Shot at Wiarton

In a shooting affray near Wiarton, Tuesday night, Mr. Philip Gilbert, lighthouse keeper, was instantly killed. The shooting was the result of an attack by citizens on a tent occupied by the notorious Mrs. Angus Thomas and a companion, Mrs. Stella Becker in a wild place on the outskirts of the town. She returned to Wiarton last week, after having left on three different occasions, the Magistrate in each case having notified her that she was not wanted in the community. The persistency of the woman aggravated the community, and Mr. Gilbert set out to take the law into his own hands. He organized a number of boys and men, variously estimated at from twenty-five to forty, for the purpose of driving the women away; Tuesday night about ten o'clock armed with clubs and rotten eggs, the attack was made by his party. The attackers apparently had little trouble in pulling down the tent and the occupants were showered with rotten eggs. According to the stories told, Mr. Gilbert was not satisfied with this, but went so far as to strike the woman, and she, while in a prostrate position, is said to have produced a revolver and fired quickly three times in succession, each bullet taking effect on Mr. Gilbert's body. Death resulted instantaneously. The crowd immediately dispersed and the women were placed under arrest.

THE INQUEST

A Coroner's Inquest was held, when the jury found "that Philip Gilbert came to his death from a pistol shot wound, and the jury are of the opinion that the bullet came from a revolver fired by Agnes Thomas.

The Origin Of Gall Stones

They are simply dried bile, made up of crystalline constituents of that fluid. Very common is this disease among merchants, clergymen, shop girls and those of sedenary habits. Prevention consists in maintaining correct attention of the liver and bowles, which is best accomplished by Dr. Hamilton's Pills. No person using this medicine need fear gall-stones, nor will they ever be bilious. Sound digestion, good appetite, a clear color will evidence the health giving properties of Dr. Hamilton's Pills, which are the safest and best for general family use. Insist on having only Dr. Hamilton's Pills of Mandrake and Butternut, 25c per box at all dealers.

Harvest Help Wanted West

C. P. R. Runs $12 Excursions to Winnipeg.

Upwards of 20,000 men are wanted in Manitoba, Saskatchewan and Alberta to assist in harvesting, and to meet the demand to some extent the Canadian Pacific has arranged to run low rate farm laborers' excursions. Leaving dates are Aug. 27, 30 and Sept. 4. (Advertisement in another column gives territory and further particulars.) From all Ontario stations one-way tickets will be sold to Winnipeg at $12. Men are engaged at Winnipeg and are given free tickets to points where help is needed east of Moose Jaw. After working at least thirty days and having the employing farmer certify to the fact, a ticket back to original starting point is issued on payment of $18. This is a splendid opportunity to see the golden west and to make something more than expenses. Local C. P R. agent is well posted and will be glad to give anyone full information.

Are You Subject To Stiffness?

Perhaps it is in the neck or shoulders. First thing is a good rub with Nerviline. No more speedy remedy can be adopted. When applied to the muscles Nerviline gives them flexibility and vigor; inflamation, soreness and stiffness disappear. "Whether" in the chest or throat nothing can surpass Neviline" writes O B. Denton, Lumber Merchant at Oak Bay, N.B. "Rubbed on at night, trouble is gone by morning. I have proved Nerviline a great medicine." Everyone says the same, and Nerviline always makes good, 25c bottles sold everywhere.

Selling his goods, which were covered by a chattel mortgage and failing to account for the proceeds resulted in Ambrose Trainor being committed to the Central Prison for nine months. Trainor is a farmer of King township.

According to the Municipal World municipal councils all over this province have been doing illegal acts in regard to remission of taxes. Only Courts of Revision can so remit. The Municipal World says: "This sub section authorizes the Court of Revision to remit taxes at any time during the year in which the assessment was made, or before the first of July in the following year. Nowhere is power given to councils to remit taxes."
