Our Meaford Road correspondent sends us this week an excellent synopsis of the life and character of the late Wm. Buchanan, who died last week. We refer our readers thereto.

It has been conjectured that the secret of antediluvian longevity was some method of keeping the blood pure, warm and vigorous. Moderns accomplish the same purpose by using Ayer's Sarsaparilla—the best blood medicine ever brought to light.

The Epworth League society of the Methodist church, Eugenia, held their first social at the residence of Mr. J. B. Sloan on Monday evening last. The company was not large, but a jolly one nevertheless, hence a pleasant evening was spent. The Advance was represented.

No medicine has had greater success in checking consumption, in its early stages than Ayer's Cherry Pectoral. It stops coughing, soothes the throat and lungs, and induces much needed repose. Hundreds have testified to the remarkable virtues of this preparation.

Rev. G. H. Cobbledick did not preach educational sermons in the Methodist church on Sunday as announced last week, the death of Mr. Wm. Buchanan, sr., making a re-arrangement necessary. Mr. M. Richardson occupied the pulpit in the morning, and Rev. Mr. Tonge preached in the evening, his discourse being one of marked power.

The Shelburne Free Press publishes a list of debts for sale, mostly subscriptions, and in the said lists we notice one or two old friends (?) of our own, among them being one Lazarus, of Montreal. We presume there is many another newspaper man in Ontario who entertains as deep an affection for the gentlemen referred to as ourselves. Our account against this individual is for advertising and is only five dollars, but we would sell it at a big reduction. We hope the Free Press will be successful in disposing of its accounts against the dead beats.

It is now pretty well understood to be a dangerous practice to attempt to palm off worthless imitations of the "Myrtle Navy" tobacco for the genuine article. In former years that practice was the cause of much annoyance, and Messrs. Tuckett & Son were compelled to resort to the law courts to put a stop to it. Though they have not met with any cases of the kind lately, it is always a safe precaution for the purchaser to see that the trade mark T. & B. in bronze letters is stamped on each plug; no plug ever leaves the factory without it, and to appropriate the trade mark is a punishable offence.

Oh, What a Cough!

Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease Consumption. Ask yourselves if you can afford for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. june24

New Shoe Store.

Carpenters, painters, etc., have been busy for the past couple of week at Mr. Jos. Smith's, Collingwood street, and the cause thereof is now explained. The Advance called at Mr. Jos. Smith's on Monday evening and was ushered into a very neat little shop, containing a counter and large stock of readymade boots and shoes from the best manufacturers. The repair shop has been removed to a more retired position, and some dainty lines in factory made goods are displayed in the store window. Preparation for these goods was what caused the uproar. Mr. Smith states the fact of the case in our advertising columns, and we refer our readers to his announcement for full particulars.

Meaford Road.

From our own Correspondent.

It is with feelings of regret that we are called upon this week to report the death of another of Artemesia's early settlers, Mr. Wm. Buchanan, sr., who departed this life on Friday, the 25th inst. The deceased was born in the county of Tyrone, Ireland, in the year 1824, and was therefore in his 68th year. Coming to Canada when a young man, he, with his wife, resided for a short time in the county of Peel, near Brampton, but being satisfied that the chances of a young man, with small means of procuring a permanent home, were more sure of attainment in the new settlements, he, with commendable energy and pluck, removed to the county of Grey, and resided for a short time on the farm now owned by Mr. W. Galbraith on the gravel road, and eventually purchased the present homestead on the Meaford Road, which he has lived to see transformed from a wilderness into a well tilled farm. In private life he was quiet and unassuming, of a kind and charitable disposition, ever ready to speak a kind word or lend a helping hand to those that were in need. In politics he was a liberal, and in religion a Methodist. His wife and seven children survive him. The funeral on Sunday was largely attended. His remains were interred in the Irwin cemetery, gravel road. The burial service was conducted by the Rev. Mr. Tonge.

In many households this winter there is left a vacant chair and heavy hearts, whose only source of comfort is that the dear ones for whom they mourn have gone to the realm of eternal bliss.

Expired While Talking.

H. E. Clark, M. P. P., expires in his seat.

At 4.30 o'clock Friday afternoon Mr. H. E. Clarke, one of the members for Toronto in the Legislature, arose to address the House upon a bill which had been introduced by Mr. Tait to amend the Assessment Act. He spoke for a moment or two in opposition to the bill and had just uttered these words: "The only assessment at present existing——" when he dropped into his seat and died immediately.

Mr. Clarke was the only member who ever died in the chamber. On Friday, Feb. 11th, 1881, Dr. Harkin (Prescott) was stricken down with apoplexy a few moments after the House met, but was carried out, and died two and a half hours later in the reception room. Dr. Atherton, Church street, was Mr. Clark's physician, and had been attending him for two years for heart disease. He advised him some time ago to retire from active legislative duties.

Mr. Clark first sat in the Local Legislature as member for West Toronto in 1883 and was re-elected by large majorities in 1887 and 1890. As a politican Mr. Clarke achieved distinction and won a high place for himself in the Ontario Legislature. He was an effective speaker and had on repeated occasions, ably supported his leader, Mr. Meredith, in the active duties of legislation and did good service to his party on the floor of the House.

Mr. Clarke was an Orangeman, having joined the order in 1849. In 1887 he travelled extensively in Europe, and on his return he delivered a most interesting lecture, entitled "Impressions of a Tour in Europe." He belonged to the Methodist church.

The immense stock of prints in new and beautiful colors and designs at Richardson & Co's., should be seen by every lady.

Over 800 colonists reached Winnipeg Friday night to take up farms in Manitoba and the North-west.

"Like Magic,"

THE effect produced by **Ayer's Cherry Pectoral.** Colds, Coughs, Croup, and Sore Throat are, in most cases, immediately relieved by the use of this wonderful remedy. It strengthens the vocal organs, allays irritation, and prevents the inroads of Consumption; in every stage of that dread disease, Ayer's Cherry Pectoral relieves coughing and induces refreshing rest.

"I have used Ayer's Cherry Pectoral in my family for thirty years and have always found it the best remedy for croup, to which complaint my children have been subject."—Capt. U. Carley, Brooklyn, N. Y.

"From an experience of over thirty years in the sale of proprietary medicines, I feel justified in recommending Ayer's Cherry Pectoral. One of the best recommendations of the Pectoral is the enduring quality of its popularity, it being more salable now than it was twenty-five years ago, when its great success was considered marvelous."—R. S. Drake, M. D., Beliot, Kans.

"My little sister, four years of age, was so ill from bronchitis that we had almost given up hope of her recovery. Our family physician, a skilful man and of large experience, pronounced it useless to give her any more medicine; saying that he had done all it was possible to do, and we must prepare for the worst. As a last resort, we determined to try Ayer's Cherry Pectoral, and I can truly say, with the most happy results. After taking a few doses she seemed to breathe easier, and, within a week, was out of danger. We continued giving the Pectoral until satisfied she was entirely well. This has given me unbounded faith in the preparation, and I recommend it confidently to my customers."—C. O. Lepper, Druggist, Fort Wayne, Ind.

The Safest

AND most powerful alterative is **Ayer's Sarsaparilla.** Young and old are alike benefited by its use. For the eruptive diseases peculiar to children nothing else is so effective as this medicine, while its agreeable flavor makes it easy to administer.

"My little boy had large scrofulous ulcers on his neck and throat from which he suffered terribly. Two physicians attended him, but he grew continually worse under their care, and everybody expected he would die. I had heard of the remarkable cures effected by Ayer's Sarsaparilla, and decided to have my boy try it. Shortly after he began to take this medicine, the ulcers commenced healing, and, after using several bottles, he was entirely cured. He is now as healthy and strong as any boy of his age."—William F. Dougherty, Hampton, Va.

"In May last, my youngest child, fourteen months old, began to have sores gather on its head and body. We applied various simple remedies without avail. The sores increased in number and discharged copiously. A physician was called, but the sores continued to multiply until in a few months they nearly covered the child's head and body. At last we began the use of Ayer's Sarsaparilla. In a few days a marked change for the better was manifest. The sores assumed a more healthy condition, the discharges were gradually diminished, and finally ceased altogether. The child is livelier, its skin is fresher, and its appetite better than we have observed for months."—Frank M. Griffin, Long Point, Texas.

"The formula of Ayer's Sarsaparilla presents, for chronic diseases of almost every kind, the best remedy known to the medical world."—D. M. Wilson, M. D., Wiggs, Arkansas.
