$1 per annum, strictly in advance

Advertising Rates:

One Column, 1 year, $50; half col., 1 year, $27 quarter col., one year, $15.

Transient advertisement charged at the rate of 8 cents per line for first insertion and 3 cents each subsequent insertion.

The Wellman "dash" has given place to the sick man retreat.

We have yet to learn of a newspaper that endorses the sentiments of Rev. J. C. Madill as expressed here and at Stratford. The press of the country as a unit denounces them as mischievous and unworthy of praise. Saturday Night goes so far as to say that Mr. Madill is evidently attempting to wreck the order through his extravagance of expression.

Why will the newspapers insist on giving Durham the honor of owning that Glenelg "ghost?" Durham hasn't a shade of interest in it. It belongs wholly and solely to Glenelg, and is a next door neighbor to Priceville, being only three miles therefrom. Durham should not be trying to steal other people's property in that way.

The East Grey fall exhibition to be held here on the 27th and 28th inst., bids fair to outrival any of its predecessors. A large number of prize lists have been distributed throughout the riding which will give those who receive them a good idea of the enterprise of the directors, inasmuch as they have added so very materially to the prize list. There are $825 of cash prizes offered for the present year, more than twice the amount offered in any of the surrounding exhibitions. This fact speaks volumes and should be an incentive to keen competition.

The editor of the Grey Review is greatly agitated over the bicycle question. He calls the bicycle a "pest," and says that a number of riders are very "forward." We do not understand what is meant by forward, but it is no doubt something terrible, and the awful anathema of Bro. Ramage will no doubt make the genus bicyclist very scarce in this county. A bicycle does not cause damage to farmers or farmers' outfits as the Review implies. Some horses will shie at a stump, but you can't make the stump responsible. If bicyclists use reasonable care it is all that can be required of them, and damages resulting where such ordinary care is exercised is a dispensation which must be risked by any man owning "skeery" horses at all times, whether he meets bicyclists on the highway or not. Farmers themselves are now investing in the silent steed, and we know of several who use it for quick trips to town in the busy season--not in this district, however—thereby saving money for themselves, for time is money. The time is coming when bicycles will be common to all, notwithstanding such ridiculous protests as that referred to.

Township Council.

Township Council met in the Town Hall on Monday last. All the members were present, with the reeve in the chair. The following communications were read: From W. A. Brown, clerk of Markdale, statement showing acct due from Artemesia for annual expenses in S. S. No. 1. $15[illegible]; trustee's estimate for separate school No. 6, $20, being balance of building account; bill of Geo. Saul, damage to buggy and horse on account of defective bridge, $5.

Best—Thompson—That the commission of ward 4 meet the commission of Osprey on town line Artemesia and Osprey, with a view to repair said road at as early a date as possible and at as little cost as possible. Carried.

McMillan—Kells—That a grant of $20 be given to be expended on Con. 3, N.D.R., opposite lots 6 and 7, to be expended by commission, ward 1. Carried.

Kells—Thompson—That Geo. Sewell be paid $2.55, being Artemesia's part of cost for repairing culvert, T. and S. road, lot 106, Glenelg to pay same amount. Carried,

Best—McMillan—That the commissioner of ward 4 be paid $2.00 for services rendered in going to McIntyre to meet Osprey council in regard to fixing new road on town line Artemesia and Osprey. Carried.

Thompson—McMillan—That T. Kells be paid the sum of $2.00 for letting and attending to the work on town line Artemesia and Glenelg and Graham's deviation. Carried.

Thompson—Best—That re townline, A. and G., after obtaining legal advice on the matter, cannot see that this corporation is responsible until it is proved that the late Daniel O'Hearn was not a party in allowing the road to be opened up and improving where it now is. Carried.

McMillan—Best—That Hector McLean be paid $2 for repairing bridge on town line between Glenelg and Artemesia. The same has been certified by commissioner of ward 1. Carried.

Kells—McMillan—That Joseph Dormer be paid 50 cents, same being balance on gravel supplied pathmaster and that Robert Graham be paid $4.50 for grading part of the Graham's deviation as per resolution of council passed on the 6th day of August last. Carried.

Thompson—Best—That the clerk is hereby instructed to forward to clerk of Proton the amount of statute labor performed on town line Artemesia and Proton for the years 1893 and 1894, and request the clerk of Proton to furnish this council with statement of statute labor performed by Proton on said town line in same years. Carried.

Kells—McMillan—That George Saul's bill of $5 damages for injuries done to his horse and buggy on 25 sideroad, con. 7, through some defect said to be in travelled road, be it resolved that no action be taken as no proof has been produced to establish a claim. Carried.

Kells—Best—That the reeve and deputy reeve employ T. B. Gilliland, P.L.S., to survey deviation over the rocks at Graham's new deviation with a view to establishing said new deviation and closing up the old one. Carried.

Best—Kells—That Wm. Mitchell be and is hereby empowered and by this appointed to go on and finish that part of road leading to townline west of Proton Station and better known as Base Line on conditions and specifications stated, namely: one dollar and fifty-five cents per rod. Carried.

Council adjourned.

Flesherton Station.

From our own Correspondent.

Mr. R. Legate has laid the foundation of a new house, to be built on the land adjoining his mill. Mr. Jas. Dyce is also contemplating the building of a new house.

Mr. A. Whittaker has removed his family from the station out to Miss McPhail's farm, which place he is working this year.

Quite a number of our citizens had their dogs poisoned last week. The miscreant who does this kind of work should be punished.

The Misses Brown, of Barrie, are the guests of their cousin, Miss Chislett.

Mrs. Arnott, of Meaford, spent a few days with friends at the station.

Mr. and Mrs. Jno. Black were called away last Thursday to Chesley to attend the funeral of the latter's little nephew.

A few nights since our village soldiery, with other reinforcements, betook themselves to the little maple grove a few rods down the track, where they surprised, at their frugal meal, three foreign looking tramps, whom they captured on the suspicion that they were the authors of the late burglary committed at Clarksburg etc. However, they could not be identified as sharers in the aforesaid burglary, and as no other evidence against them was forthcoming, they were dismissed the following morning.

Rev. Mr. Keefer preached a most instructive sermon for the edification of the faithful assembled in our hall here last Sabbath. He will address us again on Sept. 16.

Inspector Campbell paid his official visit to our school last Thursday and seemed much pleased with the work in progress. He ordered school to be closed on Monday in accordance with the newly proclaimed Dominion holiday.

Mrs. R. Cook arrived home last Tuesday, having spent a month with her daughters in the city. The girls, although finding their work pretty difficult, report themselves as enjoying college life immensely.

Messrs. D. and Jas. McNea are visiting their mother, who is very seriously ill and under the care of Dr. Carter.

County and District.

Thornbury is building a new postoffice.

Thos. Burnside, con. 10, Amaranth, was kicked in the abdomen by a colt and died from the effects thereof.

On Georgina Island there is an Indian woman who entered her hundred and first year last February. She was eighteen years old when the war of 1812 opened. She is quite active and walks a considerable distance to church.

Rev. Mr. Madill, Grand President of the P. P. A. has been making some vigorous utterances lately: witness—"Before a Papist shall rule at Ottawa, we will fight Derry over again."—We wonder if the creed, doctrine or practise of the Church to which Rev. Mr. Madill belongs would endorse such language. It is a most bigoted utterance, and what are we to expect from the rank and file, if the clerical leader of the order scatters such firebrands.—Grey Review.

A bad accident occurred at Big Bay on Saturday last by which a farmer named Findlay lost his life. He was engaged in drawing in peas along with his brother who was driving a colt, which was not used to the waggon. As they were descending a steep hill, Mr. Findlay saw that his brother had lost control of the horses and grabbed the colt by the head to prevent them running away, when he was thrown under the horse's feet and the wagon passed over him crushing his leg and otherwise mangling his body. Dr. Fisher of Wiarton was called but the unfortunate man died from his injuries the following morning.

On Saturday as the evening train from Owen Sound was leaving Shelburne a laughable incident occurred. A ventriloquist was on board and just as the train got up speed the passengers in the smoking car were startled to hear a voice, apparently from under the car, calling for help and saying that a man was on the truck and could not hold on any longer. One old gentleman, who gave his name as John Rennie and said he hailed from St Catherines, ran back into the coach to notify the conductor that a man was under the car. He implored the conductor to stop the train and when he refused to do so the old gentleman said, "Well, we will read in the papers about a poor fellow being found on the track horribly mangled. When the train reached Laurel, a general rush was made by those in the car, including two or three well-known commercial travellers, to see if there was any trace of the unfortunate man, but nothing could be seen of him. The old gentleman from St. Kitt's was now sure that his prophecy would be fulfilled. When the crowd returned to the car they all caught on to the gag except the old man and he still maintained that the mangled body of a man would be found on the track. He thought the conductor should have stopped the train, and in a little speech afterwards characterized his action in not doing so as nothing short of murder.—Orangeville Sun.

As Mr. A. Munro, of Alvanley, was driving into Tara on Saturday, he saw a large black snake by the roadside. He killed it and found it measured 40½ inches in length.

CAME ASTRAY.

Came to the premises of the undersigned, about the middle of July last, one ewe and two lambs. The owner is requested to prove property and take the same away.

WM. HISLOP.

Eugenia P. O.

Artemesia Voters' List, 1894.

Notice is hereby given that a court will be held pursuant to the Ontario Voters' List Act 1889, by His Honor the Judge of the county court of the County of Grey at the Town Hall, Flesherton, on Tuesday, the 18th day of Sept., 1894, at 9 o'clock a. m., to hear and determine the several complaints of errors and omissions in the Voters' List of the municipality of Artemesia for 1894.

All persons having business at the court are required to attend at the said time and place.

Dated at Flesherton this 4th day of Sept., a. d., 1894.

W. J. BELLAMY, Clerk.

The Fall Fair

is approaching, the season is advancing, and it is time to think about preparing for the rainy season. I have placed in stock a fine selection of rubbers and boots and shoes of all kinds which will be sold at the very closest prices. I want your trade and am bound to merit your confidence. I have something of extra value in men's strong fall boots. I make a specialty of custom work, and use nothing but the best of stock, placing thereupon good, honest workmanship. Old friends will continue to be heartily welcome, but I wish to make some new ones. Come in and give us a trial order.

JOS. SMITH,

Flesherton.

Opposite McTavish's Carriage Shop.

Count Mercier has had a bad turn and is again dangerously ill.

S. P. Smith, of Towanda, Pa., whose constitution was completely broken down, is cured by **Ayer's Sarsaparilla.** He writes:

"For eight years, I was, most of the time, a great sufferer from **constipation, kidney trouble, and indigestion,** so that my constitution seemed to be completely broken down. I was induced to try Ayer's Sarsaparilla, and took nearly seven bottles, with such **excellent results** that my stomach, bowels, and kidneys are in perfect condition, and, in all their functions, **as regular as clock-work.** At the time I began taking Ayer's Sarsaparilla, my weight was only 129 pounds; I now can brag of 159 pounds, and was never in so good health. If you could see me before and after using, you would want me for **a traveling advertisement.** I believe this preparation of Sarsaparilla to be the best in the market to-day."

Ayer's Sarsaparilla

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

Cures others, will cure you

The Markets.

Carefully Corrected Each Week

Flour	$ 3 00 to	$ 3 00

CATTLE OWNERS, ATTENTION!

HOSMER'S GREAT

MEXICAN FLY EXTERMINATOR.

Hosmer's Mexican Fly Exterminator will prevent Flies and Insects of all kinds from lighting on Cattle and Horses wherever it is applied. It is evident that many times Horses become more jaded by Flies than by their regular work, and it is a humane act and kindness to save the dumb beast annoyance and pain, and to give them all the comfort that we consistently can. Cows that are troubled with Flies invariably give less milk than those protected from their stings. Hosmer's Mexican Fly Exterminator is something more than a protection to animals from Flies, as it is undoubtedly

The Best Hoof Ointment in Use.

If properly used this Fly Exterminator is a Certain Preventive from the attacks of the small black fly, called in different localities by the following names: Buffalo Fly, Arabian Fly, Texas Fly, while in reality they are the dreaded "Mexican" Fly. These flies light around the horns of cattle and eat down into the head and cause terrible suffering, and many times the stock die from the effects. This Exterminator is a certain preventive from attacks of all Flies or insects on cattle or horses. It is also a sure death to Fleas.

DIRECTIONS: Apply the Exterminator with a stiff brush, or rub well into the hair and hide with the fingers. Whenever the flies attack the stock a new application should be made. When faithfully applied, cattle and horses will run in pasture all day without annoyance from flies or insects.

This Ointment contains nothing injurious or poisonous. The high standard of Hosmer's preparations, which have been so long in the market, is a sufficient guarantee for any goods bearing his name. For sale by

W. Moore, Harnessmaker Flesherton.
