An enthusiastic meeting in the interests of Dr. Landerkin was held in Watson's Hall last Thursday evening. The building was packed to the doors by an intensely interested audience. The speakers of the evening were Mr. Davis, Deputy Reeve of Euphrasia; Mr. Wm. Allan, of Egremont; Mr. G. Binnie, Reeve of Glenelg; Mr. Patterson, of Uxbridge; Mr. A. B. McCallum, of Paisley, and Dr. Landerkin. A large contingent from Markdale were present and a few from Durham and Flesherton. The meeting was very orderly throughout. The chief speaker was Mr. McCallum, who gave a rattling address, which was spiced by some very humorous illustrations. Mr. D. McCormack occupied the chair.

The S. O. T. held their annual picnic at Eugenia Falls last Saturday. They were favored with a beautiful day and had a grand time. Dame rumor saith they lost their way when coming home, but we don't believe it. However, we understand they took a roundabout for a short cut.

Last week was noted for picnics. On Wednesday a number of our citizens visited Eugenia Falls under the leadership of Mr. James Watson, and in honor of the latter's guests who were Mr. and Mrs. Stokes of Mount Albert, Mr. O'Strander and Mrs. White of Arthur.

Our Sunday School is progressing under the leadership of Mr. W. McCannel. That is right, every one turn out, it is for your benefit.

There is some talk of a school picnic. Why should we not have one? I am sure the young people would enjoy it.

A Sunday school picnic will be held in Mr. W. Alcorn s bush June 16th. A good time is expected, every one should attend.

Miss J. McKenzie is visiting her uncle, Mr. D. McCannell.

Miss Bella Wilson of Dromore is visiting Miss Eva Booth.

Some of our young folks attended the barn raising of Mr. Malcolm McCannel of Proton last week. We hear the edifice went up well without the aid of some of our boys.

Port Law

We are sorry to note that W. J. White of this locality is not recovering very fast from his illness.

The crops in this section appear to be very backward and uneven on the ground, owing to the great drought and the recent frosts, but rain has came at last and we think in time to save the most of the crops, with the exception of hay, which will be light.

Mr. N. W. Campbell, public school inspector. visited our school one day last week, and judging from the pleasant smile he wore in departing he found every thing in first class shape.

The farmers in this section are busy at present putting in their root crop.

Well Mr. Editor while your correspondent was in conversation with some of the representatives of Osprey township lately he was pleased to see the interest they were taking in the proposed electric railway, as in his opinion there is not a township on the proposed route, from Port Perry to Kincardine that stands more in need of the road than does Osprey. Moreover, by Osprey getting the road we believe Artemesia will derive all the more benefit from it, as we understand this to be the proposed route from Badjeros by McIntyre to Feversham and thence west along the 8 con. to 30 side road in Artemesia, thence north about half a mile, then west over private property to Eugenia on 25 side road, then south on all or part of 25 sideroad to the gravel road, with permission to deviate through private property to a point at or near Flesherton, then on gravel road to Priceville, with the spur line connecting at Eugenia going north by Kimberley to Meaford. We believe, this becoming the line of road, that Eugenia with its great water privileges will become a large manufacturing centre; and the very idea of Eugenia being built up in this way will help to reduce the taxation in this municipality, and other great advantages would be derived from said road. I think it would be well if our municipal council would co-operate with Osprey and try and have the route established or as near as possible, as we think it would be in the interests of the municipalities at large

Mr. Boyce and family have the sympathy of the whole community in their sad bereavement.

Eugenia.

From our own correspondent.

Eugenia and vicinity was visited with a very severe thunder storm on Friday evening last. Mr. George Gordon and Mr. Wallace Armstrong of the 12th con., each had a horse killed by lightning. Mr. Gilliland lost a cow in the same manner. A great many people were slightly stunned by the lightning, which was very severe. The present showery weather will do much good to improve crops, as all sorts of vegetation was suffering from the drought.

The lecture given at the Orange Hall by the Rev. Mr. Dodds, of Mexico, was very highly appreciated. The proceeds amounted to about six dollars.

A meeting in the interest of the electric railway was held here on Saturday evening.
