RAILWAY MEETING.

A meeting was held in Markdale on Wednesday of last week, of those interested in the proposed Mt. Forest, Durham, Priceville, Glenroaden, Markdale, Rocklyn and Meaford railway. The gathering was a large and representative one—larger than the promoters anticipated, probably. There was no business of any particular moment transacted. It was decided to apply to the next session of the Legislature for a bonus. Enthusiasm was not at fever heat, except, perhaps, in case of the Meaford contingent, headed by Mayor Johnston. The Mt. Forest representative asserted in no uncertain words that that town would not assist. N. McKechnie, Esq., M.P.P., who represented Durham, was very, very cautious. It is thought Mr. McKechnie would like to see the line run through Genroaden, wherever that is, in order to boom his property there. This may be a mistake, but he was very cautious, and would like to have the municipalities vote their little pocketbooks before approaching the Legislature. Markdale does not want the railway and would not give a cent towards it. It was also decided to submit to the municipal councils along the proposed route an invitation to pay the expenses of getting a renewal of the charter, which has lapsed. Altogether the Mt. Forest, Durham, Glenroaden, etc., railway, is in a rather sickly condition, and it was the opinion of a great many present that it would never recover. Now if the Meaford people had but invited Flesherton and Artemesia to participate in this grand scheme the railway would, no doubt, have been assured ere this. Flesherton has had experience in railway wirepulling, and no doubt her experience would have been valuable in conjunction with Meaford's enthusiasm.

The destruction of the village of Beeton by fire last week should act as a pointed warning to other villages that are without fire protection. Flesherton has had many narrow and providential escapes herself, but has thus far warded off any awful catastrophe of this nature. Some day it will come, and we will not be prepared for it. Not long ago a meeting was called to discuss this matter, but the business men did not take sufficient interest in the subject to attend. Should a conflagration take place these same people would be looking for and expecting the extension of outside sympathy and aid, and with what degree of justice it would be hard to discover. They evidently think it better to pay enormous insurance rates than to put the extra rates into taxes for the protection of their own property.

Ask your neighbors if they use Dodd's Kidney Pills ? They strengthen the nerves, tone the system, and the most stubborn cases of kidney desease yield to their influence. They are especially appreciated by the old. Ask your neighbor about them.

Mr. Ludwig Yirs, of the Railroad hotel, has added a new pump to the business. This looks better than the "heir loom" that was there.

Mr. John Egan has purchased the Ontario hotel and is going to apply for licence to sell grog. This place requires two hotels in the winter months or larger stables.

Mr. R. T. Legate has been ill for some time, consequently the mill is at a standstill. We are pleased to see that Mr. Legate is improving, and will soon be able to resume his duties again.

Mr. John Mitchell, that big man from Dundalk, is here again on the market buying grain for Mr. Sam McCullough. Mr. Cole is there too, and prepared to pay the highest market price for every kind of grain. We have one of the best markets in the county.

Mr. Alexander, the popular organizer for the Patrons of Industry, gave a lecture in the Orange Hall on Thursday evening last, to a crowded house, and succeeded in organizing an association here with Jas. McMullen as president, Andy Cullen, vice-preident ; W. L. Wright, writer ; Donald McLeod will care for the coin, while Will Stewart will keep an account of it ; Bob Wright is ladies 'man, and will conduct and guide them through the trying initiatory ceremony ; George McKenzie will permit none to enter or retire without the quarterly pass-word, unless by the direction of the president. Lodge meets in the Orange Hall every Wednesday evening. Miss C. Wood keeps the patron store. This can be made a very interesting meeting if all work unitedly and add to it a Mutual Improvement Association. By interchanging ideas they may learn a great deal, and have a mixed program or a debate occasionally, which would be a very good way of passing a long evening pleasantly and profitably.

Building operation have been rather slow during the summer, but there has been a lot of patching done. Mr. Sangster Hemphill has his house newly weather-boarded, so has Andy Rutledge his fixed up, and R. Cook has built an addition to the store. We think it is more for use than ornament. No, we can't lie, it aint a beauty, but it may hold salt or coal oil.

Mr. John Gilchrist (we must not call him the Mayor any more) has added another storey to his house, and generalyl fixed it up. It looks fine now, and is one of the best houses in the village.

NEVER FAILS CURES COLD IN HEAD AND CATARRH

AYER'S Sarsaparilla

Is superior to all other preparations claiming to be blood-purifiers. First of all, because the principal ingredient used in it is the extract of genuine Honduras sarsaparilla root, the variety richest in medicinal properties. Also, because **Cures Catarrh** the yellow dock, being raised expressly for the Company, is always fresh and of the very best kind. With equal discrimination and care, each of the other ingredients are selected and compounded. It is

THE Superior Medicine

because it is always the same in appearance, flavor, and effect, and, being highly concentrated, only small doses are needed. It is, therefore, the most economical blood-purifier in existence. It **Cures SCROFULA** makes food nourishing, work pleasant, sleep refreshing, and life enjoyable. It searches out all impurities in the system and expels them harmlessly by the natural channels. AYER'S Sarsaparilla gives elasticity to the step, and imparts to the aged and infirm, renewed health, strength, and vitality.
