**'Caygeon Airman**  
**On Furlough. Has**  
**Had Exciting Times**  
*1943*

Another boy of this district to return from service overseas is Gnr. George Gallagher of Bobcaygeon who arrived in the village Saturday evening.

George was eager to do his bit to win the war so enlisted with the R.C.A.F. He has had many experiences, has been in two accidents and after spending some time in a hospital, has been granted furlough home.

In one accident the engine of the plane in which he was riding stalled and in attempting to bail out, the door of the plane caught his leg, breaking his ankle. However, the engine started again and a safe landing was made.

The ship on which he crossed was the Queen Elizabeth which made the trip in two and a half days.
