TALLEST OF WOMEN.

The tallest woman in the world is said to be a native of the Tyrol, who has just arrived in Vienna. Twenty-seven years old, she is 7 feet 5 inches high, and weighs 374 lbs. She is spare rather than stout, hard of features and voice, and somewhat of the masculine type. Her father and mother are not above ordinary stature.

WHAT DO PEOPLE NEED who are run down, anæmic, pale, listless? "Ferrovim," the *best tonic*. It builds, makes strong, it gives new life. There are many tonics but only one "Ferrovim."

"Intelligence has just reached me—" began Mr. Blodger, as he sat down at the dinner-table. "Thank goodness it has at last," exclaimed Mrs. Blodger, and the food was partaken of in silence.

Give Holloway's Corn Cure a trial. It removed ten corns from one pair of feet without any pain. What it has done once it will do again.

"If there were twenty chickens in a coop," said the teacher, "and two were missing one morning, how many would you have?" "Well," said the leading ruffian of the class, "if they were my chickens to begin with I'd have eighteen, but if they were somebody else's I'd have only two."

CLERKS AS HUSBANDS.

Pen Users Said to be Immune From Struggles of the World.

"By virtue of his calling a clerk must perceive the value of money; that it is easier to get into debt than out of it that by taking care of the pence the pounds take care of themselves; and that economy is a great revenue," says a writer in Pearson's Weekly in the course of an article on "Do Clerks Make Good Husbands?"

"Furthermore, a clerk has a regular income," he continues. "His wife knows to a penny what she will receive for housekeeping, for dress, for this, that, and the other, and can make arrangements accordingly.

"Possessed of an assured, unvarying income, a clerk is free from the care which besets the man whose pocket full of money one month is empty the next. The struggles with the world, the everlasting race with the busy competition of trade, which turn grey the hair of the employer do not affect the clerk."

Dr. Agnew's Cure for the Heart acts directly and quickly, stimulates the heart's action, stops most acute pain, dispels all signs of weakness, fluttering, sinking, smothering, or palpitation. This wonderful cure is the sturdy ship which carries the heart-sick patient into the haven of radiant and perfect health. Gives relief in most acute forms of heart disease in 30 minutes.—11

Parson Timmins—"Well, John, how did you like my sermon?" John—"Very well indeed, sir. I always did like that sermon."

The efficacy of Bickle's Anti-Consumptive Syrup in curing coughs and colds and arresting inflammation of the lungs, can be established by hundreds of testimonials from all sorts and conditions of men. It is a standard remedy in these ailments and all affections of the throat and lungs. It is highly recommended by medicine vendors, because they know and appreciate its value as a curative. Try it.

"That man may seem to be somewhat uneducated, and yet he makes a fine living by his pen." "Why, I would never take him for a writer." "He isn't; he breeds pigs."

ITCH, Mange, Prairie Scratches and every form of contagious Itch on human or animals cured in 30 minutes by Wolford's Sanitary Lotion. It never fails.

Binks—"You're putting your boy early to work." Jinks—"Yes, he's a clever lad, for he's learnt everything the master knows." "He has?" "He has that. That master said: 'I can't hammer anything more into that head of his.'"

Those Worrying Piles!—One application of Dr. Agnew's Ointment will give you comfort. Applied every night for three to six nights and a cure is effected in the most stubborn cases of Blind, Bleeding, or Itching Piles. Dr. Agnew's Ointment cures Eczema and all itching and burning skin diseases. It acts like magic. 35 cents.—15

"So she was led to the altar at last?" remarked the girl in blue. "Led!" repeated the bride's dearest friend; "led! I fancy you didn't see her. She didn't have to be led. When she started down the aisle you couldn't have driven her off with a regiment of cavalry!"

IT'S EASY TO LET a cold hang on. Each night and day we are sure it will be gone, but it stays with us. Allen's Lung Balsam will check its advance and restore health.

"Ah, me!" exclaimed Mrs. Naggett. "My shopping was most unsatisfactory to-day!" "Indeed!" grunted Naggett. "Trying to get something for nothing, I suppose?" "Yes, dear; I was after a birthday gift for you."

Not a Nauseating Pill.—The excipient of a pill is the substance which enfolds the ingredients and makes up the pill mass. That of Parmelee's Vegetable Pills is so compounded as to preserve their moisture, and they can be carried into any latitude without impairing their strength. Many pills, in order to keep them from adhering, are rolled in powders, which prove nauseating to the taste. Parmelee's Vegetable Pills are so prepared that they are agreeable to the most delicate.

The Doctor—"You have a bad cold, Mr. Jiggs. I'll give you some pills for it." Jiggs—"Oh, never mind, doctor. You can have it for nothing."

MARK THIS DISTINCTION: A purely local disease of the skin, like barber's itch, is cured by Weaver's Cerate alone. But where the blood is loaded with impurity, such as Salt Rheum, Weaver's Syrup also should be used

MODERN BULLET WOUNDS.

A most interesting and far-reaching experiment on a large scale was performed at the battlefield of Mukden. Several sanitary officers with good surgical training being present, out of 100 soldiers wounded in the abdomen 50 were operated upon by laparotomy, the 50 others left alone, the only treatment consisting of absolute rest and in keeping the external wound opening clean. Of the 50 soldiers operated upon 40 died, of the non-operated 40 survived. This striking result indicated the manner of treatment of abdominal wounds throughout the whole war. Laparotomy on or in the rear of the battlefield was afterward hardly ever performed, but strict care was taken that all soldiers wounded in the abdomen had absolute rest for the first three days.

Mistress—"Why, Bridget, what on earth are you doing with all the broken dishes on the shelf?" Bridget—"Cure, mum, you towld me Oi wur to replace every one Oi broke."

GIVING THE REASON.

The counsel prosecuting in a breach of promise case was youthful and fresh, and delighted in showing himself off. The defendant had entered the witness-box.

"You say," said the counsel, after several impertinent questions, "that you never asked the plaintiff to be your wife?"

"Never," responded the witness, with emphasis.

"But you made love to her?"

"Not to my knowledge."

"And never called her pet names, either, I suppose?"

"No, sir."

"Now, as a matter of fact, didn't you call her 'Lizzie' after you had been to see her only three or four times, and always after that, when you knew you should have called her 'Miss Mint,' if you had not been seeking to win her young and trusting heart?"

"No, sir."

The plaintiff pulled at the counsel's sleeve, but he paid no attention to her.

"Ah, indeed!" very sarcastically, "I presume you never called her 'Lizzie' in your life, eh?"

"Never."

The counsel brought his fist down and simply glared at the defendant.

"I'd like to know why you never did, sir?" he asked, with the air of a man who knew he had the facts.

The witness was as cool as a palm-leaf fan could make him as he replied, with an exasperating smile, "Because that isn't her name."

Then it was the counsel heeded the plaintiff's wild clutchings, and wanted to hit himself in the neck with a law-book; but it was too late.

Kidney Duty.—It is the particular function of the kidneys to filter out poisons which pass through them into the blood. When the kidneys are diseased they cannot do their whole duty, and should have the help and strength that South American Kidney Cure will afford in any and all forms of kidney disorder. It relieves in 6 hours.—14

"Jessie, I've told you again and again not to speak when older persons are talking; but wait until they stop." "I've tried that already, mamma. They never do stop."

How to Cleanse the System.—Parmelee's Vegetable Pills are the result of scientific study of the effects of extracts of certain roots and herbs upon the digestive organs. Their use has demonstrated in many instances that they regulate the action of the liver and the kidneys, purify the blood, and carry off all morbid accumulations from the system. They are easy to take, and their action is mild and beneficial.

As a steamer was leaving the harbor of Athens a well-dressed young passenger approached the captain and, pointing to the distant hills, inquired: "What is that white stuff on the hills, captain?" "That is snow, madam," answered the captain. "Is it really?" remarked the lady. "I thought so myself, but a gentleman has just told me it was Greece."

Nervousness, Dyspepsia, Indigestion, and kindred ailments, take wings before the healing qualities of South American Nervine. Thomas Hoskins, of Durham, Ont., took his preacher's advice, followed directions, and was cured permanently of the worst form of Nervous Prostration and Dyspepsia. He has recommended it to others with gratifying results. It's a great nerve builder.—12

"Well, doctor, do you think it is anything serious?" "No, no—just a sore place of your neck. But you must keep an eye on it."

Cheapest of all Medicines.—Considering the curative qualities of Dr. Thomas' Eclectric Oil it is the cheapest medicine now offered to the public. The dose required in any ailment is small and a bottle contains many doses. If it were valued at the benefit it confers it could not be purchased for many times the price asked for it, but increased consumption has simplified and cheapened its manufacture.

"You talked all through my solo," said the musician a little resentfully. "Oh, that's all right," said the chattering person; "I wasn't saying anything you would care about hearing."

PLACED AT THE BACK OF THE SPINE, "The D & L" Menthol Plaster allays nervous excitement. They are equally as efficacious in neuralgia, backache and muscular pains.

Husband—"You'll have to discharge Jane and do the cooking yourself." Wife—"Good gracious! Why? Are you losing your money?" Husband—"No; but I'm losing my health." Wife—"Oh, I see." Husband—"Yes. The doctor says I eat too much."

MRS. HUNTER'S STORY.

Says Results are "Truly Wonderful."

Mrs. I. Hunter.

Mrs. I. Hunter, of 111 Raglan Road, Kingston, Ont, says:—

"I have suffered with kidney and liver trouble and chronic constipation for some time. I was subject to dizziness, bilious headache, nervousness, drowsiness, pains in the back and side, and tired, weary feeling nearly all the time.

"I tried almost every medicine, was treated by doctors and druggists with little or no benefit.

"I tried Dr. Leonhardt's Anti-Pill, and the results have been truly wonderful. I am so much better. Anti-Pill is a most wonderful remedy."

ACCORDING TO CONTRACT.

A man who was very miserly hoarded up his stacks of hay year after year in the hope of making double the price he was offered for them.

A well-known hay and straw buyer in the district one day asked the price of a stack. An enormous price was asked, which the buyer accepted.

"How about the terms of settlement?" asked the old miser.

"Well, you see," said the buyer, "my terms are to settle when I fetch the last load away."

"That's a bargain," said the miser, slapping the other's hand. The old chap watched every load go away except the last, and that the buyer never did fetch away.

Pleasant as syrup; nothing equals it as a worm medicine; the name is Mother Graves' Worm Exterminator. The greatest worm destroyer of the age.

She—"How did you know I was going to wear my hair curled this evening?" He—"I saw it in the papers this morning."
