There is lots to be done...

The list at the right speaks for itself.

It shows what has to be done just to catch up with work which war has obliged us to defer.

We need every one of the additional workers who have joined us since war began. We are eager to welcome back every Bell employee now away at war. On top of that, we will need to enlist still more workers to help us handle this post-war job.

It's the biggest we ever faced!
