Dis Man Foster

Some amusing stories are told in connection with the North Ontario campaign. A French-Canadian horse buyer from Montreal, who is known from end to end of Canada, tells of this embarrassing experience at a Cannington hotel:

At ze table dere was a vair intelligent looking man, and I tink I get some information from him, so I say:

"Dere is going for be an election here soon; dis man Foster, it seems lak he going to have a bad tam for get in."

De man he mak no reply, so I go for mak frens wid him and I pass him de bread and de butter and den I say again:

Dis man Foster, it seems lak he goin' to have a turble tam for get in."

Den he don't mak any reply again and I go for mak frens wid him again an' I pass him de peekle and de bun an' de cheese an' den I say: "Dis man Foster, it seems lak he goin to have a deville of a tam for get in. Dat man he is—

Den he stop me an' say: "You don't live in dose parts," and I say:

No, I live in Montreal," and he say.

"I tot you no live in dose parts. Foster, dat is my nam'.'

Den by gar I look lak thirty cents.—Huntsville Standard.

The Collingwood Enterprise recently censured Nottawasaga council for lowering the tavern license fee. An irate hotel keeper, sent in an order to "stop the paper." Judging from the following quotation he must have sent something stronger along with the order. The editor starts out all right but as he gets warmed up the effect of what he has taken is painfully apparent as it works up to the climax, and the paragraph ends in a daze of incoherency. Here is what the editor says:

"While we have been too long in the business to be in any way alarmed by the "stop my paper" mandate, we wish to remark that we have no quarrel the tavern-keepers' endeavor to secure a lower license fee, and further to say that License Victuallers have no cause of complaint as to the treatment they have received at the hands of this journal, which has at all times been more generous to them tha nany remore generous to them than any return they have made. Principally from bout such a reign of degradation and debauchery, that we were reluctant lating men sober.
lating more sober."

The life motion pictures Friday night, this week at town hall, Flesherton, give promise of being one of the very best programs ever seen in Flesherton. See the notices in this paper. Nothing could be more honorable. No magic lantern pictures—Everything alive.

Mr. L. Frook, Proton, delivered a span of mares to Mr. E. Limin on Tuesday, the price being $300 Mr. Limin is handling some nice animals, and the Proton corner among the Frooks, the Pattons, the Kinnels, &c., is the place to get them.—Review.

The Richalieu & Ontario Co's fine new steamer Montreal was burned at Montreal on Saturday night. During the fire a shed crowded with spectators collapsed. One man was killed, two fatally hurt and about a hundred more or less injured. The vessel is estimated of have been worth $500,000 Insured.

There are more persons who read the newspaper of small circulation than those who read the metropolitan dailies and in certain directions the influence of the former is more potent. The great daily aims to give a summary of the news of the world and is perforce debarred from the smaller details of everyday life. It is the country newspaper which fills up this gap with news and gossip that is often more eagerly read than an account of European political broil. Those things as a rule, most interest a person which are nearest to him. The man who would not read an account of the biggest prize fight in the country is apt to get excited over a dog fight in front of his own door. A fifty dollar fire in his own street is more interesting than a million dollar fire in San Francisco. It is the principal on which the most successful country newspapers are run. There are a number in Ontario which have achieved a high reputation and made fortunes for their owners which never print a line of telegraphic matter from one years end to the other. It is common to say that the day of the small newspaper is over. It is only begun. There are perhaps 15,000 of them in the United States and that they succeed is because they fill a want that cannot possibly be met otherwise.

CONSUMPTION CAN BE CURED

EDITOR'S NOTE.—The Slocum System of Treatment for the cure of Consumption, Pulmonary Troubles, Catarrh, General Debility, and nearly all the ills of life, is medicine reduced to an exact science by the world's foremost specialist.

By its timely use thousands of apparently hopeless cases have been permanently cured.

The **Emulsion of Cod Liver Oil** is needed by some, the **Tonic** by others, the **Expectorant** by others, the **Oxojell** by others still, and all **four**, or any **three**, or **two**, or any **one**, may be used singly or in combination, according to the needs of the case.

Full instructions with each set of four free remedies illustrated here. Our readers are urged to take advantage of Dr. Slocum's generous offer.

THE FREE TRIAL

The honor of thus effectively arresting the progress of this fatal malady rests with the wonderful system of treatment which has been reduced to an exact science for the cure of Consumption and for the cure of Catarrh and other prevalent conditions which pave the way for Consumption—that successful method evolved by America's greatest scientific physician, Dr. T. A. Slocum, whose great liberality, through his **Free Trial Treatment**, sent broadcast throughout this broad land, has contributed most to the rout of the most potent agency in the destruction of human life in this hemisphere.

His **Free System of Treatment** has arrested the hand of death in the cases of thousands of consumptives and has prevented the disease in countless instances.

The Slocum Treatment consists of four distinct remedies for the cure of **Consumption, Weak Lungs, Bronchitis, Catarrh, and all pulmonary and wasting diseases,** and is based upon principles essential to the correction of function, the rebuilding of the tissues, the overthrow of parasitic animal organisms and the establishment of health in all the departments of the human body.

The four preparations embody all the necessary elements of a complete treatment for Consumption—its cure and prevention—as well as for most of the chronic and wasting ills of life. Apparently hopeless cases are cured by their timely use.

These free remedies comprise the great curative forces discovered by the eminent physician, Dr. Slocum, they represent the acme of the pharmacist's skill and with them will be found explicit directions for their use in any case.

You are invited to test what this system will do for you, if you are sick, by writing for a FREE TRIAL TREATMENT and the Four Free Preparations will be forwarded you at once with complete directions for use.

Simply write to the T. A. Slocum Chemical Company, Limited, 179 King Street West, Toronto, giving post office and express address, and the free medicine (the Slocum Cure) will be promptly sent.

Persons in Canada seeing Slocum's free offer in American papers will please send for samples to Toronto.
