcast in their pathway therefore and pluck out the thorns before it is too late."

Notice to the Public.

HEALTHY

HAIR

A man with a thin head of hair is a marked man. But the big bald spot is not the kind of a mark most men like.

Too many men in their twenties are bald. This is absurd and all unnecessary. Healthy hair shows man's strength. To build up the hair from the roots, to prevent and to cure baldness, use—

AYER'S HAIR VIGOR

It always restores color to faded or gray hair. Notice that word, "always." And it cures dandruff.

$1.00 a bottle. All druggists.

"My business calls me out among strangers a great deal. I would actually feel ashamed every time I would take off my hat, my hair was so thin and the bald spots showed so plainly. I began the use of your Hair Vigor less than three months ago. Today I find I have as fine a head of hair as I ever had. I tell everybody what I used, and they say 'it must be a wonderful remedy.'" GEO. YEARL,
Dec. 14, 1898. Chicago, Ill.

We have a book on The Hair and Scalp which we will send free upon request. If you do not obtain all the benefits you expected from the use of the Vigor, write the Doctor about it. Address,
