Cream, Eggs and Poultry

OUR RECORDS SHOW THAT MORE CREAM IS BEING DELIVERED BY CREAM PATRONS EACH WEEK.

WE BELIEVE THIS INCREASE IN DELIVERED CREAM AND PRODUCE IS DUE TO THE EFFORTS OF THE PRODUCERS, REALIZING THE NEED OF CONSERVING GASOLINE AND TIRES BY DELIVERING THEIR PRODUCE, AND ALSO BENEFIT BY THE PREMIUM PAID OVER TRUCK CREAM PRICES.

Not all floods are spring floods. There are also floods of protest and floods of inquiries.

Sponges are getting scarce due to the shorage of divers, but there is a lot more sponging as a result of shortages.

ONTARIO SUBSIDY
ON WESTERN FEED GRAIN

ONTARIO farmers will need at least 75,000,000 bushels of Western grain to feed the huge livestock and poultry population through the 1943-44 feeding season.

To prevent railway congestion next winter, to compensate for interest on investment, and to encourage *immediate* purchase and storage of Western grain on Ontario farms, the Ontario Department of Agriculture will pay the following subsidy on confirmed orders for immediate delivery of 5 tons or more, completed between May 15 and December 31, 1943:

May 15-August 31	$1.80 per ton
September	1.20 per ton
October	.90 per ton
November-December	.60 per ton

1. The subsidy will be paid direct to the farmer.
2. The minimum purchase eligible for subsidy is 5 tons.
3. Application forms may be obtained from any grain dealer, or the office of your county Agricultural Representative.
4. Application forms must be signed by both the farmer-buyer and by the dealer or vendor.
5. Applications must reach the Feed Grain Subsidy Division, Ontario Department of Agriculture, Toronto, not later than 30 days from date of delivery of grain. (Necessary leeway will of course be allowed on May 15-July 12 purchases.)

Purchase Western Grains Now, and Ensure a Plentiful Supply for Next Winter!

SEVEN REASONS WHY YOU SHOULD

VOTE for ED. COLGAN

Progressive Conservative Candidate in South Grey

ED. COLGAN

ELECTORS OF SOUTH GREY.

Ladies and Gentlemen,—

Last week I placed before you some of the items of policy which will receive attention under the capable direction of George A. Drew and a Progressive Conservative Government if the electors of Ontario should decide, on August 4th, that the present Ontario Government has outlived its usefulness.

For good measure permit me to draw to your attention other features of the Drew policy which are equally meritorious.

1. An Ontario Housing Commission Will Be Created.
This will serve, not only to plan a program of adequate housing, but should create employment for many in the post war years.

2. A Sweeping Reduction in Real Estate Taxation.
Under present taxation the improvement of homes and farm buildings is discouraged. It will be the aim of a Progressive Conservative Government to assume fifty per cent of school taxes now charged against real estate.

3. Our Educatonal System Will be Revised and Improved.
Every child should have the opportunity of an education no matter what the financial circumstances of the parent. Practical vocational training will be made an important part of school work.

4. Health Measures Will be Taken to Provide Medical and Dental Services to All Children.
Nothing less is good enough for the children of Ontario.

5. Plans Will be Made for Public Undertakings.
This is altogether apart from Planned Housing already cited. It envisages Public Works of various kinds, where needed, and should materially assist in the re-establishment of service men.

6. The Provincial Hydro System Will be Removed From Political Control.
This great publicly owned system was organized and developed by a former Conservative Government. The Liberal Regime which assumed office in 1934 almost succeeded in wrecking it. A new Government under the leadership of George A. Drew would adjust service rates on an equitable basis. It is planned to ease the burden on farm services.

7. Men and Women Who Have Served Their Country in War Will be Given Priority in Peace.
This is the least that should be done for those who volunteer to risk their lives in fighting our battles.

The foregoing seven features of Progressive Conservative Policy I endorse as sincerely and as whole-heartedly as the seven presented in last week's issue of this newspaper. Their satisfactory accomplishment I am prepared to support if you give me an opportunity to do so. You will be giving me that opoortunity by voting for me on August 4th.

Markdale, Ont., July 19th, 1943.

Yours truly,

A. E. COLGAN.

Markdale, Ont., July 12, 1943.

The Candidate and other speakers will address meetings at:
Feversham at 8.30 p.m., Thursday, July 22nd, and Kimberley at 8.30 p.m., Thursday, July 29th.

To facilitate the fair distribution of coal and coke supplies as they become available, accurate information as to the country's fuel requirements is necessary.
