Characteristics of the Past Week Carefully Culled for the Curious.

More stave timber wanted. Mr. Damude is still paying cash for soft elm timber at his factory.

See M. Richarkson & Co's wall paper and decorations for ceilings.

Spring sale still continues at Richardson & Co's while stock lasts. Bargains in every line.

For ladies and Misses fine wear in boots and shoes, W. Clayton's is the right place to get them, a large stock to choose from.

Wm. Clayton has a splendid lot of lace boots and shoes, some heavy, some very fine, suitable for men's and boys' wear.

The Canadian Horticulturist for March —the neatest of its kind—is to hand. One dollar per year, with choice in plant distribution.

Messrs Petch & Mitchell have decided to charge two cents per pound more for meats when booked. Moral—always pay cash and save two cents.

Ladies hold your Spring Millinery orders until you have seen the stock Miss Maud Richardson will open next week.

Protect your soles during the coming spring and summer by purchasing cheap foot wear at Wm. Clayton's boot and shoe emporium, Flesherton.

Rev. John Shaw, of Toronto, preached missionary sermons in the Methodist church on Sunday morning and evening last to large congregations.

I. B. Lucas, barrister, of the firm Bishop & Lucas, Owen Sound, is at the office of Wm. Lucas, & Co., in Markdale, every Friday, and in Dundalk every Saturday.

Mr. Mackey has fitted up a very neat barber shop in Moore's block, where he may be found at any hour of the day. Call in and see him. His advertisement will be found elsewhere.

A brakesman got his fingers pinched at the station while coupling cars one day last week, necessitating a visit to Dr. Carter, who fixed him up, and sent him off with a white face, but fairly happy.

Spring importations coming to hand at M. Richardson & Co's indicate their confidence in the business prospects for the coming season.

The following speaks for itself:

DEAR SIR,—In answer to your enquiry asking how I like the pump you put in my well 50 feet deep, I must say that I am well pleased with it. It works so easy my little girl 7 years old can pump with it. L. J. WILLIAMSON.
Eugenia, March 3, 1890.

A number of Flesherton young people attended the Collegiate Institute conversazione held in Owen Sound on Friday last. Most of them did not return home until Monday, and all say they had a most enjoyable time.

Two of Flesherton's fairest young ladies walked all the way to Eugenia on Wednesday night of last week to attend the Orange soiree. It was a bad night, too, but the young women in question are hot headed Orangeists, and of course could not miss the show.

No new particulars as to the burning of Mr. Samuel McKnight's residence, near Epping, have come to hand, the cause of the fire being still unknown. A large lot of wearing apparel and jewelry was destroyed, the only thing of much value saved being an organ.

Mr. Joseph Blackburn is still confined to his house from the effects of la grippe. Some three weeks ago he came down to the store, but after returning home took to his bed, where he has remained ever since. He is very low, but no immediate danger is anticipated.

When Alexander the Great was conquering the eastern world his soldiers suffered greatly from sore feet. The trouble was that they had not such men in those days as Wm. Clayton to furnish the men with foot protection. An army of men might be cheaply and efficiently booted at his establishment, Flesherton.

It is with sorrow we learn that Rev. David Holman, of the People's Church, Chicago, suffered the loss of his eldest son, Wordie, on Tuesday of last week, by scarlet fever, and that the younger son is now ill of the dread disease, but will probably recover. Mr. Holman and family returned home from Flesherton only a few weeks ago. Wordie was a bright little fellow, three years old, and his death is a heavy blow to his parents, who have the sympathy of friends in this vicinity.

Change of Date.

The date of the Glee Club's concert has been changed to Friday, 28th inst. Don't forget it. This is the last treat of the kind you will have for some time, and you should not miss it. Bills giving full particulars will be issued this week.

Bear Killed.

On Tuesday, the 11th inst, while Mr. John Bell and sons, 16th con., Proton, were cutting timber in the swamp a short distance from the clearing, they discovered a hollow tree with a large opening in the side, and upon examination discovered a bear inside. A gun was procured and so disabled bruin with a well directed shot that he was led to the house with a chain where he was finally dispatched. The animal was about three years old.

M. Richardson & Co. have just received direct from manufacturies in England a large consignment of spring dress goods, also case of Irish linens direct from Belfast.

Interesting to Parents.

Mr. Robt. Laidlaw, of the Ottawa Free Press, says: Our babe was so choked up she could hardly breathe. In fact at one time we feared that she would choke to death. Respiration became more difficult every minute, for which we could get no relief by the usual remendies formerly used. Having a bottle of Nasal Balm in the house, my wife suggested trying it, and in twenty minutes from the first application the child was sleeping and breathing easily, and in twenty four hours not a sign of trouble remained. It is an invaluable remedy for children as well as grown people.

Nearly an Accident.

Miss Ada Sproule, who is attending the Collegiate Institute in Owen Sound, very nearly met with a severe accident, and one which might even have proved fatal, on the evening of the conversazione. While standing near the foot lights her hair accidentally came in contact with one of them and instantly took fire, but was very fortunately extinguished before serious damage was done. Miss Ada is receiving congratulations on her narrow escape from the sad fate which has overtaken others in a like manner.

To house furnishers needing wall paper, curtains, carpets. The stock of new goods in these lines at M. Richardson & Co's excells in variety and value any ever offered here.

Prize Stories.

In answer to our offer of prizes for stories we have received three or four excellent ones, which will prove a treat to our readers during the coming summer, but we would like to receive more, and as there are only two weeks remaining of this month those intending to secure one of these magnificent steel engravings will require to send in their stories during that period, as the competition ends on April 1. We want something good, because the engravings are costly and will be found worthy of good work. We think they will be a surprise to those who are so fortunate as to secure them.

Orange Soiree.

The Orange Soiree at Eugenia on Wednesday night of last week was a great success. The program consisted of music by the Flesherton Glee Club, readings by J. Carson, speech by H. Meldrum, Esq., recitations by Master Carr, dialogues, a couple of songs by Mr. W. Pedlar, music by Messrs. J. Williams and Walker Sloan. The specialty of the evening, however, was dancing by little Master Pedlar, whose acts took the house by storm. Mrs. Thompson, of Flesherton, was the caterer, and the viands provided reflected much credit upon her as a *chef*. The proceeds were in the neighborhood of $38.

They Lost Something.

The Flesherton Glee Club visited Eugenia on the evening of the Orange soiree, and on their way home one of the ladies lost a pair of stockings and one of the gentlemen lost a rubber shoe. The missing articles were returned on the following day by a gentleman who lives on the gravel road east. But right here let us rise to enquire what in under the sun the party could have been doing when these articles were dropped? Was the tea provided too strong for their nerves? Or were they intoxicated with the beauty of the night? This is a serious matter and will require a committee of investigation.

To our Subscribers.

The special announcement which appeared in our columns some time since, announcing a special arrangement with Dr. B. J. Kendall Co., of Enosburgh Falls, Vt., publishers of "A Treatise on the Horse and his Diseases," whereby our subscribers were enabled to obtain a copy of that valuable work free by sending their address to B. J. Kendall Co., (and enclosing a two-cent stamp for mailing same) is renewed for a limited period. We trust all will avail themselves of this opportunity of obtaining this valuable book. To every lover of the horse it is indispensable, as it treats in a simple manner all the diseases, which afflict this noble animal. Its phenominal sale throughout United States and Canada, make it a standard authority. *Mention this paper when sending for treatise.*

Dr. Hunt, Victim.

The Liberals of this riding convened in Markdale on Thursday last to transact general business and nominate a candidate to contest the riding with Major Rorke at the next local election. The following officers were appointed for the ensuing year: Thorpe Wright, President; P. McCullough, W. H. Tyson, Mr. Gibson, Vice Presidents; C. W. Hartman, Sec-Treas. Dr. Hunt, of Clarksburg, was then unanimously chosen as a candidate for the local House by a standing vote and three cheers for the doctor. A committee composed of Messrs. Wm. Brown, P. McCullough, Mr. Pye, Dr. Hunt and T. Moffat, jr., then drafted the following resolution which was adopted with a standing vote:

We, the Reformers of Centre Grey, assembled in convention, take this opportunity in declaring ourselves entirely in accord with the past and present policy of the Mowat government, that its able, determined and successful defence of the rights of this province against the persistent and violent attacks of the Dominion Government entitles it to the warmest gratitude of every true Canadian, which should be evinced by the use of the most vigorous efforts to again place the Hon. Oliver Mowat in the position which has enabled him to act so well for the advantage of the people of this province.

That while the Hon. leader of the Reform party in Ontario has proved himself for seventeen years a faithful custodian of our rights his government has always dealt out equal justice to every individual irrespective of creed or race, and we regard the government of the Hon. Oliver Mowat as the true exponent of Equal Rights.

After a few clear and straightforward remarks by Dr. Hunt, who showed himself to be not only a good speaker but a man of the right metle, just the man for the present political situation, the meeting broke up with three cheers for the Queen, Mowat and Dr. Hunt. COM.

New Rubber Caps, Coats etc. just opened—direct importation from Mosley & Sons, Manchester. A fine assortment at M. Richardson & Co's.

A Boon to the Afflicted.

MR. EDITOR.—It is a well known fact that the majority of people are inclined to look upon a cold in the head as a matter of little importance—involving at the most only a temporary inconvenience. No more disastrous mistake was ever made. The neglected cold in the head is the source of the catarrhal affections with which about seven-tenths of the people of this country are afflicted, and catarrh itself is too often the preliminary stages to consumption and death. The symptoms of cattarrh are manifold, but among them may be mentioned, offensive breath; dull, oppressive head ache; offensive droppings from the nostrils into the throat and bronchil tubes; deafness or partial deafness; constant hawking and spitting, weak and watery eyes; a hacking cough and feeling of general debility; ringing in the ears and frequent dizziness. These are but a few of the more general symptoms, and those who experience them should lose no time in applying a remedy—delays are proverbially dangerous, and in the case of this too prevalent disease may lead to death. We offer Nasal Balm to the public as a positive cure for cold in head and for catarrh in all its forms and stages. Nasal Balm has been tested in thousands of cases, and the testimonials in our possession prove that it is all we claim for it. It has cured other sufferers—it will cure you. It is easy to use, pleasant and agreeable and does not require a douche, or any torturing instrument to apply it. Give it a trial and be convinced of its great efficacy. Sold by all dealers or sent post free on receipt of price—50c for small or $1 for large size bottles, by addressing Fulford & Co., Brockville, Ont.

A Danger Signal!

A Cold in the Head may be aptly termed a danger signal warning you that if neglected the dangerous and disagreeable disease, Catarrh, is sure to follow, perhaps leading to Consumption and the grave. At no season of the year is Cold in the Head more prevalent than during the Spring months, and at no other season do the people of this country suffer more generally from Catarrh, with all its disagreeable and annoying effects. Do not for an instant neglect either of these troubles, but apply NASAL BALM, the only remedy that will give instant relief and effect a thorough cure. The following testimonials from among thousands in our possession bear witness to its sterling merit.

Alex. Burns, Sudbury, Ont., says: I may state that I have been affected with Catarrh seven or eight years and it was attended by consequent symptoms such as foul breath, constant dropping into the throat, hawking and spitting, partial deafness, ringing in the ears and sickening pains in the head directly over either eye. I have used powders and douches, but all to no effect, the only result arising from the use of such was temporary relief, followed by the usual symptoms in a more aggravated form. The results arising from the use of Nasal Balm: Sweet breath, stoppage of the droppings into the throat, (consequently less hawking and spitting), clearness of hearing, and not once since I began its use have I had pain in the head. In fact, it is my opinion that a careful and persistent use of the Balm will effect a cure in the worst case of catarrh.

T. D. D. Loyd, 8 Clarence street, Toronto, says: I wish here to testify to the unequalled healing powers of your Nasal Balm. I have been troubled for three years by what the doctors call post nasal catarrh, and have tried everything in the city that could be obtained, in the shape of catarrh cures, and found no permanent relief from any of them, till a friend one day advised me to try your Nasal Balm, and I find that even one bottle has done me more good than all the medicines put together that I have persecuted myself with before. I was very much troubled with spitting and hawking, especially in the morning, so much so that my throat was continually in a raw condition, but I am now beginning to know what it is to be able to speak freely. I shall not fail to recommend it to any of my friends suffering from the like disease.

Nasal Balm

Instantly Relieves

COLD IN HEAD.

A. W. Mallory, Mallorytown, Ont., says. My daughter suffered for years from a most distressing and annoying Catarrh. Her case was under the treatment of eminent physicians in the United States and Canada. Two months use of Nasal Balm has had more beneficial effects than all former treatments combined.

L. D. Dion, Dept. Railways and Canals, Ottawa, says: I am very glad to give you to-day the testimony that Nasal Balm has completely cured my catarrh, from which I suffered for nearly three years.

Nasal Balm

Positively Cures

CATARRH.

D. Derbyshire, Mayor of Brockville and President of the Ontario Creamery Association says: Nasal Balm beats the world for Catarrh and Cold in the Head. In my own case it effected relief from the first application.

Isaac Waterman, Imperial Oil Co'y, Petrolia, Ont., says: Nasal Balm gave me the most perfect satisfaction of any medicine I ever used for Cold in the Head. I found it easy to use, quick in giving relief and effect a complete cure in a couple of hours.

If Nasal Balm is not kept in stock by your dealer it will be sent post paid on receipt of price (50 Cents for small and $1 for large size bottles) by addressing
