Only One Cure For Catarrh

And it's neither a dopy mixture, a troublesome atomizer or an irritating snuff—it is fragrant healing Catarrhozone which is recommended by at least twenty-thousand physicians in United States and Canada. The balsamic vapor of Catarrhozone goes at once to the source of disease, kills the germs, heals sore spots; it prevent dropping of the throat, keeps the nostrils clear and cures foul breath. Cure is complete and permanent when Catarrhozone is used. It is as certain as eternity to cure, can't fail. Every dollar outfit guaranteed; trial size 25c. Use only Catarrhozone.

On Saturday morning, May 6, Joseph Hillis, a well known farmer residing on lot 15, con. 8, Amaranth, got up early in the morning and asked his wife to hustle around and get breakfast ready as he expected some parties were coming to help him with his work that day. He went as usual to the barn to do up his chores and after waiting half an hour after breakfast was ready Mrs. Hillis went to the barn to look for him. He had not fed any of the stock and on going into the barn she discovered her husband hanging by the neck, dead. He had used a logging chain to commit the frightful deed—Free Press.

A Big Family

New names have to be designed every year to acommodate the Disease Family, but they all revolve around one cause—The stomach.

The receptacle of all you eat or drink cannot help but get crippled—very few escape. How can they? Just think of what lands in the stomach during a few hours—All sorts of things—sour, sweet, acid, starchy, light, heavy, vegetable and animal; all this raw material is tumbled into the stomach without much thought as to the order of its going, every particle of which has to be worked over, digested and converted into food for nerves, blood, brain, kidneys, liver and bowels—for every tissue, cell and fibre of the body. Sometimes the stomach is overloaded, shocked and deranged and cannot do its work properly, and right here begins the starting point of disease, as no organ now receives proper nutriment, and usually the weakest cry out their warnings. That's why a well stomach means a well body, and that's why ANTI-PILL has such a marked effect. It soothes the irritated linings of the stomach, and so acts on the mucous membrane that the necessary supply of gastric juice to secure digestion is assured—ANTI-PILL, the Great System Treatment, makes a well stomach.

A family of young black foxes were found by a young man named John Billings in a hollow log on the farm of Mr. William McNab in Sydenham. John took his precious find home and they are thriving nicely. We are informed that our townsman, Mr. P. McConvey offered $30 a piece for them and take his chance of raising them; but the owner expects to to realize a much larger sum for them later in the season, or keep them and start a black fox ranch, which should be a better paying proposition than skunk farming.—Chatsworth News.

It may interest some people to know that the correct pronunciation of Admiral Togo's name is "Tongo" G, in Japanese, is pronounced like ng, in English. We have this on the authority of that eminent Japanese scholar, Rev. Dr. Crothers. Don't run away with the idea that Togo is n. g. Not on your natural.

The big "B" elevator at Fort William was destroyed by fire Thursday morning, together with 250,000 bushels of grain.
