A while back, many motorists wondered about new synthetic tires. Were they dependable? Would they give good mileage? The answer is "yes" if they are Dominion Royal. Never was any tire engineered so perfectly to get the best performance out of synthetic rubber. If you are eligible for new tires we recommend Dominion Royal.

THE LATE MRS. McMEEKIN

The funeral of the late Mrs. McMeekin was held Tuesday afternoon in St. Andrew's Presbyterian hurch and was very largely attended by friends and neighbors who came to pay their last tribute of respect to one who was so well known and highly respected by all who knew her. She was of a kind and cheerful disposition and a friend of young and old. Her passing has cast a sad gloom over this community. Mr. Halliwell, minister, had charge of the service and delivered a fine sermon from St. John, 14. The hymns were "What a Friend We Have in Jesus" and "Abide With Me".

A life made beautiful by kindly deeds
A life well lived for others needs,
To this beautiful life there came an end
She died as she had lived, every one's friend.

The pall bearers were Martin Mepham, Jack Mepham, Charlie Mepham, Alf. Hobson, Frank McPhail, Percy Stonehouse, Alex Stonehouse and Elmer Harrison.

The flower bearers were George Fisher, Cecil Fawcett, I. B. Whittaker, Emerson Beaton, Jim Sturrock, Ken Hill, C. A. McLean, John Nichol, Archie and J. A. MacCuaig, Ellwood Kinsman, Joe Harrison and Archie McArthur.

EGGS

Sorry to say that the quality of eggs we are now receiving is not near what it should be. There are far too many "B" grade eggs — placed in this grade on account of heavy yolks. There are several causes of heavy yolks: one being exposure of eggs to warm temperature — and another, hens being let out while still hungry, filling up on grass and anything else they may find.

In order to overcome these obstacles, we strongly urge producers to follow these suggestions:

1. Avoid letting hens out if possible. If you let them out, feed them well in the forenoon and let them run for a short time, only, in the afternoon.
2. Gathe eggs at least twice a day and place in wire basket or open-sided container to allow for air circulation.
3. Keep eggs in a cool place.
4. sMarket at least twice a week.
