A Common Affliction

Permanently Cured by Taking

AYER'S Sarsaparilla

A CAB-DRIVER'S STORY.

"I was afflicted for eight years with Salt Rheum. During that time, I tried a great many medicines which were highly recommended, but none gave me relief. I was at last advised to try Ayer's Sarsaparilla, by a friend who told me that I must purchase six bottles, and use them according to directions. I yielded to his persuasion, bought the six bottles, and took the contents of three of these bottles without noticing any direct benefit. Before I had finished the fourth bottle, my hands were as

Free from Eruptions

as ever they were. My business, which is that of a cab-driver, requires me to be out in cold and wet weather, often without gloves, and the trouble has never returned."—THOMAS A. JOHNS, Stratford, Ont.

TEACHERS' CONVENTION.

importance of obedience and should obey because he loves to obey. Habit is said to be second nature, but is really above nature.

Rev. Mr. McGregor, Baptist clergyman, made a short address on "The Model Teacher." The great end of education is to awaken the powers of mind. Powers are concealed in pupils which will be of vast service if rightly directed. Teachers should "get down and bring out these powers." The teacher should set before his pupils lofty ideals of right. Should get pupils into a state of mind which impels them to strive after further knowledge. They should not be satisfied with what they already know. Satisfaction kills further progress. The teacher should seek to make pupils broad-minded and liberal, not one-sided. The teacher should have a strong personality and imbue the mind of the pupil with this personality. The salvation of our schools depends upon the principles of temperance and righteousness inculcated by the teacher. Mr. McGregor, of course, places the teacher second only to the minister.

Miss Ida Irwin, of Markdale, read an essay on Primary Work in which she pointed out the necessity for thoroughly trained teachers in the lowest forms.

Rev. Mr. Pomeroy addressed the association on "The moral Influence of the Teacher." In his opinion, teachers occupy the most important position. Teachers have the boys and girls in all their innocence, freshness and beauty. Every age has its trade mark—the trade mark of to-day is in the recognition of the young.

Several questions were next disposed of by a committee consisting of Messrs. Sharp, Glendinning, Campbell, Allan and others.

Moved by Mr. Campbell, seconded by Mr. Dixon, that the secretary be authorized to send one copy of the minutes and proceedings of the Ontario Educational Association to each member of the Association in the Inspectorate of South Grey.

OFFICERS ELECTED.—President, W. J. Sharp; First Vice-President, Miss Ford; Second Vice-President, Miss Clark; Secy.-Treas, W. Irwin.

It was decided by a majority vote of the association that the next meeting be in Dundalk in the early autumn.

The high winds of the 17th did some little damage to buildings in this vicinity, also one of our farmers was obliged to sow a 45 acre field over again, the wind having blown the former grain into the fence corners.

The grasshoppers are very numerous at present, and the fly is proving a source of much annoyance to live stock.

The frost a week ago Tuesday night might have killed the clover and garden plants on low land, but the recent showers have greatly refreshed vegetation.

Mr. and Mrs. Walter of the tenth line of Collingwood, spent Sunday with friends in our village.

Mr. Geo. Burritt, who has been spending a couple of weeks in Toronto, reurned last Wednesday.

Mr. Barber of Meaford was the guest of Mr. Graham on Saturday last.

We are sorry to learn of the death of Miss Stewart. Although she has been seriously ill for some time, yet the call seemed sudden at last. She passed away on Sunday evening about eight o'clock at the home of her brother, Squire Stewart. The deceased was also a sister to Mr. Jas. Stewart and for years was a resident of Kimberley. The sympathy of the neighborhood is with the sorrowing friends.

The village of Neustadt is putting in electric light.

Owen Sound banqueted Judge Masson last week and made some valuable presents previous to their leaving for Goderich.

As John Madden was driving along the the 8th line on Saturday evening, accompained by Misses Inkster any May Hales, his team ran away and threw them into the ditch. Miss Inkster, it is thought, struck her head on a stone inflicting a scalp wound and was unconscious for some time. Miss Hales knee was somewhat bruised while John escaped with a bad shaking up. The Thornbury Herald in describing a new yacht says "There are eight or nine large *births*." That's the kind of yacht for this country. If a few more of our people who reside in the vicinity of our great inland waters would build yachts given to this sort of thing our census would very soon mount upward. A suitable name for the new yacht would be the "Fecundate" of Thornbury.

Almost a Hopeless Case.

A Terrible Cough. No Rest Night nor Day. Given up by Doctors.

A LIFE SAVED BY TAKING

AYER'S CHERRY PECTORAL

"Several years ago, I caught a severe cold, attended with a terrible cough that allowed me no rest, either day or night. The doctors, after working over me to the best of their ability, pronounced my case hopeless, and said they could do no more for me. A friend, learning of my trouble, sent me a bottle of Ayer's Cherry Pectoral, which I began to take, and very soon I was greatly relieved. By the time I had used the whole bottle, I was completely cured. I have never had much of a cough since that time, and I truly believe that Ayer's Cherry Pectoral saved my life."—W. H.
