WE KNOW

That since operating Flesherton Creamery, we have always made an effort to Pay HIGHEST MARKET prices for your products, plus the best of SERVICES, and a SQUARE deal throughout. Our record of continued increase of business proves this out.

WE KNOW—

That with the beginning of a new season, distant Creameries will canvass most of you with unreasonable promises, which usually do not last.

That it is an established fact, farmers who sell their cream to outside Creameries help to pile up unnecessary expense, and thereby keeping down the net returns for their products.

That no farmer can make a cent a pound butterfat easier than by delivering his cream to the Creamery.

WHY LOOK FOR AN OUTSIDE MARKET WHEN WE CAN GIVE YOU A BETTER MARKET AT HOME

DO YOU KNOW

That cream cans are costly and creating heavy expense to the industry yearly, and now, because of the war, metals are required for other purposes, so we ask you to help save our cans, and if you have more than vou actually require for cream, kindly set them aside and our truck will pick them up. We can have rusty cans re-tinned to look like new.

Starting April 27th, 1940, the Creamery will be open Saturday night for testing.
