VARICOCELE

The majority of men have varicocele in the first, second or third stage. In the early stages it may cause many symptoms which the patient may not recognize as arising from this disease. In fact, we have have found on examination, varicocele, present in hundreds of cases where the patient did not know he had it at all. In time it will produce such symptoms as the following: Nervousness, weakness in the back, unsteady limbs, tired and exhausted feeling, pains in the loins, irritation of the bladder and kidneys, sediment and loss in urine, emissions at night with lewd dreams, sexual weakness and decline of manly power—these symptoms gradually develop into NERVOUS DEBILITY and IMPOTENCY. Our NEW METHOD TREATMENT WILL POSITIVELY CURE YOU AND IT IS GUARANTEED TO CURE YOU WITHOUT OPERATION. Through its vitalizing influence the wormy veins return to their normal caliber, the circulation of blood improves so the organs are properly nourished, and are restored to strength and vigor; the nerves become strong, ambition and energy replace lassitude and despondency, all drains cease, the eyes become bright, the brain active, and you feel as a man ought to feel in perfect sexual and mental condition.

We Guarantee to Cure or No Pay.

All cases we accept for treatment are taken under a positive guarantee that they are curable or no pay. We refer you to several banks as to our financial responsibility, so you may know we are good for any contracts we make.

Reader Are you a victim? Have you lost hope? Are you contemplating marriage? Has your Blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. CONSULTATION FREE. No matter who has treated you, write for an honest opinion Free of Charge. Charges reasonable. BOOKS FREE—"The Golden Monitor" (illustrated), on Diseases of Men.
Everything confidential. Question list and cost of Treatment, FREE, for Home Treatment.

Far Away

Where is now the merry party,
I remember long ago,
Laughing round the Chrismas fireside,
Brightened by its ruddy glow;
Or in summer's balmy evenings,
In the field upon the hay?
They have all dispersed, and wandered far away.

Some have gone to lands far distant,
And with strangers made their home,
Some upon the world of waters,
All their lives are forced to roam;
Some are gone from us forever,
Longer here they might not stay,—
They have reached a fairer region far away.

There are still some few remaining,
Who remind us of the past,
But they change as all things change here,
Nothing in this world can last;
Years roll on and pass forever,
What is coming, who can say;
Ere this closes many may be far away.

Robt. Sloane, who was the guest of S. F. M. O'Flynn at Brewster's Lake last week, caught a speckled trout measuring 22 inches in length and 11 inches around the body. The weight was 4½ lbs. Mr. Sloane's reputation for truthfulness would no doubt have suffered but that the fish was seen by quite a number of people.—Shelburne Free Press.

We regret to learn of the misfortune of Mrs. Thomas Hutton, who was bitten a a few days ago by a vicious sow in her own barnyard. It seems that a little pig got entangled some way and Mrs. H. endeavored to release it when the vicious sow came and attacked her, biting her badly in several places. Last account was that erysipelas had set in and the poor suffereng woman was in a serious condition.—Chronicle.

Mr. John Entwistle of West Garafraxa, has shot and killed from April of this year till the first day of July, 145 ground hogs, 33 crows, 4 foxes and 5 skunks. John is a crack shot and when we hear the crack of his rifle we feel sure that a death has taken place. This is the greatest record gor one season's shooting we ever heard of If there are any sportsin this country who can put up a better showing than this we shall be very much pleased to hear from them.—Fergus Canadian.

A sad affair happened at Collingwood Monday morning. David Campbell of the tenth line, Nottawasaga, had driven his son to town to catch the morning train, he being on his way to Chicago. Mr. Campbell then started to drive home. When nearing Nottawa, a friend he had in the buggy with him noticed him fall forward without any warning. He drove as quickly as possible, but on reaching Nottawa it was found that Mr. Campbell was dead. The son, whom he had left at the station, was stopped by telegraph at Allandale, and came back to attend his father's funeral.

Reports coming in from Manitoba districts where thrashing is general are to the effect that the work is being cleaned up rapidly. The straw is light and can be handled easily, the product of one hundred acres in some cases being put through in a day. A report comes from Emerson that one machine working in that locality thrashed 2,800 bushels in a day, and a thrasher in the Carman district reports 3,000 as a day's record for his machine. The yield is heavier than estimated. A gentleman writing to a business friend in Toronto says that although the wheat crops in the Indian Head district in 1901-2 were considered "bumpers," the yield this season will be fully ten per cent. heavier.

The distressing circumstances surrounding the death of the late Martin Moore in Beeton on the 8th August will be investigated by order of the Attorney General on Friday next. During the latter part of July Mr. Moore was moved from the county jail to the Beeton House of Refuge where it was expected he would be accorded treatment befitting his frail condition. While suffering from an impaired mind he wandered away on the 2nd of August and remained in a fence corner for two days and two nights before being found by a resident of the neighborhood and returned to the House. The effects of the exposure to the rainy days and cold nights produced pneumonia which the old gentleman was unable to shake off. Some years ago Mr. Moore was one of Barrie's prosperous citizens but during the latter part of his life encountered a series of misfortunes. He was buried at Beeton.

The advocates of temprance can find an instance of the horrible effect of drink by visiting the Parry Sound jail. There lies an old man who is under sentence of six months' imprisonment in the Central Prison for vagrancy. This man is named Brown and for twelve years he was private secretary to the late Sir John A. Macdonald. He is a college graduate and was well born, a first-class bookkeeper and mathematician, but drink has been his ruin. He fell from one estate to another, always lower, some years ago a gentleman in Collingwood picked him up and tried to put him on his feet. He signed the pledge and was made much of by the W. C. T. U., and actually kept sober three years, made money and was respected, but again he fell and now he is condemned to six months' imprisonment.

PAINT TRUTH
IN A NUT SHELL

When you paint your building there are two kinds of paint to select from:
1st—Good prepared paint ready for use.
2nd—Lead and oil mixed by hand.
You should always choose the good prepared paint. It costs less, wears longer, and looks better.
We can tell you why this is particularly true of

SHERWIN-WILLIAMS PAINT
