It is a hopeful sign to see residental property at a discount in Flesherton. There are no vacant houses and others are being erected.

Remember the meeting of Young Liberal Conservatives to-night (Thursday). All those desirous of joining should make it a point to attend.

The Mt. Forest Representative has been enlarged to double its former size. The Rep. is a good local paper and we are glad to note its prosperity.

Our articles on "Practical Poultry Raising" are becoming interesting, now that the writer is getting down to practical matters, discarding figures and hypothesis.

Fishermen have been, during the past week, as frequent as flies in June, and though the weather has not been favorable, still a large number of trout have been caught.

Mr. R. Cook, of the Station, left on Monday for a trip to the Old Country. He will have charge of a shipment of cattle for Rogers, of Toronto. We wish Mr. Cook bon voyage.

Mr. W. Irwin has purchased the house and property on Spring street lately belonging to the Thos. Osborne estate and will remove to it shortly. This property adjoins that of Mr. Geo. Keefer.

Mr. Crossley now drives a fine covered 'bus from this village to the station. The travelling public will thoroughly appreciate this move on the part of the pushing proprietor.

I.B. Lucas, barrister, Markdale, has $10,000 private funds *to lend* on farm mortgages within the next few months at lowest current rates. No commissions, no delays, expenses low. Apply at office in Markdale during the week or at Dundalk office on Saturdays.

Anglers met with poor success on Tuesday. The wary fish must have had an inkling that the large amount of bait dangling before their noses was a delusion and a snare, loaded with destruction.

Mr. Robt. Parslow, of Proton, sold three head of fat cattle last week for $215. Two of the cattle were the four-year-olds mentioned in these columns two weeks ago. The N. P. is evidently not ruining the cattle trade.

Cold weather has seriously retarded growth during the past week. We can put up with this just now, however, if the frost will only pass us by. The prospect for fruit is good, but a heavy frost would blast it.

Dyspepsia has driven to an early and even suicidal grave many a man who, if he had tried the virtues of Ayer's Sarsaparilla, would be alive to-day and in the enjoyment of health and competence. Sufferer, be warned in season, and don't allow the system to run down.

We have received from the office of the Toronto Saturday Ledger a copy of their premium picture, "Ontario's First Legislature." A key accompanies it so that one may pick out all the faces, from John Sanfield Macdonald down.

The entering wedge of a complaint that may prove fatal is often a slight cold, which a dose or two of Ayer's Cherry Pectoral might have cured at the commencement. It would be well, therefore, to keep the remedy within reach at all times.

A livery horse ran away from two fishermen out at Eugenia on Friday last and did not stop until it arrived at Munshaw's shed. The animal was in a foam of sweat, but strange to say no damage of any account was done to buggy or harness.

The young men who congregate on Richardson's corner Sunday nights after church should petition Mr. Richardson to place upholstered seats in front of his store for their special benefit; also for an awning to protect their bodies from inclement weather. It would be a pity were their corporal welfare to suffer from this neglect.

The little people are having great sport these days catching suckers in Flesher's mill pond. Josie Richardson, 10 yrs., caught one eighteen inches long, but could not land it herself. Eddie Elder and Lorrie Munshaw, 8 and 5 yrs. respectively, also caught one over 18 inches long, weighing 2 lbs. 2 oz. These fish were extra large for creek suckers.

One of the sights of the city of Hamilton is the factory in which the clebrated "Myrtle Navy tobacco is made. Some people may suppose that putting up plugs of tobacco must be a very simple matter, but a walk amidst the ponderous and complicated machinery of the establishment would speedly undeceive them. Here are hydraulic presses, screw presses, iron frames, all of enormous strength, besides a steam engine and many other pieces of machinery.

As usual, year after year, Flesherton provided no attractions for her people on the 24th, and consequently those who desired amusement had to go on the search for it. Evidently a great many did desire it, for the village was almost deserted. Owen Sound, Kimberley, Shelburne and other places were visited by our townsmen, who all report having had a good time. The high wind and rain in the afternoon tended to spoil the day's pleasure to some extent.

The synopsis of the judgment in Binnie v. Wauchob, appearing in last week's issue requires some modification to correctly state the effect of the judgment. The learned Chief Justice declares in his judgment that the correct starting point or division line betwen the plaintiff's and defendant's lands is that located by Mr. Traynor, P. L S., some 14 feet north of the present fence. The course of the division line is to be governed by the sideline known as Durham road, and judgment for the plaintiff accordingly, except as to that portion of the lands which the defendant has acquired title to by length of possession extending a point 2718 feet from the road. No costs to either party.

The late John Bentham, whose funeral notice appeared in this paper two weeks ago, was born on Dec. 4th, 1853, in the township of Durham. He came to Artemesia with his parents at the age of 9 years (29 years ago). He was married on Dec. 20th, 1876, to Miss Ellen Stewart, who now, with six small children, 4 boys and 2 girls, truly mourn their loss, but not as those without hope, for he was anxious to be gone and with his Saviour. He was stricken with heart disease over 3 years ago, and suffered a a great deal, but never was heard to murmur or complain, even to the last. He gradually grew weaker, until half past 8 on Monday evneing, when he calmly breathed his last. He was interred in Flesherton cemetery on the following Wednesday. The funeral was a very large one.

To Farmers.

All my Turnip Seeds are fresh, not having had any left over from last year. Wm. Richardson.

Oh, What a Cough!

Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease Consumption. Ask yourselves if you can afford for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. june24

The 24th at Kimberley.

Kimberley had a big day on Tuesday—one of the greatest days it has seen for some time. The Patrons of Industry from Clarksburg, Heathcote, Epping, etc., met there for picnicking purposes and had, as we have said, a jumbo time. The sport consisted of a shooting and a football match. The shooting match was Clarksburg against the world and Clarksburg won. The football was between Duncan and Heathcote, the latter winning by one goal.

Mr. Victor Kester, of Toronto, visited friends and relatives in Flesherton this week.

Mrs. W. H. Thurston and children have been visiting with relatives at Kimberley during the past week.

Deeming, the wife murderer, was hanged at Melbourne Monday morning.

People Wonder

WHEN they find how rapidly health is restored by taking Ayer's Sarsaparilla. The reason is that this preparation contains only the purest and most powerful alteratives and tonics. To thousands yearly it proves a veritable elixir of life.

Mrs. Jos. Lake, Brockway Centre, Mich., writes: "Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony. I was reduced almost to a skeleton, and hardly had strength to drag myself about. All kinds of food distressed me, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without giving relief. Nothing that I took seemed to do any permanent good until I began the use of Ayer's Sarsaparilla, which has produced wonderful results. Soon after commencing to take the Sarsaparilla I could see an

in my condition, my appetite began to return and with it came the ability to digest all the food taken, my strength improved each day, and after a few months of faithful attention to your directions, I found myself a well woman, able to attend to all household duties. The medicine has given me a new lease of life, and I cannot thank you too much."

"We, the undersigned, citizens of Brockway Centre, Mich., hereby certify that the above statement, made by Mrs. Lake, is true in every particular and entitled to full credence."—O. P. Chamberlain, G. W. Waring, C. A. Wells, Druggist.

"My brother, in England, was, for a long time, unable to attend to his occupation, by reason of sores on his foot. I sent him Ayer's Almanac and the testimonials it contained induced him to try Ayer's Sarsaparilla. After using it a little while, he was cured, and is now a well man, working in a sugar mill at Brisbane, Queensland, Australia."—A. Attewell, Sharbot Lake, Ontario.
