Tailor-Made Clothing

Manufactured by Hobberlin Bros., King Street, Toronto. This well known firm of high-class tailors were burnt out some three weeks ago. They succeeded, however, in saving many of the suits that were made for their customers. We succeeded in buying these suits hence the reason that we are able to offer you $18.00 and $20.00 high class tailor made suits for $12.50.

27 suits of High Class Tailormake, if we have your size this ought to interest you, special sale price 12.50

The Flesherton Advance

Is published every Thursday at $1.00 per annum if paid in advance, $1.50 if not so paid.

All subscribers paying $1.00 strictly in advance get the Montreal Herald one year free as a remium.

Experiments With Farm Crops.

The members of the Ontario Agricultural and Experimental Union are pleased to state that for 1905 they are prepared to distribute into every township of Ontario material for experiments with fodder crops, roots, grains, grasses, clovers, and fertilizers. Upwards of 1,600 varieties of farm crops have been tested in the Experimental Department of the Ontario Agricultural College, Guelph, for at least five years in succession. These consist of nearly all the Canadian sorts and several hundred new varieties, some of which have done exceedingly well in the carefully conducted experiments at the College and are now being distributed free of charge for cooperative experiments throughout Ontario. The following is the list of cooperative experiments in agriculture for 1905:

No.	Experiments.	Plots.
1	Three varieties of Oats	3
2	Two varieties of Barley	2
3	Two varieties of Hulless Barley	2
4	Two varieties of Spring Wheat	2
5	Two varieties of Buckwheat.	2
6	Two varieties of Field Peas for Northern Ontario	2
7	Emmer and Spelt	2
8	Two varieties of Soy, Soja or Japanese Beans	2
9	Three varieties of Husking Corn	3
10	Three varieties of Mangolds	3
11	Two varieties Sugar Beets for feeding	2
12	Three varieties of Swede Turnips	3
13	Kohl Rabi, two varieties Fall Turnips	3
14	Parsnips, two varieties of Carrots	3
15	Three varieties of Silage Corn	3
16	Three varieties of Millet	3
17	Three varieties of Sorghum	3
18	Grass Peas and two varieties Vetches	3
19	Two varieties of Rape	2
20	Three varieties of Clover	3
21	Sainfoin, Lucerne and Burnet	3
22	Seven varieties of Grasses	7
23	Three varieties of Field Beans	3
24	Three varieties of Sweet Corn	3
25	Fertilizers with Corn	6
26	Fertilizers with Swedish Turnips	6
27	Growing Potatoes on the level and in hills	2
2	Two varieties of early, medium, or late Potatoes	2
29	Three Grain Mixtures for Production of Grain	
30	Planting Corn in rows and in squares	2

The size of each plot in each of the first 26 experiments and of No. 29 is to be two rods long by one rod wide; in Nos. 27 and 28, one rod square; and in No 30, four rods square.

Each person in Ontario who wishes to join in the work may choose any ONE of the experiments for 1905, and apply for the same. The material will be furnished in the order in which the applications are received until the supply is exhausted. It might be well for each applicant to make a second choice, for fear the first could not be granted. All material will be furnished entirely free of charge to each applicant, and the produce of the plots will, of course, become the property of the person who conducts the experiment.

G. A. ZAVITZ, Director.
Ontario Agric. College, Guelph.

Hay Bros., of Listowel, appear to be buying up all the elevators in the country. Their latest acquisition was the elevator at Mount Forest.

Power From Eugenia Falls

O. S. Advertiser

Three gentlemen interested in the project of transmitting power from Eugenia Falls to Owen Sound were in town on Wednesday and negotiated with Mayor Duncan and other members of the council in regard to the matter. The gentlemen are Mr. Thos. McLachlan, capitalist, of Toronto; Mr. B. F. Reesor, managing director of the Light, Heat and Power Co., of Lindsay; and Mr. John O'Donohue, of Stratford. They were shown over the town by Mayor Duncan in the afternoon visiting the leading industries and expressed themselves as desirous of supplying electric power to the town. They will not ask any bonus, but only the goodwill of the citizens. We understand it is the intention of these parties to become incorporated as a company for this purpose.

Since the above was written a definite settlement of the project has been arrived at. Yesterday a special meeting of the council was called by the mayor and met at eleven o'clock, when Messrs. Reesor, McLauchlan and O'Donohue were present and discussed the subject for nearly two hours with the council. A resolution was finally passed by which permission was given to the erection of poles for wiring within the corporation, and also over the up river station throughout the town. For these privilleges the electric power company will pay the corporation five per cent. of the actual cost of the construction of the line. The members of council present were Mayor Duncan, and Messrs. Baines, Joyce, Lemon, McClarty, McMillan and McQuaker. In the absence of Mr. Gordon, who is in Toronto, Mr. W. Gordon acted as town clerk. Messrs. McLauchlan, Reesor and O'Donohue left town this morning.

A Chicago Alderman Owes his Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St. Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflamation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the Council." This remedy is for sale by W. E. Richardson.
