The Flesherton Advance.

VOL., 62; NO. 48 — FLESHERTON, ONT., WEDNESDAY, April 28, 1943 — W. H. Thurston & Son, Publishers

Women are not cruel to dumb animals. No woman will wilfully step on a mouse.

It is not many years since they were kiling off surplus logs and **burning** surplus crops on this continent.

With rationing putting more cars in the garage and less liquor on the market, there will be fewer blowouts this summer.

Nothing, **can now be defined as** what you have left of a dime after posting a letter and buying a six-cent cigar.

He was married to Rebecca Nichol of Priceville, who survives. He also leaves one sister, residing in Toronto.

WHAT WOULD YOU DO IF YOU LOST YOUR SIGHT?

What would you do if you lost your sight? It is a question that over thirty eight hundred people in Ontario have had to ask themselves at one time. A few years ago the question was hard to answer. Today there is only one sensible reply-- consult the Canadian National Institute for the Blind. If there is anything that can be done for a blind person, in the way of finding him employment, in the way of teaching him Braille or handicrafts, in any way at all, the only source to which he can look for help is to the Canadian National Institute for the Blind. The Institute is organized to assist blind people. It cannot carry on the great work it is doig, without substantial support from the public. That support has been forthcoming in past years, but it must be maintained, and it is not the business of any one section of the comunity or one part of the country. There is no district where there is not work for the C.N.I.B., and there is no district exempt from the duty of doing its share to provide the sinews of war. On Saturday, May 1st, the citizens of Grey and Bruce County will have an opportunity of contributing to the support of services to the Blind. This campaign is under the direction of the Owen Sound and District Advisory Board to the Canadian National Institute for the Blind, and is sponsored by the Flesherton Women's Institute.

Every worker is a volunteer. The Institute does not pay commissions to collectors. Every cent raised goes to the work for which it was contributed. z

A profession of faith

We have faith in Canada
We have faith in her past * faith that the courage of the pioneers and the spirit which achieved Confederation and linked a continent with the shining steel of railways have laid strong foundations for national greatness and unity.

We have faith in her present * in the part she is playing to save the world from tyranny...in her young men and women who serve on land and sea and in the air...in her workers who labour for more than wages...in every man and woman and child striving for Victory.

We have faith in her future * believing that she is destined to exert an ever-increasing influence in world affairs, and in the shaping of tomorrow, when many will turn to her with new hope.

We have faith in more than the statistics of Canada's bank clearings and her car-loadings, the vastness of her untapped resources, or even the glorious war record of a people numbering less than twelve millions.

Our faith is a faith in a land we love, whose soul speaks to us from every free acre of Canadian soil... in the splendour of the Rockies at sunset, the blue mystery of a Laurentian dawn, the quiet of an Ontario woodlot, the far call of prairie horizons, the sound of surf on the Atlantic shore and the wash of the Pacific tides. It speaks to us from churchyards where Canadian dead lie beneath the tribute of English blossoms ...from the poppied fields of France and Flanders...from the winged and seafaring and mechanized epics of a new war.

Our faith is a faith in her people... people, noted and obscure, with whom we daily rub shoulders...and by whose united effort, sacrifice and creative vigour the greater Canada of tomorrow will be built.

We have faith in Canada
