Flesherton, Jan. 24, 1893.

Kimberley.

From our own Correspondent.

Squire Stuart, having taken the farming fever, has purchased a large farm on the 3rd and will soon take up his abode there.

Mrs. T. Ellis has taken a trip up north to Powassan district to visit her daughter, Mrs. W. Stuart, and friends, for a few weeks.

Mr. T. Ellis goes to Toronto this week with a car load of cattle, one half of which comes from his own stalls. Pretty good for a Kimberley farmer.

Kimberley can now boast of one through track, a sidewalk from the "Mansion House" on the south to the Methodist church in the north, with short switches to suit the trade.

Eugenia

From our own Correspondent.

News seems to be scarce around this part at present, not even a taffy pull to speak of, however we had a genuine thunder storm, also a regular snow storm the past week, with weather part of the time cold enough for mid winter.

The hoop and veneer factory is doing a good business. They shipped two carloads the past week and filled another ready for sending off. They have a good force of men in the factory, also a gang in the bush getting out logs. Mr. H. M. Bowerman is outside foreman and Mr. William Bennett acts as foreman inside. They expect to be able to send off two car loads every week, as they are cutting cheese box stuff, barrel hoops, veneer, also coffin material and stuff for making baskets.

La grippe has gone for another spel'. We wish it the Connaught man's toast, "may it never return again."

Mr. Robert and Hugh Sloan, of Paisley, are visiting their sister, Mrs. John A. Fenwick.

Mr. Thomas Smart has gone to try his fortune in Manitoba.

Mr. Sandy and John Meldrum, of Colorado, have been visiting their parents here for the past week.

Miss Minnie Meldrum, of Meaford, is home on a visit.

Mr. Henry Fenwick had a stable raising the past week.

There seems to be a big stir around Mr. Duckett's lime kiln. I think there must be some prospects of a fire there pretty soon by the look of things.

Mr. Carr is doing a rushing business in his saw mill. The beaver river seems to be putting on extra force at present, so our business men are making hay while the sun shines.

Mr. Sloan is getting his shingle mill ready for further operations. His chopping machine has been busy all winter.

Hopeville.

From our own Correspondent.

Mrs. Wm. Campbell died on Tuesday last, after a short illness. She leaves a husband and five small children, the eldest being about 14, the youngest about 5 years. The bereaved have the sympathy of the community. Her remains were followed to the Latter Day Saint grave yard by a large company of friends.

Mr. Hugh McDonald and family have moved to the farm in the vicinity of Dundalk.

Mr. James Dingwell has bought the east 50 acres of the McKnight farm, and Mr. D.K. McArthur has rented the west 50 acres.

Mr. Wm. Billings has bought the east half of lot No. 12 on con. 11.

Mr. Wm. McMurdo has rented Mr. Jno. Douglas's farm.

Jas. Douglass and John Irwin have started for Regina.

Mr. David Allen has erected a fine new shop and is rushing quite a business.

The Dingwell boys have got a seed drill. That will be easier than the old tyle.

Jas. Parslow had a colt sick for a few days but through care and a little laudanum it recovered.

They tried the same remedy on a couple of lambs but they fell asleep and didn't awake again.

Miss Emily Huddy is helping Mrs. Dingwell this summer again, this being the third summer for her there.

Mr. Ager, of Wingham, has bought and moved onto Mr. Edward Ferguson's farm on con. 13.

Mr. Geo. Campbell has procured the services of Mr. R. Hall for the seeding.

A little boy arrived at the home of Mr. Jno. Russell a few days ago.

Mr. Colter is some better.

Mr. Wm McLaren is also some better.

Florence, daughter of Mr. Arch. Ferguson, is gaining.

Mr. Ed. Maher has returned to Dakota after a short visit among old acquaintances.

Mr. Thos. Maher is coming back to his farm this year.

Miss Mary McMillan is home for a rest, she being indisposed at present, and Miss M. C. Hardy is teaching in her school. We hope Miss McMillan will soon be well again.

Mr. Dan McIntosh is making great inroads upon the accumulated dirt of winter with house-cleaning utensils.

James Blair's Case.

NAPANEE, April 10th. A highly interesting case has happened in this town, which is creating a good deal of comment. Mr. James Blair, a well known merchant tailor here, has for fourteen years been a sufferer from that terrible complaint, known as Bright's disease of the kidneys. He suffered so terrible that one hour's work at the cutting table would completely exhaust him, and he had to almost give up work altogether. He tried almost every known remedy for his complaint, but without any good results. Medical men and patent medicines failed him, and he was gradually getting worse every day. Finally he read a despatch in one of the local papers, stating that a man named Murray, living in Gravenhurst, had been cured of Kidney trouble by using Dodd's Kidney Pills. As a last resort Mr. Blair began taking these pills, and three boxes made a new man of him, and seven boxes completely cured him. Mr. Blair is back at work again, and says that he feels twenty years younger, and that these pills completely cured him. His recovery has created quite a sensation.

There is plenty of time, but it may not be out of place to mention the fact that an act was passed at the last session of the Ontario Legislature for the protection of bees, which enacts that "No person, in spraying or sprinkling fruit trees during the period within which such trees are in full bloom, shall use or cause to be used any mixture containing Paris Green or any other poisonous substance injurious to bees." The penality for an infraction of the law is not less than $1 or more than $5.
