Counterfeit silver dollars made of pure silver, and therefore a better quality than the genuine, are in circulation through Canada. Aside from a slight flaw in the milling, the coin could not be told from the genuine. At the present price of silver, counterfeiting with even pure silver gives the counterfeiter a profit of over forty cents on the dollar.

A report has just been received here of the killing of a huge lizard species by Indians on the North Shore. It seems that John Morningstar and Isaac Beavertrail were spearing trout off the mouth of the Moon river when something seized the decoy. It was at once speared and hauled out on the ice, It was left where it was as the Indians were too much terrified to kill it. It soon died after being speared, however, when they ventured back and found that it was what appeared to be an immense lizard fully seven feet long. It is quite a curiosity as nothing of the sort has ever before been seen in these waters. The Indians refuse to sell it, claiming that it will bring them good luck as they have had excellent catches since.—Coldwater News.

Farmers may break the Sabbath.

An interesting test case under the Sabbath Observance Law is furnished by the appeal of James R. Barber, of Derby, against a conviction of a local magistrate, which was heard recently before the Common Pleas Division of the High Court of Justice. The facts in this somewhat singular case are about as follows:—On Sunday, the 11th of June last, Mr. Barber failed to discontinue work on his farm, but went about his calling as on a week day. On the information of a neighbor he was brought before Jas. Cochrane, Esq., J. P., convicted of violation of the law and adjudged to pay a fine of $20 and costs with the option of two months imprisonment. Barber's solicitor moved to quash the conviction, the main ground of appeal being that a farmer does not come within the provisions of the Sunday Act. This contention the judges reluctantly found themselves obliged to uphold, and the conviction was therefore quashed. The appellant, we understand, claims to keep his Sabbath on Saturday, but this would not protect him from the Sunday law if he were a mechanic or merchant.

Mrs. J. Oliver's Case.

BRIGHT'S DISEASE HAD DEVELOPED AS THE RESULT OF HER TEN YEARS' SUFFERING FROM KIDNEY DISEASE—DODD'S KIDNEY PILLS AGAIN SAVES A VICTIM FROM THE GRAVE.

BROCKVILLE, Feb. 26.—Anyone who asserted a year ago that Bright's disease was capable of a cure would have been written down as fit only for a lunatic asylum. But it has been conclusively proved that Dodd's Kidney Pills are a cure for this disease, that was so long looked upon as fatal. Mrs. J. Oliver, of Phillipsville, near here, is one of the living witnesses who can testify to this fact. She suffered from diseased kidneys for ten years, and Bright's disease had developed when she heard of and used Dodd's Kidney Pills, which have restored her to perfect health.

"Only the Scars Remain,"

Says HENRY HUDSON, of the James Smith Woolen Machinery Co., Philadelphia, Pa., who certifies as follows:

"Among the many testimonials which I see in regard to certain medicines performing cures, cleansing the blood, etc., none impress me more than my own case. Twenty years ago, at the age of 18 years, I had swellings come on my legs, which broke and became running sores. Our family physician could do me no good, and it was feared that the bones would be affected. At last, my good old

Mother Urged Me

to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. **Only the scars remain, and the memory of the past, to remind me of the good Ayer's Sarsaparilla has done me.** I now weigh two hundred and twenty pounds, and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."
