Anglican S. S. Convention.

The Annual Sunday School Convention of the Rural Deanery of Grey was held at Chatsworth, Thursday, Aug. 17th. Most of the clergy and a large number of delegates from the various schools of the county were present. At eleven o'clock enthusiastic services were held in St. Paul's Church, the sermon being presented by the Rev. R. J. Newell, rector of Markdale. An unusually large number of communicants were in attendance. At two o'clock the convention went into session and continued until 6, the Rev. W.G. Reilly, Rector of the church, being in the chair. Every available seat in the church was occupied. Proceedings began with devotional exercises led by Rev. Messrs. Hooper and Newell. The first paper on the program was read by Miss A. Merideth of Durham. It was entitled "Christ's Touch," and was very much appreciated. The Rev. M. M. Goldberg, rector of Dundalk, followed with an able essay on "The training of Children." Miss McWilliams of Owen Sound read an admirable paper on "Missions in Relation to the Sunday School Work.

The Rev. Dr. Tucher, General Secretary of the M. S. C. C., Toronto, followed by an eloquent and instructive address on "What Sunday Schools can do for the West." The final paper, an excellent one, was read by Miss M. Gibson, of Meaford, on "The Object of Sunday School Teaching." The various papers were discussed as they were presented. At 7.30 a conference of missions was held, when the Rev. Allen P. Kennedy, rector of Sant a Cruz,, Jamaica, W. I., and the Rev. Dr. Tucker were the speakers. Mr. Kennedy gave a graphic description of religious conditions in Jamaica, which was most interesting and enlightening. Dr. Tucker's Review of Mission difficulties and achievements in Western Canada, and the church's successful endeavor to make up the annual apportionment, was a splendid effort. He recounted the objections offered by the bishops and leading clergy to the large amount asked for, and he showed how the apparently impossible was accomplished. Exclusive of money contributed to the Widows' and Orphans' Fund, Superannuation, Theological Training, and other funds which are largely of a missionary character, purely missionary contributions for the year ending 1904 amounted to $250,000. His words left the impression on the minds that the Canadian Church is thoroughly alive to her responsibilities and opportunities, The proceedings of the entire day was most optimistic and encouraging.

To the Rev. W.G. Rielly is due a great measure of praise for arranging and carrying out so elaborate a program. Without any peradventure, it was the best Convention in connection with the church ever held in Grey county.

Delegates were billeted at the hotel for dinner. Supper was served on the rectory grounds under the supervision of the congregation of St. Mark's church, Holland Centre, who deserve special mention for the dainty provisions supplied and the attentive way in which the waiters looked to the need of the guests.

Next year's convention will be held at Markdale. The Rev. J.R. Newell was elected Prdsident and Miss Kells Corresponding Secretary.

They Appeal to Our Sympathies

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by W. E. Richardson.

Strange Stone Near Orangeville.

While working the Amaranth road machine between concessions 8 and 9 on the south townline a few days ago John Bowman, the energetic manipulator, turned up what appears to be at first sight a peculiar piece of mechanism. The find which was broken in three parts from coming in contact with the machine, is stone, but is unlike any stone ever seen in this neighborhood. The pieces, when intact, closed over a fourth piece, the latter having the appearance of the screw of a large vice. A remarkable feature is that the stone into which the screw fits has threads like the latter having the appearance of the screw of a large vice. A remarkable feature is that the stone into which the screw fits has threads like the latter, which fills the aperture exactly, and could probably have been unscrewed with the hand if the strange mechanism had been picked up in its entirety and had not been partially shattered by the road machine. There is no doubt that the stone had been in the ground for ages, but to reach the conclusion that its mechanical formation was the work of human skill is to assume that this section was peopled ages ago by an intelligent race that long has passed away. An alternative and likely more reasonable hypothesis is that the find was originally in separate parts, that the latter, then wood, came together in the condition discovered through the settling of the earth or other process, and that the whole became petrified through the flight of time. This is the best effort the Post can make in elucidation,—Orangeville Post.

According to the Sun the following Flesherton parties attended a wedding at Stayner recently. Messrs. M., A. and H. Thistlewaite, J. Parker, the Misses Thistlewaite and Miss E. Parker. The contracting parties were Mr. Robert Lamont and Miss Hannah Thomasine Robinson, both of Stayner vicinity.

Following the lead of the American Bankers' Association, the Canadian Bankers' Association will try to recover the money order business of Canada, which is now almost entirely done by different express companies and the Government Postoffice Department. This action will end the practice of banks of charging 15c. on a cheque whether it was for $3 or $50, and any amount under $5 will, according to the new rates agreed on, be put through for a charge of 3c.; from $5 to $10 for a charge of 6c.; from $10 to $20 for 10c., and from $20 to $50 for 15c.

Dyspepsia

—— This disease from which so many suffer gives the average physician a great deal of trouble. The best medical men have endorsed "PSYCHINE," and recommended it in scores of the most obstinate cases. It has never failed in a single instance to give prompt relief, and a permanent cure when directions have been followed. The system of cure is entirely different from any of the old fogey pills, powders or tablets. A few doses will remove the tightness and weight on stomach. Taken regularly it positively cures general distress, flatulency, nervousness, coated tongue, heartburn and palpitation. If you have never used "PSYCHINE" don't hesitate a moment longer. Ask your nearest druggist.
