EDITORIAL DRIFT

Herr Studholme, the labor candidate, spoke three and a half hours in the Legislature last week. This sort of thing acts as a solace to the defeated candidates, if it does no good in any other way.

A deputation from Owen Sound and Meaford waited on the Ontario government last week to ask for a subsidy to build the Meaford-Owen Sound railway, which both the Grand Trunk and C. P. R. have refused to build, as it would not be of sufficient advantage to them. The Dominion Government has already granted the usual subsidy of $4000 per mile to this line and yet no company can be got to go ahead and build it. With another $3000 per mile Owen Sounders think somebody can be induced to go into the scheme. All railway subsidies for private lines should be cut out from this date henceforth, and the Meaford-Owen Sound scheme more particularly. The line would never pay for cost of construction.

Toronto is always up against some difficulty and manages to keep itself pretty well talked about. If it is not quarreling with the street railway, electric light people or the steam railways, it is hatching some scheme that will produce the desired effect of advertising the fact from ocean to ocean that it is alive. This winter the city has been posing as a benevolent old girl desirous of receiving donations from outsiders who are not so fortunate as to have a colony of poverty-stricken citizens dwelling among them and she has been very successful. Thousands of dollars have been handed over to her for distribution. While these things are exceedingly praiseworthy both from an economic and advertising standpoint, some of her methods are not so unanimously spoken of with admiration. The latest act of cutting off a large number of hotel licenses after the people had pronounced strongly against such a move is among those of doubtful expedience. It was a sharp move on the part of those temporarily in power that cannot be applauded by very many people who demand a fair fight without three-fifth handicaps and no favors to either party. While the act in itself was good, there are circumstances in connection that will tend to injure the cause that it was intended to benefit.

Are You A Dyspeptic?

Nine people out of ten suffer from dyspepsia and don't know it. Half the pale cheeks, poor appetite and sleepless nights are the direct result of dyspepsia. The cause lies in failure of the stomach and the kidneys are clogged, and unable to do their work. Nothing puts vigor into those organs so fast as Dr. Hamilton's Pills. They tone up the whole digestive system, regulate and strengthen the stomach, absolutely cure dyspepsia. Simple to take and sure to cure,—better try Dr. Hamilton's Pills.

An Ohio teacher punished a boy for violating her rules by driving a tack through his tongue. She was discharged for the act.

A Frightful Death.

Is one from suffocation and sometimes follows a bad attack of Asthma. The old fashioned remedies may relieve, but never cure. Best results come from Catarrhozone which cures Asthma after hope is abandoned. It's because Catarrhozone kills the Asthma germ that it cures. Choking spells and labored breathing are relieved, suffocating sensations and loss of breath are cured. Every trace of Asthma is driven from the system, and even old chronics experience immediate relief and lasting cure. Equally good for Bronchitis, Throat Trouble and Catarrh. Sold by all dealers in 25c and $1.00 sizes. Get Catarrhozone to day—it does cure.

The village of Kerrwood, about six miles west of Strathroy, was thrown into a state of intense excitement by the actions of a farm hand named Charles Marshley, who went violently insane. Marshley walked into the depot, ordered the operator out and took possession. All efforts to remove him proved fruitless until the arrival of Arthur Morgan, for whom Marshley had worked for the past three years. After coming out Marshley threatened to burn the barns and surrounding buildings. After a hard struggle John Taylor, county constable, succeeded in placing him under arrest and kept him under close guard all night. He was brought to Strathroy and taken to the London Asylum by Chief Wilson. Marshley is a home boy, about 20 years of age, and has been in this country about three years.

Are Your Joints Lame?

Haven't you a weak spot, a place where cold and inflamation always settles? Whether it is in the neck, side, joints or limbs—the cure is simple—a good rub with Nerviline and then apply Nerviline Porous Plaster. These great rubefaciants invariably cure strain, swelling, weakness and muscular pain. There is no mystery about this. Nerviline is the most penetrating liniment known—consequently it gets where the trouble really is. Nerviline Porous Plasters are great healers and draw out congestion. Be sure you get the genuine, substitutes can't do the work.
