Vegetable Growers Organizing.

The officers of the recently formed Ontario Vegetable Growers' Association purpose orgaanizing branches of the Association in connection with the leading cities and towns of the province. Organizers will be sent out during this month to towns and cities with the object of forming branch associations. These organizers will be members of the Association, who are leading market gardeners in the vicinity of Toronto and Hamilton. The Association will receive a Government grant this year of $800. It purposes using this money to hold a large convention for vegetable growers at the time of the Horticultural exhibition in Toronto, next November, and also offering prizes for a large vegetable exhibit at this show.

The constitution of the Association provides for the formation of branch Associationss. The vegetable growers in the vicinity of any town or city may organize a branch Association, for which the membership fee is $1.00. The presidents of these branch Associations become directors of the Provincial Associations and have their expenses paid while attending meetings of its executive. The branch Associations are expected to pay the Provinicial Association 40 cents for each of their members, which makes all members of the local Association members of the Provincial Association. The Provincial Associations sends all its members copies of the annual report of its convention, a monthly magazine, which is the official organ of the Association and other printed matter. Vegetable growers who would like to see one of these branch associations formed in their vicinity are invited to write to H. B. Cowan, Department of Agriculture, Toronto, who is the secretary of the Ontario Vegetable Growers' Association.

A Baptist and a Methodist minister were by accident dining at the same house. As they took their seats there was an embarrassed pause, the hostess not knowing how to ask one minister to say grace without offending the other. The small son quickly grasped the situation, and half rising in his chair, moved his finger rapidly around the table, reciting, "Eny, mene, miny mo, catch a nigger by the toe." He ended by pointing his finger at the Baptist minister and shouting, "You're it.

Sir James Watson's Opinion.

He says that the commonest of all disorders, and one from which few escape is Catarrh. Sir James firmly believes in local treatment, which is best supplied by Catarrhozone. No case of catarrh can exist where Catarrhozone is used; it is a miracle worker, relieves almost instantly and cures after other remedies fail. Other treatments can't reach the diseased parts like Catarrhozone because it goes to the source of the trouble along with the air you breathe. Catarrhozone is free from cocaine, it leaves no bad after-effects, it is simply nature's own cure. Accept no substitute for Catarrhozone which alone can cure Catarrh.
