With this issue The Advance starts upon its sixteenth year of publication. During these past years the paper was never perused by more readers or better recognized as an advertising medium than it is to-day, and our subscription list is open to all who wish for proof of this assertion. We have tried our best to give a local newspaper that will meet the views of the majority of our readers, at the same time keeping in view our motto. In this we have met a fair degree of success, and enter upon "sweet sixteen" with the optimism of youth still coursing through our veins. But sixteen is a coy and modest age and more must not be said.

The Orange Grand Lodge, which met in Collingwood last week, was the largest gathering of the kind ever held in this country. A resolution endorsing N. Clark Wallace's actions and strongly upholding his position regarding the Remedial Bill was passed. Mr. Wallace was again elected Grand Master, and R. Birmingham, Conservative organizer, was re-elected secretary. A strong attempt was made to defeat the vote of censure upon the government for pushing its remedial legislation, but fortunate for the name of Orangeism this was not successful. A writer in the Toronto press expresses his unbounded astonishment that Archbishop Langevin was not elected secretary in lieu of Mr. Birmingham. This is probably undeserved sarcasm, but the strong coercion element present makes it not altogether unjust.

Kimberley

From our own correspondent.

A large and enthusiastic audience greeted Dr. Sproule at his meeting here on Saturday evening. The Dr. spoke in his usual interesting manner for some time. Then Mr. Bowes addressed the meeting. This speech was followed by a reply from the Dr. Before the meeting closed a resolution was passed approving of Dr. Sproule's stand in the "Manitoba School Question". The noticeable feature of this meeting was the large number of the fair sex present.

A meeting in the interests of the electric railway was held here on Monday evening last. Addresses were given by Mr. Cameron of Meaford and Mr. Marcon, Eugenia. The sum required from this township was $500. Fourteen men were appointed to canvas Euphrasia this week. The prospects so far are very encouraging. The council have already granted right of way to the road.

Rev. J. Dodds, a former resident of Kimberley but for some years past a missionary in Mexico, spent Tuesday visiting old acquantances.

Rev. Mr. Wells of Flesherton was a visitor in our village on Tuesday.

Dr. Wright of Jackson, Michigan, was a guest at the Travellers' Home while he visited his sister, Miss M. Wright, on Friday last.

Miss Jolly of Sligo, spent Sunday with Mrs. Bell.

Mr. Peacock and Mr. Arthur of Bayview, were guests of Mrs. Bell last Thursday.

A number of people from our village attended the Sunday school convention at New England on Friday.

Mr. C. Knott lost quite a valuable cow last week. There was no apparent cause for her death.

The academy of learning is now surrounded by a new wire fence. This makes a great improvement to the appearance of the school yard.

Two Chatsworth boys were firing off an improvised cannon on the 25th when the thing exploded prematurely, badly injuring both of them. It was thought for a time that one would lose his eyesight.

Vandeleur

From our own Correspondent.

Our base ball club reorganized a couple of weeks ago.

Mr. James Boyd of Euphrasia visited his son-in-law, Mr. Marshal Beard, a short time ago.

Mr. Clark of Meaford spent a few days with his daughter, Mrs. Geo. Pritchard.

Mr. and Mrs. John Alcox, from Nobleton, arrived here last week and have taken up their abode on the Stambusky farm.

Mr. Robert Thompson of Kimberley has moved to this neighborhood.

Mr. and Mrs. George Warling of Meaford visited friends here recently.

Mr. W. J. F. Hutchinson had a very successful stoning bee on Saturday afternoon week.

Mr. Robert Warling, sr., had a cancer cut out of his lip some weeks ago. Drs. Sproule and Ego performed the operation.

County and District

A lad named Allan Freeman, Chatsworth, jumped off a running horse and broke a bone in his arm.

The Methodist parsonage barn at Chatsworth was destroyed by fire last week. The pastor, Rev. Dr. Ferris, lost about $35 worth of tools, etc.

Robert Gillespie, a hotel keeper, Shelburne, was arrested on a charge of stealing a copy of a lease and an agreement from a law office. The case was adjourned for a week.

Mr. William Dickey of the 4th line of Flos, aged 35 years, was drowned in the Nottawasaga river on the 24th. The deceased, who was a man of estimable character, leaves a wife and five small children.

AGAIN IN THE TOILS.—Our readers are already familiar with the arrest and escape of Alex. Fawcett, charged under the Charlton Act by Mr. Black of Melancthon with an offence against his daughter. It was supposed that Alex. was residing somewhere in Uncle Sam's Domains. When he walked up Main St. on Wednesday evening in company with Constable Peterson there was a surprised lot of citizens. Where and how he has spent the last few weeks is the query. Has he been in his own home all the time? Considerable credit is due Constable Peterson for the clever capture. The preliminary trial takes place this Thursday morning before Reeve McDowell. General satisfaction is felt over the arrest as an opportunity will now be afforded Alex. to clear himself if he is innocent.—Dundalk Herald.

The world's greatest source of amber is the shores of the Baltic Sea. Amber is the fossilized resin of several species of pine-trees. In small quantities it has been found in various parts of the globe, including the United States, but up to the present time no American deposit of amber extensive enough to be of commercial value has been discovered. Quite recently, however, amber has been found at Cape Sable, on the Magothy River in Maryland, and this arouses the hope that it may yet be discovered in paying quantities in this country. The deposit at Cape Sable has been known since 1821, but only lately has a careful investigation of it been made. The fossil tree-trunks in which bits of amber are embedded are not, like those of the Baltic region, pines, but are believed by their discoverer, Mr. Arthur Bibbons, to be specimens of the sequoia.

FARMERS, READ THIS!

"King Pin"

18905

By Knickerbocker 200, the sire of ten in the 2.30 list, and the sire of the dam of Alar 2.11, Chronos 2.12½ and eleven others. This shows that his stock is breeding on and in the very front ranks.

Knickerbocker is by the king of sires, Hambletonian 10

King Pin's dam is Topsey by Kentucky Prince 2450, sire of Guy, 2.09¾, Eloise, 2.15, and over thirty others in the list, second dam by Forest King 1754, the sire of Lady Basset, 3.20½, and others, and Forest King is by that great sire, Mambrino Patchen 58, sire of 25 in the list, and sire of the dams of 112 fast performers, including Ralph Wilkes, 2.06¾. King Pin's dam, Topsy, is in the great brood mare list, being the dam of Zerlane, 2.25. King Pin is 5 years old, a beautiful dark bay 16½ hands high, and weighs 1300. He is a horse of great style, quality, and a grand actor, and can now, without training, show a 2.40 gait. He has great substance, strong build, the make up of a sire, the speed to transmit and the breeding and blood lines to make him prepotent, and not only a sire of race horses but a sire of elegant carriage and saddle horses with grand knee and hock action, and large enough for all kinds of farm work.

This young stallion was imported by me last winter, did a large business last season, and is a sure foal getter. His service fee will be within reach of every farmer. See small bills later.

The principal stands for season of '96 will be: Priceville, at or near Hopeville, Proton Station, South-east Artemesia, Wareham, McIntyre, Maxwell, Eugenia Falls, Flesherton and home stable, Markdale.
