The Shelburne Economist completed its tenth year last week.

Taught prudence by recent fires, Beeton has carried a waterworks bylaw by a vote of 75 to 12.

Fred Outhwaite, of Shelburne, was suffocated by gas while visiting the Toronto exhibition last week.

At a convention of North Grey prohibitionists at Owen Sound on Saturday Robert Stark was nominated for the Commons and Mr. Nicholas Read for the Legislature.

Last Thursday afternoon the frame barn belonging to Mr. Edward Hearn, near Corbetton, was struck by lightning and burned, together with most of the season's crop. The house was also struck at the same time, and took fire, but the flames were extinguished before much damage was done. A cat under the stove was instantly killed by the shock, and the stove itself was badly shaken up, but none of the members of the family were hurt. Three sheep between the house and the barn were killed by the lightning. Some men who were threshing at a neighbor's place assisted in saving the house. We understand there was an insurance of $500.—Shelburne Economist.

Relief in Six Hours.—Distressing Kidney and Bladder diseases relieved in six hours by the "Great South American Kidney Cure." This new remedy is a great surprise and delight to physicians on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by Wm. Richardson, druggist.

Mr. John McCarty is a prosperous young farmer on the 10th of Glenelg, five miles from Markdale. During the thunder shower of last Thursday, about 11.30 o'clock, while his wife was rocking her babe in the cradle, lightning struck the chimney, shattering it badly, passed down and out through the stove, taking a leg off the same, killing a valuable dog, which lay near, struck Mrs. McCarthy's foot, going through it and tearing the shoe to atoms, passed through the floor into the cellar and out through the stone wall, plowing its way through the earth, upwards of four rods distant from the house. Mrs. Mc. who was alone with her child, was badly stunned as well as frightened, and has not yet fully recovered the shock. The babe escaped unhurt, though its nursing bottle which lay in the cradle was knocked through a doorway into the hall. —Markdale Standard.

Itch, Mange, and Scratches on human or animals cured in 30 minutes by Woolford's Sanitary Lotion. This never fails. Warranted by Wm. M. Richardson.

Warranted the most wonderful Blemish Cure ever known. Warranted by Richardson & Co.

Rheumatism Cured in a day.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Warranted by Richardson & Co.

The Galt Reporter gives some interesting figures connected with the apple export trade. The total export from Canada and the United States in 1892-3 was 1,203,338 barrels—Canada supplying 795,695 barrels, and the States 407,843. The shipments from Canadian ports were 545,968 barrels, while those of Canadian apples from American ports were 249,727 barrels. The shipments for the last season were looked upon as heavy, but they were exceeded in 1880 when 1,328,806 barrels were shipped from Canada and the States; 1888-9, when 1,450,336 were shipped, and 1891-2, when 1,450,336 were shipped. The difference in former years, though the shipments were larger, lay in the fact that those from Canada were much less, in proportion to the whole, than last year.
