JANUARY, 1891.

We are starting the first month of the New Year with a determination to make our sales double the previous year. There is no standing still in business, it is either go ahead, or go behind, and we are bound to go ahead. In order to accomplish our purpose, we have to make our stock so attractive that both new and old customers will find it worth their while to deal with us. The cheapest goods are not always the best to buy, but we shall endeavor to give you quality as well as cheapness. This month we shall show

Full and Special Lines in Every Department,

And shall invite an inspection of our stock before purchasing elsewhere

Thanking our many customers for their liberal patronage during the past twelve months, and soliciting a share for the coming twelve, we wish each and every one a prosperous and Happy New Year.

JANUARY, 1891.

Swinton Park.

From our own Correspondent.

A very successful tea meeting was held in St. Andrew's church on Tuesday evening the 20th inst. The speakers were the Rev's Mr. Husband, Hudson and Morrison. A choir of children from Priceville and Andrew's church choir, Dromore, furnished music for the occasion. The Rev. D. McColl occupied the chair. Proceeds $62.

Certain evil-desposed youths (grown up) were kindly but firmly reprimanded by the minister a week ago last Sunday in the Methodist church, for their misbehavior during divine worship. A hint was thrown out, that if such conduct was persisted in a more decisive course would be taken by the members. A word to the wise is sufficient.

The academicans feasted right royally at noon the next day after the tea meeting on the good things left over.

The increasing business of Mr. J. Pattison, our popular merchant, has necessitated the enlargement of his store, which now presents a much more attractive and comfortable appearance. Mr. George Parslow is the contractor.

Mr. Jno. McMillan is busy drawing and splitting the wood for the school. Jno. is a hustlsr when he gets steam up.

There must be some powerful attraction at the academy as we notice that several of our adolescent genus homos spend a considerable portion of their leisure time around that institution.

A party of hunters from Hopeville succeeded in killing three Canadian lynx in one day last week, in a swamp on Mr. Black's farm. One of the cats was killed by the dogs, but not until after a desperate struggle in which the feline used the canines pretty rough.

Mr. Archie Ferguson is busy preparing for building operations next summer.

Mr. Dan. Gillia is visiting friends in Garafraxa. Dame Rumour hath it that Dan does not intend coming home alone.

Mr. Matthew Lee had a very successful "bee" drawing wood last Friday. In the evening the young folks entertained themselves very pleasantly for a few hours in flipping their brogues to the merry music of the fiddle.

Mr. Donald Ferguson, of Mt Forest H. S., spent a few days at home last week. He returned to school on Saturday.

Misses. M. Hargrave and S. Parslow and Mr. W. Knox are taking a course of study at the academy.

Three Miss Lawerence's, of Egremont, are visiting friends in this vicinity.

DIED—On Monday morning the 19th inst., Mary Ferguson, aged 5 years, youngest daughter of Mr. Jno. Ferguson. The funeral took place on Tuesday, the Rev's Mr. Husband and McColl officiating. We extend to the afflicted family our sincerest sympathies.

Inistioge.

From our own Correspondent.

Mrs. Samuel Waikley presented her husband with two baby boys on Wednesday last.

The services have been withdrawn from our church on Sunday next on account of the quarterly meeting which will be held in Dundalk.

Mr. Geo. Jonnston has left for Buffalo.

On Wednesday last there was a party given under the auspices of the Presbyterian church, at the residence of Mr. David Stinson.

Now that our new council is in place, we think it most advisable that a little attention should be given to that part of the town line between Artemesia and Proton, which lies between Victoria cheese factory and Proton Station. It should be covered with a foot of gravel, and now is the time to do it, while the sleighing is good.

Mr. Editor, we would like the readers of The Advance to understand that your regular correspondent has had nothing whatever to do or say in connection with the "entertainment given on the evening in which our new school was opened." It seems to us that the party who wrongfully reported the proeeedings in the first place lives in Flesherton.

Mrs. Watson, of Priceville, visited her sister, Mrs. Geo. Moore, one day last week.

Eugenia

From our own Correspondent.

Property at Eugenia seems to be in good demand at present. Mr. J. H. Duckitt has bought J. W. Hoath's farm. Mr. F T. Carr has bought the saw mill from Mr. Adam Smith, formerly belonging to the late Mr. Akitt. Mr. Carr intends to do good work, and hopes to give good satisfaction to all who patronize his mill.

Mr. Fenwick, who bought the grist mill, has first class machinery ready to put into the saw mill, which runs in connection with the grist mill.

There is great expectation of a paper mill starting here. If it does start it will be a great advantage to this part of the country. I think every one around ought to stir up and do their best to get it to come. Once the place is established more factories will come in, so let all put their heart and hand to the work of getting something started.

A few nights ago there arrived at the residence of Robt. Purvis a little boy and girl, perfectly destitute of clothes, and barefooted. Of course Rob claimed them at once, and is doing his best, both he and his wife, to make them content. That shows that Eugenia is improving fast every way.

Mr. D. McMullen had the same good luck as Bob Purvis, only it was just a little girl that came to him.

Mcaford Road.

From our own Correspondent.

Here yet and kicking.

Mr. G. Pritchard fills the bill as school trustee.

Mr. J. Weber is still on the war path taking orders for fruit trees.

The annul tea meeting in connection with the Sabbath school was held on the 21st and was well attended. The usual program was rendered, consisting of dialogues, recitations, etc. Proceeds $21.35.

The Rev. R. Davey and Miss Crossthwait, a returned Chinese missionary, were present at the Wesley church, conducting missionary services, last Sabbath afternoon. There was a large turn out, the church being filled to the door.

Mr. Riddle and sisters, of Albion, have been visiting friends in the neighborhood lately.

Mount Zion.

From our own Correspondent.

Mrs. and Mrs. Northmore are visiting here with the parents of the latter, Mr. and Mrs. Joseph Watson, sr. Mr. Northmore is at present in feeble health. We hope the change may benefit him.

Miss Eliza Breadner, who has been visiting friends here during the past three months, has returned to her home in Euphrasia. We presume she will be missed from among the young people.

The great interest taken here in the "Car and White trading affair" has now sudsided. Mr. Car has replaced his horse with a fine colt. We hope both parties may have learned a lesson not soon to be forgotten.

Lady Bank.

From our own Correspondent.

Mr. Heron is freezing his fingers fixing his saw mill. He expects soon to do a rushing business while L. is home again.

J. Poole is getting out lumber for his barn.

Sloan is making lumber that is lumber. Success to his mill and better health for himself!

The Lit. on 5th side road is rendering a various program each Thursday night in song, speech, reading and debate, even though M. D. C. should resign.

Did you hear the wedding bells?
