## County Council.

*(Concluded from last issue.)*

The Finance committee presented their second report, recommending (1) the account of Jas. Allan, expenses on county business $9.44; (2) that the sum of $1,588.40 be paid to the treasurer of Thornbury as demanded under the award of the arbitrators towards the construction of the Beaver River bridge, and that the town of Thornbury be required to render a detailed statement of cost of bridge at the June session; (3) that the treasurer's statement of non-resident land fund be printed in the minutes; (4) the committee had considered the reports of the riding agricultural societies, and desire to congratulate the officers on the successful records of the year; (5 and 6) free pedlars' licenses were recommended to be granted to Adam Cranston and to Wm. Ewart of Meaford; (7) that no grant be given to the Prisoner's Aid Society this year; (8) that Findlay James McLennan, of Heath Head, be appointed county student at the Guelph College, and his admission be provided for as soon as a vacancy occurs; (9) that the sum of $100 be granted to the Fruit Growers' Association of Grey, to assist in the selection of fruits for exhibition at the World's Fair.

The Education committee reported, recommending that the public school Inspector's reports for South and East Grey be printed in the minutes. Also, they thought it desirable that sec. 22 (3) of the regulations of the Education Department be so amended as to provide that marks in the subject of agriculture shall be counted as a bonus for candidates at entrance examinations, and recommended that a memorial to that effect be forwarded to the Department; also that the entrance examination for South Grey be affiliated with the Meaford high school.

The council went into committee of the whole on the finance report.—Mr. Brown in the chair. Mr. Chisholm moved to amend the last clause by submitting $200 for $100 and also to add that a representative from each municipality be associated with the fruit-growers in the section of samples. He understood $100 would be quite insufficient as the fruit would need replacing from time to time in Chicago during the exhibition thus making frequent selections necessary. Mr. Brown, seconder of the motion, thought if the project were undertaken at all it ought to be done thoroughly. The council had everyencouragement as to the fruit industry in the reports of riding societies. Even South Grey, which had always been regarded as inferior to the other ridings for fruit culture, reported the samples as "large and excellent."

Mr. Schenck was very much in favor of the $200 grant. He had a visitor from the old country lately who was astonished at the size and flavor of his (Mr. Schenck's) pears, having always thought Grey was "the worst county in the world." (Laughter.) We needed to advertise our products, and remove such impressions from the minds of outsiders. In conclusion Mr. Schenck told the council of the new and growing industry at Neustadt where they "make good sweet jelly from sour apples."

Mr. Allan was willing to go the length of the report but no further. He suggested as the most economical plan that the Fruit Grower's Association should communicate with the officers of the township agricultural societies, asking that selections of fruit be made by them and shipped to Owen Sound, at the expense of Association. On the arrival there the finest samples could be picked out, and forwarded in charge of the government officials. The only expense was getting the fruit to Owen Sound.

Mr. Iriwin figured out that on a farm worth $3000 the tax for the $200 grant would reach the enormous sum of 30 cents. He understood that the design was not only to exhibit this fruit but to put it on the table of the people in Chicago, which would be the best possible advertisement.

Mr. Graham supported the amendment as also did Mr. Kerr, the latter affirming that had he planted ten acres of orchard when he first came to the township of Collingwood thirty years ago, and carefully cultivated it ever since, it would have paid him better than farming 200 acres of land. As an instance of the value of exhibiting as an advertisement, he mentioned the introduction of Ontario cheese and honey (Mr. McKnight's) into England a few years ago, since which time both articles have held first place in the markets of the old land.

Mr. Agnew also supported the grant.

Mr. Damude said there was another point to be considered. The deputation had said that much of the fruit grown here was unsuitable for the outside markets. If buyers were induced to come here through these exhibits, and found the general supply not up to the standard of the samples shown, it would be worse than not having advertised at all. He thought the county was not ready yet to mantain a very high reputation in that line, and therefore opposed the grant.

On the warden resuming the chair, Mr. McPhee made a very emphatic protest against the fruit grant, and Mr. Sing moved, seconded by Mr. Gilray, that the original clause be inserted. The motion was carried. Mr. Schenck called for the yeas and nays which were recorded as follows: Yeas—Messrs. Allan, Anderson, Binnie, Boland, Campbel, Damude, Dicks, Eliot, Galbraith, Gamey, Gilray, Harness, Jacklin, Messenger, McPhee, Pedlar, Preston, Pringle, Ries, Shaw, Shute, Sing, Staples, Stewart, Swanson and Tedford—26. Nays—Agnew, Armstrong, Brown, Cisholm, Clark, Gordon, Graham, Hanbury, Irwin, Kerr, Lang, Lucas, R. McDonald, J. McDonald, Pedwell, Reid, Shenck, Stark and Wilcox—19. Mr. Chisholm moved, seconded by Mr. Sing, that a representative be appointed in each riding to assist the Fruit Grower's Association in selecting samples of fruit for the World's Fair, namely Messrs. Gilray, Schenck and the mover, and that the associaton report as to the expenditure of the grant for that purpose.—Carried.

The council then adjourned to meet on Monday, June 19th, at 7p. m.
