HE WAS BASHFUL.

Policeman—"Look here, young man, what are you doing? You've been hanging round and looking at that shop for the last half hour, and it looks very suspicious."

Smart Young Man (who has within the last few days experienced the joys of fatherhood)—"That's easily explained. My wife asked me to go out and get a feeding-bottle, and I'm just waiting till there's no one in the shop before I go in to get the thing."

Truth does not depend on temperament.

AFTER TYPHOID.

MR. DIXON RECOVERS FROM FEVER BUT TO SUFFER RHEUMATISM.

A Remarkable Case Reported from Rainy River—How a Man Who Was Crippled With Pain Was Completely Restored to Health.

Barwick, Ont., Jan. 5.—(Special)—Mr. William John Dixon, of this place, has had a remarkable experience.

Last summer he was taken down with Typhoid Fever, and was very ill. After he got over it and started to work again Rheumatism set in.

Mr. Dixon thus describes it :—

"I had pains in my back, and in my right hip, so bad that I had to use a stick to walk with, and had no comfort in sleeping.

"I could no more than dress and undress myself for nearly two months, and for three or four weeks I was so stiff and sore that I could not lace my right shoe, or put my right leg on my left knee.

"A brother of mine advised me to try Dodd's Kidney Pills, and after taking three boxes I began to walk around and do my work, and lace up my shoes.

"Now I am as well as ever, and have not a pain or ache left.

"I used in all six boxes of Dodd's Kidney Pills, and I can heartily recommend them as a cure for Rheumatism."

The above statement by Mr. Dixon can be vouched for by many of his friends and neighbors, who are all enthusiastic in their praise of Dodd's Kidney Pills for their wonderful cure of Mr. Dixon's case.

Dodd's Kidney Pills have an unbroken record of over a dozen years as a successful remedy for Rheumatism. They have been used in the most severe and long standing cases and failure has yet to be recorded.

In no matter what form this disease appears it is always a symptom of deranged kidneys. Dodd's Kidney Pills cure the kidneys. Well kidneys extract the Uric Acid from the blood. Without Uric Acid there can be no Rheumatism.

Mrs. Naggs (after visiting Mrs. Nexdore) — "Mr. Nexdore's salary is more than $5,000 a year." Mr Naggs—"Indeed!" "Yes, and I'd just like to know why I shouldn't be able to say the same of you." "Simply because you're more truthful than your neighbors, my dear."

There are plenty of people who have become depressed and discouraged because that dry, hacking cough hangs to them continually. They have taken much medicine, mostly of the advertised quack sort, nothing like Dr. August Koenig's Hamburg Breast Tea, the discovery of a then noted German physician 60 years ago. We do not say that this will cure a case where the lungs are badly diseased, for it will not, and up to this date, there is nothing that will cure under these conditions; but on the other hand, if the lungs are not hard hit, the patient should take Dr. August Koenig's Hamburg Breast Tea, a cup full every night on going to bed, have it hot, drink slowly, then every other night, rub the throat and top portion of the lungs with St. Jacobs Oil, cover with oil silk, let it remain an hour, then remove. Eat good, plain, nourishing food, live in the open air as much as possible. By all means sleep as near out of doors as possible, that is, windows wide open, except in the very severe weather. Take a cold sponge bath every morning; then immediately rub the body vigorously with a coarse towel. Take Dr. August Koenig's Hamburg Drops every other day according to directions. One can buy the three remedies for $1.25 of any reliable druggist. Begin the treatment at once, and see how much better you will be almost within a week's time.

The fire policy on a lady's house—a big one—was brought to her by the agent. "There it is, madam," he said, "the premium is one hundred dollars." "Oh, how unfortunate!" cried the property owner. "My bank account is a little low. Tell the company to let it stand, and deduct it from what they owe me when the house is burnt down."

Every Woman Should Know.

That Prof. W. Hodgson Ellis, Official Analyst to the Dominion Government, has recently made a number of analyses of soaps, and reports that "Sunlight Soap contains that high "percentage of oils or fats necessary "to a good laundry soap."

What every woman does not know is that in common soaps she frequently pays for adulterations at the price of oils and fats. Try Sunlight Soap—Octagon Bar—next wash day, and you will see that Prof. Ellis is right. He should know. 206

WHAT A MAN DOES.

A man may be cool as an icicle under extraordinary circumstances of danger or excitement; he may preserve an even mind when a ghost comes into his room at midnight; he may assume command and act nobly and well when the ship is sinking; but let that man, let any man, upset his inkstand, and he springs to his feet, makes a desperate grasp for the inkstand, and knocks it halfway across the table, claws after papers, and swoops them through the sable puddle to save them, tears his white silk handkerchief from his pocket and mops up the ink with it, and after he has smeared the table, his hands, and his trousers with ink, as far as it could be made to go, discovers that early in the engagement he knocked the inkstand clear off the table, and it has been draining its life ink away all that time in the center of the only light figure in the pattern in the carpet. Then he wonders why a man always makes a fool of himself when he upsets a bottle of ink. He doesn't know why. Nobody knows why. But every time it is so. If you don't believe it, try it.

HER BLESSING.

There is always a possibility that the person whom we regard as a proper object for sympathy may look upon himself in another light. This interesting and instructive surprise often awaits the well-meaning bearer of condolence.

When Mrs. Hastings learned that her old friend, Mrs. Warren, had become "stun deef," she went, with a long face, to see her.

"It must be an awful cross, Laviny," she wrote, on the slate which Mrs. Warren presented to her as soon as she was seated.

"'Tain't, either!" snapped the afflicted one, who, though deaf, was by no means dumb. "Folks that have got anything to say can write it on that slate. And Henry Warren, that's had to put a curb on his tongue for upwards o' thirty years on account of the high temper he took from his mother's folks, is now able to say anything he likes and no feelings hurt. I count my deafness a real blessing. How's your rheumatism?"

Minard's Liniment Cures Colds, etc.

"The French are awfully stupid." "Why, I always heard they were so clever." "Well, they aren't. I was the best French scholar in our class; and yet when I went to Paris they couldn't understand a word I said."

SOMETHING TO REMEMBER.

When traveling you should bear in mind the road and the trains that will take you to your destination in the fastest time, and in the most comfortable manner. The Grand Trunk service excels in both particulars and passengers from Toronto to Montreal, Buffalo, New York, Detroit and Chicago, will find the day trains equipped with wide vestibuled coaches, handsome Cafe Parlor and Dining Cars serving meals "a la carte." The night trains carry Pullman sleeping cars to all above points. You can leave Toronto for Montreal and east at 9 a. m. and 10 p. m. for Buffalo and New York at 9 a. m., 4.50 and 6.15 p. m. and to Detroit and Chicago at 7.85 a. m., 4.50 p. m. and 11.20 p. m. Tickets, reservations, etc., at city office, northwest corner King and Yonge streets.

"She says that he is a man after her own heart." "Then I suppose he will get it."

C. C. RICHARDS & CO.

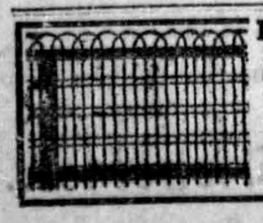
Dear Sirs,—Your MINARD'S LINIMENT is our remedy for sore throat, colds and all ordinary ailments.

It never fails to relieve and cure promptly.

CHARLES WHOOTEN.

Port Mulgrave.

"I'm sorry," said the country shopkeeper, "those are two articles we don't keep; but the oysters, I think, you will find at the post-office, and the onions you can get across the way, at the barber's."



Page Metal Ornamental Fence

Handsome, durable and low-priced. Specially suitable for front and division fences in town lots, cemeteries, orchards, etc. Retails for 20 CENTS PER RUNNING FOOT. Just about the cheapest fence you can put up. Write for full particulars. Use Page Farm Fence and Poultry Netting.

The Page Wire Fence Co., Limited, Walkerville, Ontario. Montreal, P.Q., and St. John, N.B. 7

HIS OPPORTUNITY.

Mrs. Henpeck — "To-morrow will be the fifteenth anniversary of our marriage."

Henpeck — "You needn't taunt me with it."

Mistress (reprovingly) — "Bridget, breakfast is very late this morning. I noticed last night that you had company in the kitchen, and it was nearly twelve o'clock when you went to bed." Bridget — "It was, ma'am. I knew you was awake, for I heard ye movin' about; an' I said to meself ye'd need sleep this mornin', an' I wouldn't disturb ye wid an early breakfast, ma'am."

A PROMINENT FARMER.

Many farmers, especially those who have attended the Agricultural Colleges, are familiar with the name, John Fixter.

Mr. Fixter is foreman of the Dominion Experimental Farm at Ottawa.

He has been enjoying a diversion from his regular duties of late, inspecting the 4,000 harrows made by Massey-Harris Co., Limited, for the British Government for use in South Africa.

Mr. Fixter says that he has personally marked each Harrow with the Government stamp.

The whole shipment of 4,000 was made within one month of the date the order was received, which reflects much credit on Massey-Harris Company and Canadians generally.

The Harrows were made in the Brantford Factory of Massey-Harris Company. Some idea of the capacity of this plant may be gathered when it is known that this big order was filled while the regular work of supplying implements of various kinds for the world's best farmers was still in progress.

Speaking of the world's best farmers, it is astonishing that this company should have gathered together such an enviable list of patrons in almost all quarters of the globe.

The fame of the Massey-Harris implements extends among the farming community of the entire world.

The only conclusion we can draw is that the business has been built up on honest methods—the company has given its patrons, the farmers, good value for their money, and dealt honestly and fairly with them at all times.

Love's labor for the lost is never lost.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address,
F. J. CHENEY & CO., Toledo, O.

GOOD NEWS FOR CANADIAN S.

Dr. Sproule, B. A.

The Great Catarrh Specialist Explains His Method of Treatment.

DR. SPROULE, B.A.,
English Specialist in Catarrh and Chronic Diseases.

Seventeen years ago a young, but highly honored Surgeon in the British Royal Navy astonished his friends by suddenly leaving the service and entering on private practice. That Surgeon was the now famous Catarrh Specialist, Dr. Sproule, B.A. His keen brain had early seen in the then new disease Catarrh a menace to the life and happiness of the civilized world. While other physicians were neglecting it as unimportant, Dr. Sproule studied its nature and the means of cure. He labored in office, hospital and laboratory. He mastered the subject.

As Dr. Sproule had foreseen, Catarrh spread with frightful rapidity. Twenty years ago Catarrh was almost unknown. Now no age, sex or condition is exempt from it. No climate or locality is a cure for it. Catarrh is to be more dreaded than yellow fever or smallpox. It is, in the large majority of cases the forerunner of Consumption. Vital statistics show that deaths from Consumption in this country have increased more than 200 per cent. in the last five years. Nearly all of these cases have been traced back to Catarrh as their starting point.

Dr. Sproule makes the treatment of Catarrh a specialty. He cures Catarrh, Dr. Sproule, the first to make Catarrh a Specialty, has perfected the only scientific, constitutional and PERMANENT cure. Local washes, sprays, balms, snuffs, etc., only relieve for a time. They often do harm by driving the Catarrh germs deeper into the system. CONSUMPTION, BRIGHT'S DISEASE, PAINFUL STOMACH DISORDERS are liable to result.

Catarrh is a disease of the mucous membrane and is curable only through the blood, and by medicines prepared for each case. Medicine that will cure one will often harm another. Dr. Sproule's method drives every germ out of the body. It clears the head, stops the hawking and spitting, sweetens the breath, strengthens the eyes, restores the hearing. It purifies and enriches the blood. It invigorates and tones up the entire system. It gives new life, energy and ambition. The hardships of life seem easier to bear. Work becomes a pleasure. The man feels as if made over.

Dr. Sproule's name is revered as that of a benefactor in thousands of Canadian homes. If you have any symptoms of Catarrh, the doctor earnestly invites you to write to him and tell him all about it. It will cost you nothing.

CATARRH OF THE HEAD AND THROAT.

The most prevalent form of catarrh results from neglected colds.

1. Do you spit up slime?
2. Are your eyes watery?
3. Does your nose feel full?
4. Does your nose discharge?
5. Do you sneeze a good deal?
6. Do crusts form in the nose?
7. Do you have pain across the eyes?
8. Does your breath smell offensive?
9. Is your hearing beginning to fail?
10. Are you losing your sense of smell?
11. Do you hawk up phlegm in the morning?
12. Are there buzzing noises in your ears?
13. Do you have pains across the front of your forehead?
14. Do you feel dropping in back part of throat?

If you have some of the above symptoms your disease is catarrh of the head and throat.

DISEASES OF BRONCHIAL TUBES.

When catarrh of the head and throat is left unchecked it extends down the wind-pipe into the bronchial tubes, and in time attacks the lungs and develops into catarrhal consumption.

1. Do you take cold easily?
2. Is your breathing too quick?
3. Do you raise frothy material?
4. Is your voice hoarse and husky?
5. Have you a dry, hacking cough?
6. Do you feel worn out on rising?
7. Do you feel all stuffed up inside?
8. Are you gradually losing strength?
9. Have you a disgust for fatty food?
11. Have you a scratchy feeling in throat?
10. Have you a sense of weight on chest?
12. Do you cough worse night and morning?
13. Do you get short of breath when walking?

If you have some of these symptoms you have catarrh of the bronchial tubes.

Man the above symptoms ohu send them to Dr. Sproule. He will diagnose your case and tell you just what to do to get cured. Do not neglect yourself. Above all do not give yourself wrong treatment. The results may be fatal.

DR. SPROULE, B.A., English Catarrh Specialist (Graduate Dublin University, Ireland. Formerly Surgeon British Royal Navy), 9 Doane St., Boston.
