CREAM

Big Demand for Butter

There is an exceptionally big demand for butter at the present, so special care should be given milch cows during this time of year, in order to keep up production. We suggest :-

Stabling during the cool nights.
More grain feeding.
This will undoubtedly pay you well.

POULTRY

Because of the scarcity of meats, poultry is much in demand. It is to your advantage to get your poultry in shape, and market as soon as possible. Thus, while you are receiving good prices now, you are also helping to maintain good prices late in the fall. We are in the market to handle large quantities of both live and dressed poultry. Get in touch with us.

In Memoriam

Sarah Sparling Orr, who entered into rest October 18th, 1941.

Life is so wonderful, life such as thine;
Death cannot end it, dear mother of mine;
Morning will come again, gilding the trees,
Spring notes will sound again, sweet on the breeze.

This is not dying, my brave mother dear,
Thou art but climbing, out of the Here,
Out of thy struggles and out of thy pain,
Out where with Christ, Life will flower again.

So, then good night, mother, only good night,
Turn thy dear face, to the mansions of life;
Life is so wonderful, Life such as thine,
Death cannot end it; good night, mother mine.

—Edith.

An elderly man who had already married and buried four wives was to be married to a widow who had been previously married twice. On the invitations to some of his particular friends he wrote: "Be sure and come; this will be no amateur performance.
