## A Well-Digging Case

At the Walkerton Local Assizes, a well-digger named Boetger, who resides near Neustadt, obtained a verdict for $285 against H. Tanner, of the south line of Normanby. Boetger contracted with Tanner to dig a well for him, the price agreed upon being one dollar per foot. It was a condition of the contract that Boetger was to find water, otherwise he was to receive no pay. Boetger got to work, using first of all a fiive-inch casing. After going down a few feet, an obstruction in the form of a stone was met with, and then the casing was reduced to a 4-inch. On and on they went, but the water did not make its appearance, and then Mr. Boetger bethought him of consulting a renowned water-wizard, or, as he put it, a fortune-teller, who resides in Normanby. This water-wise man told him that he must keep right on, and in the end his effots would be rewarded by by a copious supply of water. Finally after going down 202 feet water was struck, and Mr Boetger bundled up his traps and took his departure. But Tanner was not satisfied with the quality of the water. There seemed to be plenty of water, but it was always riley, and did not suit Mr. Tanner. He did not regard it as good water. Mr. Boetger then came back, and put the well down twelve feet further, but still Tanner was not satisfied, and refused to pay for the job. Boetger then entered action to compel payment.

## You Have Indigestion

And conclude of course that the stomach is at fault. So it is, but there is a cause away back of the stomach that must be reached before the stomach can be made to do its work. The cause is nerve disturbance or nerve debility. First get the nerves in shape and then the stomach will be right also. Ferrozone has accomplished this for thousands of people whose digestion was completely gone. Ferrozone is food for the nerves and works wonders in stomaach trouble. Mr. Neil McDougall, Old Durham Road, Artemesia, walked into town on Thursday last, having "done his chores" in the morning, then walked to Durham (15 miles) did his buisness and hurried off to be home in time to "do" the said chores in the evening—Durham Review.

Now the breezes sweetly shake with the music of the rake, and the rooster pecks and picks while the moist earth he upkicks. On the fence the thomas cat sings his lively rat-tat-tat, and the bluebird and the jay execute the jocund lay that informs us on the fly that the happy moon is nigh when the white baseball will zip and the daisy star downclip. Now the gay tar-ball we whack down upon the sealskin saque; and we shout in boundless glee. "Ha, ha, ha!" and "he, he, he!" as the strawberry adream bobs serenely in the cream. And we don sweet Fancy's garb when the pie of fresh rhubarb on the damask blithely smiles, and our vision so beguiles that we shout "Hip, hip, hooray! Spring is here, and here to stay!"—Ex.

## Slight Sprains Grow Worse

Unless promply treated. The great strength of Nerviline enables it to quickly cure all manner of sprains and strains. "I sprained my wrist," writes Leonard E. Milford of Rockland, "while working in the mill but had to lay off, it became so painful and swelled. I rubbed my wrist thoroughly with Nerviline twice a day and put on a bandage. The pain soon went away and frequent rubbing with Nerviline soon cured. Nerviline is undoubtedly an excellent liniment and the best pain reliever I ever used." Nerviline ertainly is extra good. Price 25c.

The Bell Telephone Comgany just now are pretty sore on the township of Proton. The Co. has nine miles of wire through the township from Dundalk to Hopeville and the assessment this year has been placed at one hundred dollars a mile, or a total assessment of nine hundred dollars. The officials say they will present the outfit to the township before they will pay taxes on nine hundred dollars. If they did, which isn't within the range of likelihood, it would give the township a great chance to go into the municipal phone buisness,—Dundalk Herald.

### How It Spreads

The first package of Hem-Roid (the infallible Pile cure) that was put out went to a small town in the State of Nebraska.

It made the cure of a case of Piles that was considered hopeless.

The news spread and although this was only two years ago the demand prompted Dr. J. S. Leonhart of Lincoln Neb., the discoverer, to prepare it for general use. Now it is being sent to all parts of the world.

It will cure any case of Piles. There is a months treatment in each box.

Sold for $1.00, with absolute guarantee.

It is for sale by druggists.

During the thunderstorm of Saturday afternoon of the 9th inst., the lightening struck the gable of Mr. Thomas Cox's bank barn, splintered a rafter, ran down a post and set fire to the hay near the foot. This instantly flamed up fully five feet high, and very near to the driest kind of dry straw, but just at this critical juncture the building was saved from utter destruction together with the loss of many cattle, by the bravery and presence of mind of young Wm. Cox, a slight built lad of twelve years who was in the barn at the time with a younger brother. He ran up and first tried to stamp out the rising flames, but finding them too strong to be extinguished in this way, he dexterously covered them with a bundle of hay and by vigorous and skilful stamping upon said bundle, soon had the fire entirely quenched. If "the boy be father of the man," we predict a glorious future for brave young Cox.—Guelph Herald.
