County Council

The county council was called to meet at 2. p. on Tuesday, but there was not a quorum of members present when the hour arrived, owing to delayed trains and blockaded roads. The warden himself, Mr. Preston, did not reach Owen Sound until 6 o'clock, the C. P. R. not arriving until that hour. The clerk therefore postponed the meeting until 7 p. m.

At 7.30 Clerk J. Rutherford again took the chair and called the members to order, who were all present except Mr. Doyle, who is absent in Florida.

The clerk announced that Mr. Alex. Garvie, of Derby, had been elected to fill the vacancy caused by resignation of Mr. Thos. Harness, and that Mr. Garvie had duly made his declaration of qualification and of office and now took his seat at the Board.

After reading regulations governing the election of warden, the clerk intimated that he was ready to receive nominations for that office for 1904.

Mr. McKinnon nominated Mr. Joseph Pringle, and the nomination was seconded by Mr. Gordon. After ample opportunity had been given for other nominations and none having been made the clerk called for a standing vote which was unanimous with exception of the nominee himself. Messrs. McKinnon and Gordon then escorted the warden-elect to the chair and in a few well chosen words introduced him to the council thanking the members for the honor confered on him and soliciting the cordial support of every member assuring them that while he acted as presiding officer he would endeavor to do justice to every member. He then called upon the clerk to read the minutes of last meeting of the November session, to which he attached his first signature as warden.

After reading a large number of communications and accounts a special committee to strike the standing committees for 1904 was appointed, consisting of Messrs. Allan, McKinnon, Shute, Brown and the mover.

WEDNESDAY FORENOON

The council met in the council chamber at the town hall. Mr. Neil McColman, who was unable to attend the November session owing to illness, was not present when the roll was called, but arrived during the reading of the minutes.

Four communications were read by the clerk. A petition from Mayor A. S. Hunter, of Durham, and others, urging the council to grant a free auctioneers' license to Hugh McKay, who had been an auctioneer for thirty years, but was now becoming infirm. The report of Mr A. Grier, public school inspector for East Grey, gave an account of work done in the inspectorate, and stated that the writer had held office of inspector for fifty years, having been appointed by the county council in 1854, and he was not aware of fault having been found with the way he had discharged his duties. The Western Ontario Good Roads Association asked the council to donate $10 to its funds, and to appoint delegates to attend its convention, which is to be held this year in March so as to have the advantage of prominent public speakers who would be obtainable at that season.

Mr. Gordon as chairman of the special committee to strike standing committees for 1904, presented his report. The committees were afterwards called off in order by the warden and retired into the town hall, where they chose their chairman. When all was complete the committees for the year stand as follows:

Finance—All the members of the council. Mr. Thomson, chairman.

Road and Bridge—Messrs. Garvie, McColman, Schenk, Bell, Brown, McKinnon, Shute and Doyle. Mr. Shute, chairman.

County Property—Messrs. Gordon, Allan, Preston, McLean, Thomson, Bell, Patterson and Garvie. Mr. Gordon in the chair.

Education—Messrs. McArthur, Shute, McColman, McKinnon, Allan, Gordon, Garvie and Brown. Mr. McArthur, chairman.

Printing—Messrs. Patterson, Schenk, Garvie, Thomson, McArthur, Preston, Doyle and McLean. Mr. Patterson in the chair.

Communications and Memorials—Messrs. Gordon, Garvie, Brown, McArthur, McKinnon, Allan, Shute and McColman. Mr. McColman, chairman.

House of Refuge Standing Committee—Messrs. McArthur, Gordon and the Warden.

Warden's Com —Messrs Allan, McKinnon and Gordon.

Judical Audit Com.—Messrs. Doyle, McArthur, and the Judical Auditor.

House of Refuge Building Committee—Messrs. Gordon, Garvie, McKinnon, Allan, Shute, Brown, McColeman and McArthur. Mr. Gordon, chairman.

There being no further reports of committees or any business before the council it was stated by Mr. Gordon that the whole council should make a visit of inspection to the house of Refuge at Markdale. There was a great deal of business to be looked after in connection with the building, and before the council could transact their business intelligently the members should have a personal inspection. He did not believe the council could complete its duties this week, which was now so far advanced. As chairman of the committee he desired that the council should have full knowledge how the contract was advanced and there was much to be seen to with reference to the water supply. Making provision for the manager's instructions as the management of the institution, the purchase of a team and other necessary equipment, and many other details. He moved that the council adjourn until Friday morning, and in the interval visit the house of refuge on Thursday.

Mr. Shute approved of giving the fullest attention to the house of refuge business, which promised to be among the most important to come before the council at this session.

After some discussion the matter was satisfactorily arranged at length that the members should visit Markdale as a committee of the council on Thursday and meet again on Friday morning.

WHAT HAPPENS AFTER FIVE HOURS.

Dr. Bouchard, the eminent French physician, has furnished facts which show that if food is retained in the stomach more than five hours it becomes fermentative and putrefactive,—not digestive,—and that this is the starting-point of disease.

This food mass becomes putrid.

Generates gas.

The stomach dilates.

There is a seeming lump-weight, burning, or belching.

Blood, fibre, tissue, and cells begin to absorb poison from the stomach and alimentary canal instead of nutriment, and right here is the producing cause of Constipation, Diabetes, Bright's Disease, Uterine and Ovarian troubles, Rheumatism, Gout, Nervous and Mental Distress, Bronchitis, Heart Affection, Pulmonary Consumption, Jaundice, Liver and Skin Diseases.

Inability of the stomach to properly handle food is mainly caused by overeating, drinking too much liquid, gases generated from slow digestion, preventing the mixing of food with gastric juice to properly prepare it for use in the body.

Dr. J. S. Leonhardt worked for years in perfecting Anti-Pill, so that it would guarantee regular stomach action, and its astonishing cures are proof of its mission being fulfilled; of its being the greatest System Treatment in the world. 50 cents of druggists, or mailed to any address by WILSON-FYLE CO., Niagara Falls, Ont.
