Farmers, Take Notice.

I have ceased working for McCormack machines, not that I had any fault with the implements, but Jackson & Hannah, of Markdale sold a McCormack six foot binder to Mr. William McMullen last harvest for $125.00 on three pays, and his old Patterson binder and then sold the old binder for $1.50, and on next year's terms they are charged to those that perhaps they get them for less than I do. Why don't they sell them to Markdale farmers for the same? This I can prove. I have contracted with Peter Hamilton, of Peterborough, to sell his implements at Markdale and Flesherton. I will sell the binders, six foot on one pay $110, 2 pays $115, three pays $120; drills, one pay 12 hoe drill $61, 2 pays $63, three pays $65, and other sizes to correspond, smaller or larger. I will be at Markdale after the first of March every Saturday. Any one wanting machines or repairs will find me on Saturdays. I have some second hand Drills on hand, some only worked one and two years, Noxon, Oshawa and Peter Hamilton. Also agent for the Cockshutt Plow, Paris Manure Spreader and the Thresher.

Vaccination For Blackleg and Anthrax.

The disease known as Blackleg in cattle, although entirely unknown in many extensive agricultural sections of Canada and not at all wide spread in any district or province, annually causes quite extensive losses, to cattle raisers. Anthrax, which is also the cause of serious loss of stock. The former disease is almost entirely confined to cattle under 3 years and is generally fatal. The latter attacks other classes of farm animals and the human subject is not exempt from its infection which generally results seriously.

By the aid of science cattle raisers are now enabled to protect their stock against these maladies. As the human family is vaccinated against small pox, in the same manner cattle are rendered immune from Blackleg anthrax. The department of Agriculture at Ottawa through the the health of animals branch is now in a position to supply preventive vaccine for each of these diseases at the nominal cast of five cents per dose. Until recently, by special arrangement with extensive manufactures in the United States, these products were secured at a reduced cost, and were placed in the hands of Canadian cattle raisers at ten cents per dose for Blackleg vaccine and fourteen cents per dose for Anthrax vaccine. It is due to the fact that these preparations are now being made at the Biologicial Labatory in connection with the health of animals branch that they can be supplid at five cents per dose.

The vaccine for Blackleg may be administered by any intelligent person by means of an instrument supplied by the Department at fifty cents.

Anthrax vaccine, which is also supplied at five cents per dose, is more difficult to administer requiring a qualified veterinarian to treat an animal.

Cattle raisers who have fear of an attack of either Blackleg or Anthrax would do well to apply to the Veterinary Director General at Ottawa for the proper preventive treatment.

Eczema.

For the good of those suffering with eczema or other such trouble, I wish to say, my wife had something of that kind and after using the doctors' remedies for some time concluded to try Chamberlain's Salve, and it proved to be better than anything she had tried. For sale by W. E. Richardson.

Florence, the eight-year-old daughter of Mr. Henry Deacon, of near Walkerton, had a marvelous escape from an awful death recently. The little girl and her sister were engaged at the cream separator, and while stooping over to pick up a pail the long curls of Florence got in the cogs of the machine. It was moving rapidly and in an instant had torn a large quatity of hair from the child's head, leaving a bare spot exposed. Mr. Deacon hearing the little one's awful cries hurried in from the yard and succeeded in stopping the machine. While the injuries are of most painful nature the child is doing well and no fears are entertained that she will not recovery.

For An Impaired Appetite.

To improve the appetite and stengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Saitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowles." Price, 25c. Samples Free. W. E. Richardson.

An Orangeville despatch of Monday says: "George J. McDolald was arrested Sunday afternoon in the township of Albion on the charge of falsely representing himself as a recruiting officer from B. Battery, Stanley Barracks, Toronto. He obtained board and lodging at the America Hotel here last month. The officers at Stanley Barracks repudiate the account, and McDonald was summoned to appear in the police court. The case was adjourned, and the defendant did not answer when the case was called. A warrant was issued and the prisoner was arrested when coming out of church in his khaki uniform by County Constable Allen. Four able-bodied men attempted a rescue, following the constable, armed with stones. The constable promptly handcuffed his prisoner and drew his revolver, when the men made off. McDonald is suspected of attempting to pass several forged notes here and at Shelburne. An effort will be made to apprehend the four men who endeavored to to rescue the prisoner, as they are known.

HOW CONSUMPTION STARTS.

Tired When You Waken—Languid All Day—Nerves Worn Out—Snap All Gone.

Your limbs feel "draggy" and excessively weak. A night's sleep seldom brings satisfying rest. Continuous headaches, exhaustion and nervous sensations destroy your health. Soon every spark of vitality is used up. Then you catch tuberculosis.

Start to-day. Build up, get new nerve force, and overcome this process of decay. Use Ferrozone, which physicians consider the most vitalizing, uplifting tonic ever made.

Ferrozone cures because it can furnish the body with sufficient nutriment and building material.

Think of the instant effect—at once the appetite increases, delightful color in the cheeks proves that rich, red blood is being circulated. Tired muscles are invigorated, flesh and weight are added. Nerve force develops, and bounding, joyous health is firmly established.

This is certain—Ferrozone restores failing strength from any cause. The experience of Mr. Thos. Down, of Schreiber, Ont., proves this:

"Household worries and cares had about exhausted my strength. I was weak and miserable. My cheeks lacked the color of health, and occasionally I had spells of rheumatism. Then my appetite fell off, and nothing could tempt me to eat. Worn-out feelings, chills and despondency filled my very being. I became anaemic and dwindled down to a shadow. Consumption was wery near. Ferrozone put strength in my body with a rush. It built me up, strong, virile and happy, and I have been well ever since."

Ferrozone cures sickness by curing the real cause—lack of blood and nerve tone. It keeps people at their best—fit, ready and anxious for work. In 50c. boxes only, six for $2.50, at all dealers, or N. C. Polson & Co, Hartford, Conn., U. S. A., and Kingston, Ont.

The Promontorio Consolidated Mining Co., in which Owen Sounders have invested upwards of a quarter of a million dollars, has assigned and the property has been sold to Leopold Ephraim, the original owner, for the benefit of the creditors. The mine is situated near Nogales, Mexico, and it was found that practically the only way open was to sell the mine to meet the obligations of the company. The failure of the company will be a financial blow to a large number of business men and others in Owen Sound and fully 100 are interested. The blow is probably the heaviest that Owen Sound investors ever received.
