Certain of our villagers will wake up some fine morning to discover that their cows are not to be had for milking purposes. It is surprising that some people will defy all laws enacted for the good of the community at large. Really, such people should receive no consideration and their animals should be impounded without hesitation, when found trespassing.

The Provincial Fruit, Flower and Honey Show.

Great arrangements are being made for the Provincial Fruit, Flower and Honey show it is proposed to hold in Toronto during the second week in November. It will be the biggest show of the kind ever held in Canada. The various Associations interested include the Ontario Fruit Growers' Association, the Ontario Bee Keepers' Association, the Toronto Horticultural Society, the Toronto Gardeners' and Florists' Association and the Toronto Electorial District Society. The two big rinks on Church Street have already been secured for the purpose of this exhibition. The Fruit and Honey exhibits will be shown in one rink, while the flowers will be on view in the second. A display of machinery and implements used in the cultivation of fruit and flowers will be made in an open piece of land between the two rinks. The prizes offered for the floral section alone amounts to over $1200. The prize list is already in circulation. The fruit growers will expend over $1000 in their part of the show. Money has been reserved to provide for the collection of representative exhibits of fruit from all the counties in province. The fruit will be kept in cold storage. A series of big meeings will be held at the time of the show. The Fruit Growers' Association will hold it's annual convention as will also the Bee Keeper's Association. There will also be a meeting of delegates from all the Horticultural societies in the province, as a result of which, it is expected, a Provincial Horticultural Association will be formed. Cheap rates have been secured over all the railroads. It is expected to make this show rival in its way, the Provincial Winter Fair, held at Guelph. The management of this show will be largely in the hands of H.B. Cowan of Toronto, Provincial Superintendent of Agricultural Societies, to whom any requests for information may be sent.
