Lost His Sight

Attention has been recently drawn to the sad condition of Capt. Andrews, of Toronto, who lost his sight by saving the lives of others, having rescued from drowning eighteen persons. An appeal is to be made to the government to grant him a pension, with which it is to be hoped they will comply. Unfortunately, shall we say many lose their sight, not as Capt. Andrews has done by saving a score of lives, but by the desire to save a few cents by wearing cheap or other spectacles that are of inferior material, not properly ground, or that are not the proper correction. Others injure their sight by not wearing spectacles when they need them, thinking the longer they can do without them the better, whereas it is the reverse. We recommend that you do not allow false pride or other reasons to keep you from wearing spectacles when you need them, and when you do begin make sure that you are wearing the right kind for you. There is no way of knowing this but by having your eyes properly tested and glasses given according to the needs of each eye. I have made a study of the testing of sight by improved methods, and guarantee a perfect fit at reasonable prices.

From our ow correspondent.

Mr. R. Cook is in town this week.

Mr. Rod. McLeod left Thursday morning last for the United States.

Miss Jennie Hemphill visited with her grandmother, Mrs. Hemphill, near Mount Zion last week.

The boys make nightly excursions to the lake for the purpose of ensnaring some of the finny tribe.

Some of the jolly bachelors from the town and adjacent met together in town one day last week. Wonder what bachelors talk about, when they are exclusively together?

Feversham.

Mrs. J. Palmer has been visiting friends in Flesherton for the last week.

Mrs. F. Wolverton of Flint city, Michigan, also Mrs. Cluff of Honeywood, Ont., have been visiting with their sister, Mrs. H. Heitman, for the past week.

Mrs. A. Henry of Collingwood spent last week with her father, W. McMullen, of this place.

Mrs. J. H. Hull of Owen Sound was visiting her sister, Mrs. J. Speers, week before last.

The directors of the mill deserve credit for the way they pushed the work on the dam. Although it was a bad break they had the mill running again in one week from the time of the break, and at a great deal less cost than any one thought of.

Eugenia.

From our own correspondent.

Farmers are now busy seeding. The weather is all that can be desired, and growth is something wonderful.

A railway meeting was held at the Orange hall last week. Delegates from Flesherton, Osprey and Kimberley, were present. Mr. Marcon very ably represented Eugenia. It is to be hoped now there is some prospect of a railway being made through this part of the country, the people will stir up a little and not, like Mr. Micawber, wait for something to turn up. They ought to let the promotors of the road see that they are anxious for the road to come to Eugenia. The people here have never been famous for push, so it is time for them to waken up to there own interests. If they don't do so now it will most likely be a long time before they have another chance.

Messrs. John and Tom Fenwick have gone to Owen Sound to work for the summer.

Mr. J. Warling, of Flesherton Station, has come to work at Eugenia in Mr. Sloan's mill.

The veneer factory has resumed work this week. Everyone is very glad to have Mr. Marcon around. He has gained for himself by his kind and gentlemanly bearing to all, a very warm place in the hearts of the people of Eugenia.

Miss Minnie Roy has returned home from Montclair, N. J.

Mary, youngest daughter of Mr. Thompson Wilson, had a narrow escape one day recently from being swept over the falls. She fell into the river and was being swept into the rapid currant as her brother saw her and jumped into the river and pulled her safe to the shore. One moment more and no one could have saved her, the water was so high.

Mount Zion.

From our own Correspondent.

Thos. Taylor, Sr., Thos. Taylor, Jr., and Mrs. J. Taylor attended the funeral of Mrs. Abraham Smith in Collingwood week before last.

Wood-bees took place at Mr. Jamieson's, Mr. Haney's, and also at James Cornfield's, Jr., and Mr. Sheardown's, lately.

Sugar-making, or rather syrup-making, is now wound up for this year. Those who engaged in it say it has been a success and now farmers are preparing for the most important part of their year's work, for those who do not sow shall not reap.

Johnnie Wilson, of Proton Station, has hired with John Burk for the summer, this being the third summer he has spent thus with him. Mr. Burk also works Willie Morton's place this summer.

A free literary entertainment was given by the League here on Wednesday evening last, which was much appreciated by the large attendence present. We expect to lose some of our young men, who will be much missed in church work, but we wish them success.

Master Robbie Taylor, finding times and wages dull below, returned and intends going by way of Collingwood to the Soo to better his condition. We wish him success.

Boothville

From our own Correspondent.

Seeding is the order of the day. The merry whoa, back, gee, is heard on every side.

La. grippe holds boundless sway among the people of our burg, and many of the young people as well as the old have been laid up with it.

We are glad to welcome Mr. James McDonald back to his old home.

We are pleased to see Miss F. McKenzie around the corner

Miss Susan McKinnon of Fairwell visited our burg lately.

Inistioge.

From our own Correspondent.

The pleasant weather of the past few weeks will be a help to those who are short of feed, and if the frost does not hinder the rapid growing grass, the weak cattle will soon grow strong.

The farmers of this vicinity are well advanced with their spring work. Should the fine weather continue, seeding will be a thing of the past for another year.

Miss E. Moore is visiting friends in Owen Sound.

Miss Bell of Swinton Park spent a week with her sister, Mrs. H. Nicholls.

There will be no Sabbath school or preaching services at Inistioge next Sunday, owing to the quarterly meeting at Dundalk.

Last Sabbath the Rev. Campbell delivered a very helpful address from the words found in Ex. 3—11.

Saturday evening of last week Mrs. R. Ludlow, who moved from this place to Dundalk about a year ago, passed away to her reward. Mrs. Ludlow was one of the first settlers of Inistioge and was much esteemed by all who knew her. The remains were interred in the cemetery Tuesday afternoon. Deceased was 81 years of age. Her relatives have the sympathy of this community in their hour of sorrow.

The level of the Georgian Bay at Thornbury is about 10 inches lower than it was a year ago. At the rate the water is disappearing now, it will only be a few years before all the harbors will be completely dry.—Reflector.

A farmer named Logan, living near Amaranth Station, brought his mother, an aged woman of 90 years or thereabouts, to Orangeville on Thursday for a purpose born of the meanest inhumanity. The poor old lady having outlived her usefulness as a household drudge, the heartless son conceived the idea of having her committed to the county jail to save himself the trouble and expense of providing for her. Police Magistrate Pattullo provided the necessary commitment and together mother and son wended their way to the prison of poverty. Gevernor Bowles received the new guest after paying his respects to the unfilial son and the old lady was handed over to the kindly care of the Matron. Logan returned on Saturday with a trunk containing a few old and dirty clothes for his mother. Thus endeth another chapter in the story of mans' inhumanity and woman's misfortune.—Orangeville Adv.
