JEFFREY ARTLEY, Mfgr. of Wind Mills and Pumps, Markdale, Ont., If you need a pump of any kind, and will favor me with your order, I will guarantee to give satisfaction every time, I can suit you in either Iron, Brass, Porcelain, or Galvanized Iron.
TERMS—Repairing cash; new work short date approved notes if desired.
Below I give a few testimonials:
Dear Sir.—The two pumps you put in for me are giving me splendid satisfaction (one of them 66 ft. deep, the other 23). I am well pleased with them. JOHN PORTEOUS, Flesherton.

MR. J. ARTLEY,
Dear Sir.—In reply to your's of the 12th inst., I would say that the pump you put in for me has proved very satisfactory, it being durable and very easy to work. Enclosed please find $5, balance for pump. JAMES JOHNSTON, Flesherton.

SATISFACTION AT LAST.—This is to certify that I have had great trouble and expense with my well (55 feet curb) in regard to pumps until I got Mr. J. Artley to overhaul it; since then I have had entire satisfaction. My little boy, six years old, can pump with it nicely.
ARTHUR JOHNSTON, Vandeleur.
June 16th, 1890.

Dear Sir.—Your favor to hand enquiring how we got along with the Wind Mill. I might say we had no difficulty in putting it together. It is working splendid. The pump does its work all right. I like the working of the Victor Wind Mill very much. It governs itsself nicely in a high wind, and I think it far more durable than a wooden mill. N. DUXBURY, Meaford.

TO JEFFREY ARTEY, Markdale:
Sir.—The pump I purchased from you for 27 foot well gives complete satisfaction. It works with the greatest ease, for the quantity of water delivered, of any pump I have ever tested. I believe it is constructed on a simple and durable principal and not liable to get out of order. I could not wish for a better pump, and can, with the utmost confidence, recommend it.
Wishing you every success I remain, yours &c., &c. J. W. SPROULE, Markdale.

COUNTY AND DISTRICT.

Walkerton will shortly vote upon a waterworks bylaw.

Several cases of diphtheria in a mild form are reported in Owen Sound.

Wm. White, a C. P. R. brakesman, broke his thigh by falling from a car at Shelburne.

Henry Etzel, of Brant, attempted to hang himself but was cut down in time to prevent the blessing.

Eight boys were fined $1 or three days in the "cooler" each, in Collingwood last week, for stealing apples.

A little Beeton boy climbed to the roof of the house and rolled off, presumably to see what it felt like. He lit on a sidewalk and knocked out several teeth His mouth is not yet in a condition to describe the sensation experienced.

Judge Hughes, of St. Thomas, was hugged in mistake on the street one night lately—a young girl mistaking him for her best fellow. It is said that the Judge has been seen walking about the same spot since after dark to see if he could not be hit by any more mistakers, but the young lady has evidently found her sweet heart.

On Wednesday of last week Mr. Philip Lorch, a well known farmer on the third of Wallace, was removing some straws from the knotter of his binder when the horses started and the needle descended and pierced two fingers of the left hand. The hand being thus pinned down, the discharging arm of the binder struck and broke his arm below the elbow. Mr. Lorch took out his knife and started to cut his fingers free of the needle, but being afraid of cutting a cord, desisted and did not get free until the casting was broken off with cold chisels. The accident must have been an unusually painful one.

A strange people have settled near Pierre S. D., who are engaged in farming. They are under the leadership of a woman, and hold their property all in one common lot. The woman is rather handsome and of commanding presence and rules over the colony of about 200 in rather a despotic manner. Their religion savors somewhat of the Mormon and old Jewish religion, and recently they offered burnt offerings in the way of calves, etc. They positively refuse to allow strangers who will not be one of them in their midst, and all attemps to gain any information from them by the ordinary means have failed. They have called their town Moab.

Mr. James Rayburn, of Caledon, is the possessor of a rare relic of the Upper Canadian Rebellion of 1837-8. It is the rifle used by Samuel Lount, who figured so conspicuously in those troublesome times. The piece is a peculiar specimen of the old-time gun. The barrel is four and a half feet in length and running parallel with it is a wooden ramrod. Although not a flint-lock, it is not a great improvement on that class. The trigger guard is of brass, and the butt contains a small apartment intended for the storage of wads and caps. The piece must have been a very expensive one in its day, judging from the manner in which it is mounted. Some of the silver ornaments still remain, but most of it has been removed.—[Orangeville Advertiser.

Mr. W. H. Bannerman, who was formerly a teacher in our public school, and is well known to many townspeople, was married a few days ago to Miss Grace, daughter of James Mitchell, Esq., of Holland, and with his bride has since departed for the mission field on the Congo River, in far South Africa. Since leaving Owen Sound Mr. Bannerman has travelled much on his own continent, more particularly in Alaska and British Columbia, where he lived for some time. Two years ago he entered Princeton College, and is now a duly accredited missionary of the American Presbyterian Church. Many residents of this district will feel a personal interest in the Congo Mission, owing to the presence there of Mr. and Mrs. Bannerman.—[O.S. Advertiser.

It is expected that the Burchell trial will open about Monday, Sept. 22. Gov. Detective Murray has been at Niagara Falls last week serving witnesses with subpœnas. There are about 70 crown witnesses summoned. Detective Bluett, who is working on the defence, also left for Niagara Falls. Detective Murray will devote most of the time between now and Sept. 18 to arranging everything in ship-shape for the trial. Col. Benwell, the father of the murdered man, will sail from Liverpool by the Inman liner City of New York on Sept. 2, and will arrive in New York on the 10th. He will be met there by Mr. Murray. Dodglas R. Pelly, the principal witness, arrived at Victoria, B. C., on the 13th, after stopping at Regina, Calgary, Banff and Vancouver on the way. On the 14th he left for San Francisco, where he will remain a couple of days and then start for the east, reporting at Woodstock on September 10.—[Woodstock Times.
