Not a Miracle But Medical Science

Dr. T. A. Slocum, Limited,
Toronto, Ont.

Gentlemen:—

"Some time ago I began to lose flesh and failed every day until I had to quit work. My physicians and all my friends said I had contracted consumption. I failed from 165 pounds down to 119. I was advised to go to the Rockies or to the coast. I went to both places under heavy expense. I continued to fail, and was advised by the doctors to come home as nothing more could be done for me. Hope seemed to have left me.

"I tried **Psychine** and since starting its use I have gained from 119 to 141 pounds. I have used $10.00 worth of the medicine. I am a well man and I cannot say too much in praise of **Psychine.** The strongest recommendation would be weak in view of the fact that I believe it has saved my life. It is without doubt the best remedy for run-down conditions and weak lungs.

"I sincerely hope and trust that you will continue your good work of saving run down people and consumptive from the grave. Wishing you and **Psychine** continued success, I remain, one of **Psychine's** best friends."

ALEX. McRAE,
Sault Ste. Marie, Ont.

Almost every mail brings us letters like the above. **Psychine** will repeat this record in every case. It is the greatest medicine known. At all druggists, 50c and $1.00, or Dr. T. A. Slocum, Limited, Toronto.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and tell you how wonderfully it has worked. —Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by W. E. Richardson.
