Chronic Diarrhoea Cured.

"My father has for years been troubled with chronic diarrhoea, and tried every means possible to effect a cure, without avail," writes John H. Zirkle of Philippi, W. Va. "He saw Chamberlain's Colic, Cholera and Diarrhoea Remedy advertised in the Philippi Republican and decided to try it. The result is one bottle cured him and he has not suffered with the disease for eighteen months. Before taking this remedy he was a constant sufferer. He is now sound and well, and although sixty years old, can do as much work as a young man." Sold by W. E. Richardson.

It takes the Kimberley miller to make good flour. He has gone to great pains in over-hauling the mill, putting in many conveniences, even to a mixer. The many people of the neighborhood ought to give him a call.

Miss Cora Martin spent Saturday and Sunday with friends in Heathcote.

Mrs. Walton is improved in health and is expected home this week.

A Faithful Friend.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveller for eighteen years, and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. When a man has used a remedy for thirty-five years he knows its value and is competent to speak of it. For sale by W. E. Richardson.

The September Rod and Gun

Duck shooting has a mighty fascination in September and Rod and Gun and Motor Sports in Canada published by W. J. Taylor, Woodstock, Ont., deals in a generous manner with the duck hunter in its September issue. Eastern, Central and Western Canada contribute duck hunting stories, and the differences in the conditions under which the sport is pursued in various parts of the country are well brought out. Every duck hunter will sympathize with the work of the Brandon people in making a collection of the native wild fowl and trust their example will be followed in various parts of the Dominion. Fishing and big game hunting expeditions and accounts of the adventures of a chainman in "Helping to Make a Railway," and the story of "The Royal Nova Scotia Yacht Squadron" are articles to which particular attention may be directed. The story of "The Alpine Club's Third Annual Camp" is told in an article by a special representative and care is taken that those interested in outdoor life in any of the phases are not neglected. There is plenty of variety scattered through the pages of an excellent number, not only in the Departments, but also in the numerous articles and stories making up the issue.

Shelburne wants to hold an Old Boys' Home Week next summer.

Owen Sound Hotelmen Sentenced to Prison.

As the result of a round-up by four detectives of the license department three of the Owen Sound hotelkeepers have been sentenced to four months' imprisonment each, while a number of others have been heavily fined.

In all there were seventeen charges, the alleged offences having taken place in nine hotels. For three days Magistrate Creasor has been hearing evidence in connection with these cases, and his task is not yet done, as four trials have still to take place. The men sentenced to prison were Andrew Fogarty, Albion Hotel; Joshua Warrilow, Royal Hotel, and Wm. Leach, City Hotel. They had each been previously convicted and the magistrate was powerless to do anything but sentence them to imprisonment without the option of a fine.

Considerable excitement amongst the liquor element in the town has been created by the round-up. The other guilty parties had to pay fines ranging from $60 to $100. The police are searching for one man who neglected to pay his fine before leaving town.

Messrs. Fogarty, Leach and Warrilow are three of the best known hotelmen in this section of the province.

The hotelkeepers have succeeded in avoiding conviction time and again, but the amendment to the act passed some months ago made this more difficult. The coup has been successful this time, though it is understood the usual appeals will be taken.

A great fire is raging in the oil wells near Tampico, Mexico, and twenty thousand gallons of oil a minute are being consumed.

October 5th has been set aside as the date of the trial of Private Moir for shooting Color-Sergeant Lloyd at Wolseley Barracks, London. It is thought that an attempt will be made to show that Moir was mentally irresponsible at the time.

Midland high school certainly "did things" in the recent examinations. Twenty-one wrote on the junior examinations and all passed, sixteen taking honors. Five wrote for junior matriculation and all passed.

For some time the waterworks employees have been aware of the fact that there was a big leak in the system. They discovered it in the tunnel through the north abutment of the Jubilee Bridge on Saturday. The water was let out of Harrison's pond and the leak, which was more than two inches in diameter, was fixed.—C. S. Tims.

Listowel Council has passed a meat inspection by-law. It provides for the appointment of an inspector and everybody offering meat of any kind for sale for food in Listowel can be required to produce a certificate from such inspector that the animal was sound and healthy. It applies to the sale of fish, fowl and any meat products. A fine of one dollar to fifty dollars is provided for infraction of the law or for offering unfit meat for sale.

A farmer in a neighboring county says he has adopted a plan of advertising in his home papers which has saved him much valuable time and brought handsome returns for the money invested. He says: "When I'm ready to sell, I insert a little advertisement in the local papers telling what I have to sell, and if live stock, how many head of each and when they will be ready to ship, and the result has been that the buyers are right after me, either personally or by mail, and naturally I always get the highest market. If I want to buy a horse, a steer, a cow, or a dozen of each, I insert a little advertisement that costs maybe 50c, and instead of travelling over the country inquiring of my neighbors who has this or that for sale, the home newspaper does it for me at small expense and those who have what I want manage to let me know in some way."

Libby Prison Diarrhoea Relieved.

Mr. Edward E. Henry, with the United States Express Co., Chicago, writes, "Our General Superintendent, Mr. Quick, handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy some time ago to check an attack of the old Libby Prison diarrhoea. I have used it since that time and cured many on our trains who have been sick. I am an old soldier who served with Rutherford B. Hayes and William McKinley four years in the 23rd Ohio Regiment, and have no ailment except Libby Prison diarrhoea, which this remedy stops at once." For sale by W. E. Richardson
