WEAKNESS

PECULIAR TO MEN AND WOMEN

It is sad to contemplate the unfortunate condition of so many men of our day and generation. At 30 they feel 50; at 40 they feel 60, and at 50 when they should be in the very prime of life, they are almost ready for the grave. The fire of youth has gone out, the fountain of vitality is exhausted. Premature old age! No matter what produced it, whether evil habits in youth, later excesses, or business worries, the one thing for you to do is to get back the vim, the vigor and vivacity of manhood. Don't lose your grip on life. There are yet many happy, golden years for you if you only get help. We can and will not only help you, but cure you to stay cured. Curing diseases and weaknesses of the nervous and sexual system has been our exclusive business for the past 30 years, during which time we have cured enough fallen men to make an army. OUR NEW METHOD TREATMENT will restore to you what you have lost.

It purifies and enriches the BLOOD, strengthens the NERVES, vitalizes the sexual organs, checks all unnatural drains and losses and fits a man for the active duties of life.

Cures Guaranteed or No Pay.

We treat and cure Blood Poison, Varicocele, Stricture, Gleet, Urinary Drains, Sexual Weakness, Kidney and Bladder diseases. CONSULTATION FREE. If unable to call, write for a Question Blank for Home Treatment.

The Pea Weevil

This section has in the past been immune from the pea weevil, but in the natural order of things it cannot long remain so. The Advance has this spring seen seed purchased abroad which was infested with the pest, but cannot say whether the seed had been treated or not. In connection with this it is timely to refer to a valuable bulletin on "Peas and Pea Weevil," which has been issued by the Department of Agriculture from the joint authorship of Prof. Wm. Lochead, Professor of Biology, and Mr. C. A. Zavitz, Experimentalist at the Agricultural College. The subject is treated in a simple manner, combining science and popular interest. The loss last year through decrersed acreage and decreased yield is estimated at $2,000,000. The department is organizing a fight against this pest, which can be vanquished by intelligent, concerted action. The report includes the following recommendations:

The results reported in this bulletin of experiments conducted at the Ontario Agricultural College in growing peas and in combating the pea weevil, as well as the information obtained from some of the most extensive growers, merchants, millers and exporters of peas in Ontario, lead us to make the following recommendations:

1. That the acreage of both field and garden peas of the very best varieties be greatly increased in these sections of the province where there are no pea weevils.
2. That the growing of both field and garden peas (to be ripened) in the weevil infested districts of Ontario be discontinued for the next two years, and such crops as early yellow soy beans, grass peas, emmer (improperly called spelt), mixed grains, etc., be substituted.
3. That if any persons continue to grow and ripen peas in the infested districts, they make the best possible use of the fumigation method.
4. That seedsmen, farmers and others send no infested peas into those districts of Ontario where the pea weevil does not exist.
5. That famers, gardeners, seedsmen, millers, exporters, importers, and all others who have anything to do with the growing or handling of peas in Ontario, co-operate heartily in the effort to eradicate the pea weevil from Ontario within the next two years.

The Niagara military camp will commence on June 9th instead of June 16th as at first announced. There will be no camp at London. All the western Ontario regiments drilling at Niagara and the eastern Ontario ones at Kingston. The idea of calling out skeleton regiments and training them was adopted last year, and, as stated last week, the same plan will be followed this year, except that each regiment will be represented by 225 officers and men instead of 180. Considerable change will be made in the rations. In addition to the allowance allowed in past years, each man will be given daily two ounces of bacon, two ounces of butter, three ounces of jam, one ounce of evaporated vegetables, two ounces of flour and one ounce of split peas in lieu of the old allowance of barley.

The World's Fair Premium Carriage Stallion

Prince - Arthur

NO 1952, Y. C. H. S.
Imported July 1892.

Winner at the World's Fair, Chicago, New York and Ottawa, and winner on five occasions of first prize and sweeping stakes at Toronto shows, and many other valuable prizes, a record unequalled by any carriage or coach stallion in Canada. Prince Arthur is not only a very successful prize winner himself, but his stock has won a large percentage of all the prizes offered for carriage classes at the Toronto Industrial and other large shows during he last few years. They have also won a most every prize offered in the carriage class in Grey county, and wherever exhibited.

ROUTE FOR 1903.

Monday, May 4th, he will leave the Markdale House, Markdale, and proceed to Flesherton for noon; Monday night, Maxwell.

Tuesday noon, Singhampton; Tuesday night, Duntroon.

Wednesday noon, Collingwood; Wednesday night, Collingwood.

Thursday noon
Thursday night, Thornbury.

Friday noon, Rocklyn; Friday night, lot 18, con 10, Euphrasia.

Saturday noon and night, Markdale; where he will remain until the following Monday morning.

This route will be continued during the season, health and weather permitting.

TERMS

To insure $11.00, one dollar cash down balance January 1st, 1904. All mares must be returned weekly to the horse, or they will be charged full insurance in foal or not. Parties disposing of their mare, before collecting time will be responsible for inurance. All accidents to mares at risk of owners. Persons trying mares and not returning them must pay full insurance. No groom's fee. Don't ask the man in charge to take any other terms as those will be strictly adhered to.

J. W. MANARY, Markdale.

The erection of the house of refuge at Markdale is being proceeded with and the walls are about three feet high. About twenty persons are employed on the work. Mr. Chas. Gordon, inspector of the building operations, went down yesterday to prepare the first progress estimate. The walls of the laundry portion of the building are of brick cemented on the outside. The excavations for the site proved that the ground was very hard and difficult to dig.—O.S. Advertiser.

To Consumptives.

The undersigned having been restored to health by simple means, after suffering for several years with severe lung affection, and that dread disease **consumption**, is anxious to make known to his fellow sufferers the means of cure. To those who desire it, he will cheerfully send (free of charge) a copy of the prescription used, which they will find a sure cure for **consumption, asthma, catarrh, bronchitis** and all throat and lung **maladies**. He hopes all sufferers will try his remedy, as it is invaluable. Those desiring the prescription, which will cost them nothing and may prove a blessing, will please address, Rev. EDWARD A. WILSON, Brooklyn, New York.
