Mr. F. G. Cole had a horse killed on Thursday last by a kick from another horse.

Beechnuts are very plentiful this fall, and squirrels, children and chipmonks enjoy themselves.

Remember the lecture in the Methodist church on Monday next on the Mammoth Cave of Kentucky.

The telephone poles on this line are now in position, and it will only be a matter of a few days until we arrive at speaking terms with Toronto.

The new telephone poles in town are already bearing unsightly advertising labels. "Bum" yeast was the first to be herald ded on their nicely shaven surfaces.

The annual meeting of Centre Grey Farmers' Institute will be held at Flesherton on Thursday the 15th day of Oct., at the hour of 1 o'clock, for the election of officers, etc.

Mr. Simon McLean, nephew to Rev. R. Hughes, Maxwell, has been the successful winner of the Bankers' Scholarship of $70, at an examination held last week at Toronto University.

There will be no preaching in the Presbyterian church next Sunday evening, Rev. Mr. Wells kindly foregoing his service, owing to the anniversary services being held in the Methodist church.

John Kerr, of 2nd con. N. E. T. & S. road, Artemesia, has sold his farm of 186 acres for $5000. The business was done through R. J. Sproule, real estate agent, Flesherton.

A ridiculous error crept into this paper last week by the omission of a word in the sentence, "The date of South Grey election is set down for Oct. 24." It should have read "election trial."

Mr. John Sanders threshed 1300 bushels of oats and 200 bushels of barley for Mr. Lockhart, of Proton Station, one day last week. This is away up in the threshing record.

A Sabbath School tea-meeting will be held at Mt. Zion church on Wednesday, 14th inst. The programme will consist of dialogues, recitations, speeches and music by the Wareham choir. See bills.

The regular monthly cattle fair on Monday last was well attended by both buyers and sellers. There were a large number of cattle on the market, but sales were slow and a number of animals were taken home again.

I.B. Lucas, barrister, Markdale, has $10,000 private funds to lend on farm mortgages within the next few months at lowest current rates. No commissions, no delays, expenses low. Apply at office in Markdale during the week or at Dundalk office on Saturdays.

When you need a good, safe laxative, ask your druggist for a box of Ayer's Pills, and you will find that they give perfect satisfaction. For indigestion, torpid liver, and sick headache there is nothing superior. Leading physicians recommend them.

"Save who can!" was the frantic cry of Napoleon to his army at Waterloo. Save health and strength while you can, by the use of Ayer's Sarsaparilla, is advice that applies to all, both young and old. Don't wait until disease fastens on you; begin at once.

S. J. Dixon, the well-known photographer of Toronto and tight-rope walker, who is comparatively well known in this county, went on a sporting expedition to Muskoka, where, in attempting to swim across a lake one mile wide, he was drowned. The body was recovered and taken to Toronto for burial.

The teachers of South Grey convene here to day. To-night in the Town Hall will be rendered a very interesting programme, first and foremost of the artists being the inimitable Cameron, of Toronto, in amusing songs and recitations. A small admission fee will be charged to partially defray expenses.

Artemesia fall fair will be held in Priceville on Tuesday and Wednesday next Oct. 13th and 14th. This show has achieved a large degree of success during the past two years, and will no doubt go still farther ahead this year if the weather is at all favorable. Secretary Brodie has his coat off and his sleeves rolled up and is prepared to fight to a finish with any list of entries sent him.

The Mammoth Cave of Kentucky contains forty miles of subterranean windings, and Dr. Gifford will give an eloquent description of these in the Methdist church next Monday evening. He will describe the underground lakes and rivers, the stalactites, stalagmites, cathedral halls, "Bridal Chamber," and many other curious things. Admission 25 and 15 cents. Be sure and hear the lecture.

The members of the 31st battalion left by spicial train on Tuesday morning to attend camp at Niagara. No. 6 company presented a fairly good appearance, although lacking one or two of the requisite number. There is considerable dissatisfaction with those in authority over the late date at which this camp was set, the men believing their hardships sufficient without having cold and disagreeable weather added thereto. Two weeks is the period of time which they expect to be absent. Lieut. Chisholm of Meaford is in command of No. 6. The Advance has a reporter at headquarters and our readers will no doubt hear something interesting.

The telephone men did not find the road to Priceville as easy a one to get over as they in all probability wished. They first encountered rock along the Saugeen and had to spend many a laborious hour blasting. But when they reached the Glen they struck a snag which put an end to the operations for a time. It was here that they found a farmer and his wife determined to prevent further progress in that direction. The dialogue that followed was interesting. The upshot of it all was a couple of lawsuits out of both of which the telephone men emerged the victors.—Chronicle.

Millinery, millinery. Mrs. Trimble is pleased at the return of her old customers with their fall orders, having secured the services of Miss Downing, late of Walkerton, who is capable of doing justice to your orders both in style and neatness, having spent much of the summer season in the leading wholesale millinery houses of the city. Ladies come. We can just suit you with a tony bonnet, toque or hat. We always lead but never follow. Remember the place, Sproule's stand.

Personals.

Mr. Joseph Armstrong left last Friday to take a situation in Toronto.

Mr. Box, of St. Marys, is visiting with his brother-in-law, Mr. B. G. Evans.

Miss Lena Gjerdrum has returned from a lengthy sojourn in De Kalb, Ill.

Mr. John M. Davis returned on Friday last to De Kalb, Ill., where he expects to put in the winter.

Artemesia Council.

The regular monthly meeting of Artemesia township council was held in the Town Hall on Monday last, all the members present, the reeve in the chair. Minutes of previous meeting read and confirmed. Business before the council was rather more limited than usual and the day's work was not an extremely arduous one. The clerk presented a report of the township's road-scraper possessions, showing 55 good scrapers, but the report left several divisions yet to hear from and therefore cannot be considered complete. Following is the actual business transacted:

Moved by W. Sharp, seconded by T. Kells, that the petition of Wm. Buchanan and four hundred other ratepayers regarding Warling's job on road between Flesherton and the station, be paid one hundred dollars over and above contract, as asked for by the petition. Carried.

Moved by Geo. Thompson, seconded by D. McMillan, that Kells and Sharp be and are hereby appointed to examine bridge crossing Saugeen River on gravel road north of Flesherton, and bridge crossing same river at J. Holly's farm 2nd con. east, and report to this Council at 2 o'clock p. m. to-day. Carried.

Moved by Thos. Kells, seconded by G. Thompson, that the report of committee appointed to examine bridge on gravel road in front of lot 132, con. 1st west, be adopted, and likewise that the request of Jacob Holly to have culvert in front of his farm, con. 2nd east, re-opened be granted. Carried.

Moved by Thos. Kells, seconded by D. McMillan, that the reeve issue his order for payment of the following accounts: John Bellamy, as caretaker, $3.75; W. J. Bellamy, salary, $41.44 and postage. Carried.

Farmers in the Bay of Quinte district are shipping their barley to the English market, where there is an ample demand at better prices than are paid in the United States market.

MARKDALE PUMP WORKS.

Jeffrey Artley, Proprietor.

READER:

It has been my aim since commencing business in Markdale, about a year and a half ago, to make a pump superior to any heretofore manufactured in these parts, and not excelled if equalled elsewhere.

The verdict of the people who are using my pumps show whether I have succeeded or not.

Knowing that a certain amount of discount is made for what a man says concerning his own product I append below a few of the testimonials received from those who have tested my pumps, all of whom have signified their willingness to have the same published. They are all original and bona fide and I agree to pay $1,000 to any person who will prove the contrary as far as my knowledge of them extends.

J ARTLEY,

DEAR SIR:—I am very much pleased with the pump I purchased from you last summer. Altho' the well is 76 feet deep it is easy to pump and all that can be desired. Yours truly,

N W HASKETT.

Eugenia, Aug 28, 1891.

J W BENSON.
