The many remarkable cures of catarrh effected by the use of Ayers Sarsaparilla is conclusive proof that this loathsome and dangerous disease is one of the blood, only needing such a searching and powerful alterative to thoroughly eradicate it.

It is astonishing what advertising will do. Mr Karstedt advertised in last week's paper for an apprentice, and on Saturday along came a little boy who entered for the situation, with Mrs F G Karstedt as his backer. While Mr K. will keep him, he is not yet satisfied and wants another. See advertisement.

Miss Maud Richardson is at her post again busy as ever in suiting her lady patrons with just the articles they want in millinery. She hits the mark every time, having the stock and requisite experience.

The Presbyterian Sunday School had a very interesting meeting last Sunday morning. Being quarterly review day, the missionary lesson was taken up, and as had been previously arranged, Miss Pearson, who will shorty proceed to China as a lady missionary in connection with the China Inland Mission, was present and addressed the school. Some five years ago she first felt a desire to go to China, and has since undergone the necessary training in Chicago. Her address had the true missionary ring, and her earnest pleading words showed that her spirit was fully alive to the gravity and urgency of her cause. All who listened to her hope and pray that her mission may be fruitful of much good, and that the Master will guard her in her far-away home.

Coal oil. A car load of the famous Safety brand oil received at Richardson & Co's.

Called to a Death Bed.

Miss Bouk, of Fonthill, who has been visiting with her uncle here, Mr. S. Damude, received a telegram on Friday last stating that her mother was ill. She departed immediately for her home. On Monday Mr. Damude received a telegram announcing the death of his sister, Mrs. Bouk.

A Temperance Relic.

Mr. Wm. Clayton has presented the Royal Templars with a copy of constitution and charter of the first temperance society ever organized in Flesherton. The society was organized by R. J. Doyle, now of Owen Sound, in the year 1862, March 7th. Only four of the charter members are now living in Flesherton, viz., Mr. and Mrs. J. H. Heard, and Mr. and Mrs. Wm. Clayton. The society was a branch of the British American order of good templars. These documents are interesting relics, showing that temperance sentiment has been alive with Flesherton people for the past thirty years.

Queen Victoria has a remarkably fine head of hair, for a lady of her age; but her son, the Prince of Wales, is quite bald. Had he used Ayer's Hair Vigor earlier in life, his head might, to-day, have been as well covered as that of his royal mother. It's not too late yet.

Concert.

The concert held in the Town Hall on Wednesday night last was a decided treat, and a crowded house greeted Mr Rich in his interesting characters. Mr Rich is an old theatrical man, having travelled with some of the best companies on the road, and it goes as a matter of fact that he is an entertainer of extraordinary ability. The home talent, as usual, did very well, little Miss Rita Damude's recitation taking the house by storm. Space will not admit of further specification. Proceeds amounted to $51.

Dress goods to suit all tastes and at prices to suit everybody, at M. Riedardson & Co's. Every lady should see this stock—unsurpassed in variety.

Anniversary Services.

The anniversary service in connection with the Methodist church will be held on Sunday, Oct. 11th, when Rev. G. A. Gifford, M. A., Ph. D., of Fergus, will preach morning and evening. On Monday evening following Mr. Gifford will deliver his interesting lecture on the Mammoth Cave of Kentucky. Of this lecture Rev. Robt Boyle, of Brampton, says: "Dr. Gifford's lecture on the Mammoth Cave in Kentucky is a masterly production. His description of the many points of interest, 'Bridal Chamber,' 'Echo River,' 'Martha's Vineyard,' 'The Egyptian Temple,' 'Fat Man's Misery,' 'The Star Chamber,' and even the 'Bottomless Pit,' is equal to the grandeur of that marvellous place. Whenever and whenever the gifted lecturer attempts its delivery, his audience will, I am sure, be delighted."

Fire.

Again has Flesherton been treated to a baptism of fire. On Saturday night last at 11.30 the alarm was given, when Howard's sash and door facrory was found to be in a blaze, the flames being too far advanced to save the building or its contents. The villagers turned out en masse and worked with a will to save adjoining buildings. Mr. McTavish's blacksmith shop soon took fire and was also burned to the ground. By 1 a. m. these two properties were only a smouldering mass of embers. The loss of properity will amount to between eighteen hundred and two thousand dollars. The structure which Mr. Howard occupied was owned by a party in Guelph, from whom it was rented. Mr. W. Strain held a mortgage of $900 on the machinery. When The Advance arrived on the scene it was thought a terrible catastrophe could not be averted, and that the residence of Mr. Osburne, Mr. McTavish, and Mr. Jos. Smith would fall a prey to the flames, and in fact this was only prevented though the strenuous exertions of villagers. The roofs were kept saturated with water, notwithstanding which fire broke out several times. Even women and children were present and worked as well as the rest of of them. Some of the ladies had their sleeves rolled up and their plump arms grasped huge bundles of lath as tenderly as they would an unruly boy, and carried them out of harm's way. There were no serious accidents to chronicle. Mr. McTavish did not sit down and lament over his loss, as his tools were saved and he is already hammering away in a new shop which he has fitted up next door to the old one, in the premises lately purchased from Mr. Thompson Wilson. Mr. Howard considers his engine and boiler uninjured and will probably rebuild some place in town. Three kits of tools were lost in his fire, besides machinery, and the loss is severly felt, and much sympathy shown. There was not one cent of insurance on any of the property burned. How the fire originated is a mystery that no one can solve.

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to **Ayer's Sarsaparilla.** Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.
