On a Tight Wire.

Niagara Falls, Oct. 12.—Clifford Calverley, the nervy young Clarksburg boy, crossed the Niagara chasm between the railway suspension and cantilever bridges this afternoon on a slender three-quarter inch cable, and the cool manner in which he accomplished the feat has outdone all former performances high over Niagara's rushing waters. Precisely at 3.10 p. m., ten minutes later than advertised, the intrepid walker appeared on the Canadian end of the cable, clad in blue tights and pale pink trunks, accompanied by his manager, Mr. A. B. Ormsby of Toronto, Mrs. Ormsby, Mr. E. S, Jackson, H. E. Jackson of Toronto, uncle of John Calverley of Clarksburg. His father, J. N. Calverley, of Clarksburg, remained at the hotel, thinking it best to do so, as possibly his presence at the feat might unnerve his son, who had every confidence in performing what he had undertaken, but before the lad was ten feet out on the cable the father was the most interested spectator present among the 10,000 that crowded both banks of the river and bridges. Before Calverley started on his perilous journey Mr. Jackson introduced him to the spectators, making a few remarks, therewith pointing out the fact that Calverley did not expect anything financially out of his trip, but if successful would return next summer and give several exhibitions during the summer. After shaking hands with his friends he picked up his twenty-foot balancing pole, weighing about twenty pounds, and scampered off on the slender wire on a dog trot, with as much ease as if on a six-foot walk, only slackening his quick step when he approached the centre, when he walked cautiously, the wire at this point oscillating about three inches from the long stretch, and making the walking very difficult, even to Calverley. Not even a voice was raised to cheer him on his way and the spectators held their breath. On he went cautiously until the two-third point was reached, when about 100 feet from the American side he fairly ran up the slender wire; and when he was fairly landed on the American side a burst of applause was given the nervy young Clarksburg boy that resounded down Niagara's high cliffs for miles. The exact time occupied was 6 min. 8 secs, Dixon's fastest time being 12 min. 30 secs. After a few minutes' rest he again appeared on the wire from the American side. Walking out about 100 feet, he sat and laid down on the broad of his back on the wire; gave the frog walk for some 30 feet, walking backwards to the American side. Crossing on foot on the railway bridge, he appeared on the Canadian side, after walking about 100 feet, repeated the frog walk the most of the way. He lay full length on his back on the wire, crossed his legs and fanned himself with his fore-and-aft cap, and appeared as much at ease as if in an easy chair. He swung completely around the wire, hanging on with his hands, hung by his toes, and walked backwards to the Canadian side. In an interview a few moments later he appeared quite collected, and did not appear to have done anything extremely clever or risky, and in answer to questions, stated the cable was 910 feet long and 3-4 inches in diameter. Calverley is 22 years of age, is a galvanised iron worker and was born in Clarksburg, Ont. He weighs 138 pounds and is unmarried. He lived in Clarksburg until five years ago, when he moved to Toronto.

Rebecca Wilkinson, of Brownsvalley, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia and Indigestion until my health was gone. I bought one bottle of South American Nervine, which done me more good than any $50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy. I consider it the grandest medicine in the world." A trial bottle will convince you. Warranted by Richardson & Co."

A report comes from Sundridge of a terrible attempt at murder a short distance from Commanda, Muskoka, followed afterwards by the suicide of the would-be homicide. L. Bauman, a farmer in that neighborhood, had a quarrel with his wife on Thursday, and seizing a large knife stabbed her. She fled from the house, and, her wound not being very serious, succeeded in making her way to a neighbor's, where she remained all night. Next day a son of the unfortunate pair went over to interview his father, when he found his body on the floor with the whole top of his head blown off. One hand still grasped the gun.

Cures Others

Will cure You, is a true statement of the action of AYER'S Sarsaparilla, when taken for diseases originating in impure blood; but, while this assertion is true of AYER'S Sarsaparilla, as thousands can attest, it cannot be truthfully applied to other preparations, which unprincipled dealers will recommend, and try to impose upon you, as "just as good as Ayer's." Take **Ayer's** Sarsaparilla and **Ayer's** only, if you need a blood-purifier and would be benefited permanently. This medicine, for nearly fifty years, has enjoyed a reputation, and made a record for cures, that has never been equalled by other preparations. AYER'S Sarsaparilla eradicates the taint of hereditary scrofula and other blood diseases from the system, and it has, deservedly, the confidence of the people.

AYER'S Sarsaparilla

"I cannot forbear to express my joy at the relief I have obtained from the use of AYER'S Sarsaparilla. I was afflicted with kidney troubles for about six months, suffering greatly with pains in the small of my back. In addition to this, my body was covered with pimply eruptions. The remedies prescribed failed to help me. I then began to take AYER'S Sarsaparilla, and, in a short time, the pains ceased and the pimples disappeared. I advise every young man or woman, in case of sickness resulting from impure blood, no matter how long standing the case may be, to take AYER'S Sarsaparilla."—H. L. Jarmann, 33 William st., New York City.

Will Cure You

Prepared by Dr J. C. Ayer & Co., Lowell, Mass.
